- (c) Pursuant to the recommendation of the Nomination and Remuneration Committee and subject to Members approval at the ensuing Annual General Meeting, the Board of Directors at its meeting held on 22<sup>nd</sup> October, 2020 have elevated Mr.Giridhar Rajagopalan (DIN: 02391515) as the Deputy Managing Director of the Company for the remaining tenure of his appointment i.e. up to 30<sup>th</sup> June 2022. All other terms of appointment and remuneration of Mr. Giridhar Rajagopalan remain unchanged.
- (d) Details of the above appointment and re-appointment are mentioned in the Notice of the Forty-Fifth Annual General Meeting.

#### 10. POLICY ON DIRECTORS' APPOINTMENT AND REMUNERATION

The Company's policy on Directors' appointment and remuneration and other matters provided in section 178(3) of the Act is posted on the website of Companies at <a href="https://www.afcons.com/sites/default/files/2018-10/NRC%20Policy.pdf">https://www.afcons.com/sites/default/files/2018-10/NRC%20Policy.pdf</a>. Kindly refer to the heading "Nomination and Remuneration Committee" in the Corporate Governance Report for matters relating to constitution, meetings, functions of the Committee and salient features of the Policy.

#### 11. STATEMENT ON EVALUATION OF PERFORMANCE OF DIRECTORS

Pursuant to the provisions of the Act, the Board has carried out the annual performance evaluation of its own performance, Board Committees and that of Individual Directors of the Company. The performance evaluation of the Independent Directors was carried out by the entire Board. The performance evaluation of the Chairman and the Non-Independent Directors was carried out by the Independent Directors. The Directors expressed their satisfaction with the evaluation process.

### 12. DECLARATION FROM INDEPENDENT DIRECTORS

The Board has received declarations from the Independent Directors as per the requirement of section 149(7) of the Act, that there has been no change in the circumstances which may affect their status as independent director during the year and the Board is satisfied that the Independent Directors meet the criteria of independence as mentioned in section 149(6) of the Act.

#### 13. MEETINGS OF BOARD

Six (6) meetings of the Board were held during the financial year. The details of the meetings of the Board, are given in the Corporate Governance Report which forms part of this Annual Report. The intervening gap between the meetings was within the period prescribed under the Act.

### 14. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to the requirement under section 134 of the Act, your Directors hereby state and confirm that:

- in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures;
- ii. the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for that period;
- iii. the Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- iv. the Directors had prepared the annual accounts on a going concern basis; and
- v. the Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

# 15. QUALITY, HEALTH, SAFETY & ENVIRONMENT

The Company firmly believes that the pursuit of excellence is one of the most critical components for a competitive success. With Quality, Health, Safety & Environment being an essential part of the Company's policy, it strives to deliver services by maintaining the highest level of Quality, Health, Safety & Environmental Standards.

The policy of the Company is to conduct its construction business through an established Quality, Health, Safety & Environmental (QHSE) Management System, which aims to achieve customer satisfaction and in the process a continual improvement of Company's competencies and competitiveness.

The Company is certified for ISO 9001:2015 for Quality management System, ISO: 14001:2015 & ISO 45001:2018 for Occupational Health Safety & Environment Management System. All the three systems are well established, documented, implemented and maintained across the Company.

The Company has a commendable record in terms of safety at our various project sites and has received awards as well as appreciation letters from our clients, domestic and international associations, some of which are detailed below:

- British safety Council has issued International Safety Awards for several project sites of the Company.
- ii. The Green Organisation has awarded International Green Apple Award for best Environmental practice on pollution & emission reduction for EPC project in Ivory Cost.
- iii. National Safety Council of India has awarded special Jurry Award (Ati Vishisht Suraksha Puraskar) for Chenab project in Jammu Kashmir.
- iv. National Safety Council (Maharashtra Chapter) has issued appreciation letter for excellence in HSE for Nagpur Metro Reach-2 project and Nagpur Mumbai Super Communication Expressway Pkg-14 project.
- v. Indian Chamber of Commerce has issued Silver Award in the National Occupational Health & Safety award 2020 for Chhara breakwater project.
- vi. Indian Chamber of Commerce has declared Company as winner of the Innovation contest on prevention strategy for COVID 19 for Kolkata Metro Rail Project.
- vii. Global Safety Summit has awarded Safety Award in Industrial construction sector for Pandoh Bypass to Takoli Section & Nagpur Mumbai Super Communication Expressway Pkq-14 project.
- viii. The Royal Society for the Prevention of Accidents has awarded Sliver Award and Confederation of Indian Industry has awarded Best Health and Safety Practice Award for Katra Dharam Bridge Project.
- ix. Confederation of Indian Industry (CII) has awarded Safety, Health & Environment Excellence Awards in Construction Sector for Gopalpur Port Project.

These awards and appreciations letters from client Domestic and International Association are reflections of the strict HSE standards followed at the work site and the commitment of AFCONS' management towards Quality, Health, Safety & Environment.

#### 16. AWARDS AND RECOGNITIONS

During the year, the Company has received several awards and recognitions, some of which are detailed below:

#### 17. AUDITOR AND AUDITOR'S REPORT

#### (a) STATUTORY AUDITORS AND THEIR REPORT

HDS & Associates LLP, Chartered Accountants (ICAI Firm registration no.W100144) ("**HDS**") was appointed as the Joint Statutory Auditors of the Company at the Fortieth Annual General Meeting held on 29<sup>th</sup> September, 2016 for a period of five years till the conclusion of the Forty-Fifth Annual General Meeting. As per the provisions of the section 139 of the Act read with Rules made there under HDS term of five years expires at the conclusion of this Annual General Meeting, HDS has expressed its availability for re-appointment for another term of five years. On the recommendation of the Audit Committee, the Board of Directors at its meeting held on 30<sup>th</sup> June, 2021, has proposed the re-appointment of HDS, as the Joint Statutory Auditors from the conclusion of this Annual General Meeting until the conclusion of Fiftieth Annual General Meeting to be held in the calendar year 2026.

Price Waterhouse Chartered Accountants LLP, Chartered Accountants (ICAI Firm Registration no. 012754N/N500016) ("**PWC**") was appointed as the Joint Statutory Auditors of the Company at the Forty-First Annual General Meeting held on 27th September, 2017 for a period of five years till the conclusion of the Forty-Sixth Annual General Meeting to be held in the calendar year 2022.

PWC and HDS have provided their respective consents, certificates and declarations as required under Section 139 and 141 of the Act and Companies (Audit and Auditors) Rules, 2014.

The Statutory Auditor's Report on the Accounts of the Company for the financial year ended 31<sup>st</sup> March 2021 does not contain any qualifications.

#### (b) SECRETARIAL AUDITORS AND THEIR REPORT

Pursuant to section 204 of the Act, and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 the Company has appointed M/s.Parikh Parekh & Associates, Company Secretaries in Practice to undertake the Secretarial Audit of the Company for the financial year 2020-21. The report of the Secretarial Auditor is enclosed as **Annexure I** to this Report. The Secretarial Audit Report does not contain any qualifications, reservations or adverse remarks.

The Company has complied with the Secretarial Standards as applicable to the Company pursuant to the provisions of the Act.

#### (c) COST AUDITOR

In terms of section 148 of the Act, read with Companies (Cost records and audits) Rules, 2014, as amended, your Company is covered under the ambit of mandatory cost audit.

On the recommendation of the Audit Committee, the Board of Directors has re-appointed M/s. Kishore Bhatia & Associates, Cost Accountant (Firm Registration no. 00294) as the Cost Auditors, to carry out the cost audit for the Company in relation to the financial year from 1st April, 2021 to 31st March, 2022. The Company has received consent from M/s. Kishore Bhatia & Associates for their re-appointment. The members consent is being sought at the ensuing Annual General Meeting for ratification of the remuneration of the Cost Auditor for the financial year 2021-22.

#### 18. INTERNAL FINANCIAL CONTROLS

The Company has in place adequate internal financial controls with reference to financial statements. During the year, such controls were tested and no reportable material weakness in the design or operation were observed.

Your Company has adopted accounting policies which are in line with the Accounting Standards prescribed in the Companies Accounting Standards) Rules, 2006 that continue to apply under section 133 and other applicable provisions, if any, of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and relevant provisions of the Companies Act, 1956, to the extent applicable.

During the year under review, no fraud was reported by the auditors to the Board of Directors.

### 19. TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND (IEPF)

Pursuant to the provisions of section 124 of the Act, read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the Rules") and other applicable provisions if any, the Company is required to transfer the amount of unclaimed/unpaid dividend lying with the Company to Investor Education and Protection Fund ("IEPF") established by the Central Government. Also, the shares in respect of which dividend is unclaimed for 7 consecutive year, is required to be transferred to IEPF Authority.

The Company has been regularly sending communications to Shareholders whose dividends are unclaimed, requesting them to provide/update bank details with RTA/Company, so that the dividends paid by the Company are credited to their account on time. Also, all efforts are been made by the Company in co-ordination with the Registrar to locate the shareholders who have not claimed their dividend.

Despite several reminders to the shareholders vide registered post at their registered postal addresses and also through newspaper advertisements calling upon the shareholders to claim their unclaimed dividends, there were 49 shareholders who didn't claim dividend aggregating to ₹ 34,360/- (Rupees Thirty-Four Thousand Three Hundred and Sixty only) for the financial year 2013-14 and which remained unclaimed for seven years as on 17<sup>th</sup> May 2021. Also, 8 shareholders holding in aggregate 4,700 equity shares (constituting 0.007% of the total equity shareholders) didn't claim dividend for seven consecutive years from the financial year 2013-14. Hence, the aforesaid unclaimed dividend of ₹ 34,360/- and 4700 equity shares have been transferred to IEPF Authority.

Subsequent to the transfer of unclaimed dividend and shares, all corporate benefits accruing on such shares including dividend on such shares shall be credited to IEPF. The concerned equity shareholders can claim their aforesaid unclaimed dividend /shares along with the dividend(s) by making an application to IEPF Authority in accordance with the procedure available on <a href="www.iepf.gov.in">www.iepf.gov.in</a> and on submission of such documents as prescribed under the IEPF Rules.

# 20. PARTICULARS OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

#### (a) Conservation of energy

Whenever you save energy, you not only save money, you also reduce the demand for such fossil fuels as coal, oil and natural gas. Less burning of fossil fuels also means lower emissions of gases such as CO2, CO, HFC etc., the primary contributor to global warming and other pollutants.

- The Company is continuing its effort to convert all sites from fossil power to grid power thereby minimizing the carbon foot print. This has been implemented at sites wherever feasible. The total conversion of fossil power of 71.72 MVA by Grid power of 40.08 MVA is likely to reduce GHG (Green House Gas) emission by 32148 tonnes.
- ii. The steps taken by the Company for utilizing alternate sources of energy NIL
- iii. The capital investment on energy conservation equipment NIL

## (b) Technology absorption

- KWH meter become mandatory in all new and old panels installed at site to monitor energy consumption parameter, this is an ongoing process.
  - Automatic power factor correction panels installed at all sites where grid power is available used for maximum utilization of Energy.
  - ii. At project sites and corporate office, we have started implementing LED light fixtures for Area lighting & office area instead of Fluorescent Light fixtures.
- 2. Imported technology (imported during the last three years reckoned from the beginning of the financial year) NIL

#### (c) FOREIGN EXCHANGE EARNING AND OUTGO (Standalone)

(₹ in crores)

	Current year	Previous year
Earnings	3,609.00	3,805.21
Outgo	3,064.43	3,064.95

#### 21. PARTICULARS OF LOANS GUARANTEES OR INVESTMENTS

The Company is exempt from the provisions of Section 186 of the Act, except sub-section (1) thereof, pertaining to loans, guarantees and securities as the Company is engaged in the business of providing infrastructure facilities. In view of non-applicability of section 186 of the Act, the details required to be made thereunder in the financial statements are not applicable in relation to loan made, guarantee given or security provided. The investments covered under the provisions of section 186 of the Act, are disclosed in the financial statements.

### 22. RELATED PARTY TRANSACTIONS

All related party transactions that were entered during the financial year 2020-21 were on an arm's length basis and were in the ordinary course of business. All related party transactions are placed before the Audit Committee for approval.

In terms of section 134(3)(h) read with section 188(2) of the Act, there are no material related party transactions entered by your Company during the year, that individually or taken together with previous transactions during a financial year, exceed the prescribed limits under Rule 15(3) of Companies (Meeting of Board and its Powers) Rules, 2014, as amended. Accordingly, there being no information to be disclosed in AOC-2 format, the same is not enclosed. The disclosure of related party transactions is made in the financial statements of the Company.

#### 23. EXTRACT OF THE ANNUAL RETURN

The Annual Return of the Company as on 31<sup>st</sup> March 2021 in Form MGT - 7 in accordance with section 92(3) of the Act read with the Companies (Management and Administration) Rules, 2014, is available on the website of the Company at https://www.afcons.com/sites/default/files/2021-08/Form MGT 7%20for%20FY%202020-21.pdf

# 24. VIGIL MECHANISM POLICY

In accordance with section 177(9) of the Act, read with rule 7 of the Companies (Meeting of Board and its Powers) Rules, 2014, the Company has established a Vigil Mechanism Policy to provide a framework for responsible whistle blowing and for adequate safeguards against victimization of persons who use such mechanism. The said vigil mechanism policy is available on the website of the Company at <a href="https://www.afcons.com/sites/default/files/2021-09/Vigil-Mechanism-Policy%20new.pdf">https://www.afcons.com/sites/default/files/2021-09/Vigil-Mechanism-Policy%20new.pdf</a>

# 25. RISK MANAGEMENT

The Company has in place a Risk Management Committee to promote a pro-active approach in reporting, evaluating and resolving risks associated with the business and to ensure sustainable business growth with stability. The Company has formulated and implemented a Risk Management Policy. There is no risk identified which in the opinion of the Board may threaten the existence of the Company.

# 26. CORPORATE SOCIAL RESPONSIBILITY

The Company is committed to conduct business in an economically, socially and environmentally sustainable manner that is transparent and ethical. The Company has framed Corporate Social Responsibility (CSR) Policy. A brief outline of the CSR Policy of the Company and the initiatives undertaken by the Company on CSR activities during the financial year is enclosed as Annexure II to this Report in the format prescribed in the Companies (Corporate Social Responsibility Policy) Rules, 2014. The policy is available on the website of the Company at <a href="https://www.afcons.com/sites/default/files/2021-06/CSR%20Policy%2028.05.2021.pdf">https://www.afcons.com/sites/default/files/2021-06/CSR%20Policy%2028.05.2021.pdf</a>

# 27. DISCLOSURES UNDER SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013

In compliance with the provision of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, the Company has in place policy for protection of the rights of Women at Workplace. An Internal Complaints committee has also been set up to redress complaints received regarding sexual harassment. All employees (permanent, contractual, temporary, trainees) are covered under this policy.

The Company periodically conducts sessions for employees across the organization to build awareness about the Policy and the provisions of Prevention of Sexual Harassment Act. During the year under review, no complaints pertaining to sexual harassment were received by the Company.

#### 28. OTHER DISCLOSURES/REPORTING

- a) No disclosure or reporting is required in respect of the following items as there were no transactions on these items during the year under review:
  - Issue of equity shares with differential rights as to dividend, voting or otherwise.
  - Buyback of shares.
  - Scheme of provision of money for the purchase of Company's own shares by employees or by trustees for the benefit of
    employees.
  - Employee Stock Options Scheme.
  - Invitation or Acceptance of fixed Deposit from public or shareholders.
  - Issue of shares (including sweat equity shares) to employees of the Company under any scheme.
  - Neither the Managing Director nor the Whole-Time Directors of the Company receive any remuneration or commission from any of its subsidiaries.
- b) There are no significant and material orders passed by the regulator or courts or tribunal impacting the going concern and its operation in future.
- c) There is no material change or commitments after closure of the financial year till the date of the report.

#### 29. ACKNOWLEDGEMENT

Your Directors would like to acknowledge with gratitude the continued support and co-operation received by the Company from its Clients, Bankers, Financial Institutions, Government authorities, Employees and its valued Investors.

#### FOR AND ON BEHALF OF THE BOARD OF DIRECTORS

## Annexure I to Boards' Report

#### FORM No. MR-3

#### SECRETARIAL AUDIT REPORT

## FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2021

[Pursuant to section 204 (1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

Afcons Infrastructure Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Afcons Infrastructure Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company, the information to the extent provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the Management and considering the relaxations granted by The Ministry of Corporate Affairs warranted due to the spread of the COVID-19 pandemic, we hereby report that in our opinion, the Company has during the audit period covering the financial year ended on 31st March, 2021, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by the Company for the financial year ended on 31st March, 2021 according to the applicable provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contract (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (Not applicable to the Company during the audit period)
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; (Not applicable to the Company during the audit period)
  - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 and amendments from time to time; (Not applicable to the Company during the audit period)
  - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; (Not applicable to the Company during the audit period)
  - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (Not applicable to the Company during the audit period)
  - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; (Not applicable to the Company during the audit period)
  - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (Not applicable to the Company during the audit period) and
  - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; (Not applicable to the Company during the audit period)
- (vi) Other laws applicable specifically to the Company namely:-
  - 1. Contract Labour (Regulation and Abolition) Act, 1970
  - 2. The Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996
  - Contract Labour (Regulation and Abolition) central rule, 1971

We have also examined compliance with the applicable clause of the following:

Secretarial Standards issued by The Institute of Company Secretaries of India with respect to board and general meetings which have been generally complied by the Company.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, standards etc. mentioned above except that the appointment of Dy. Managing Director and payment of remuneration to him is subject to approval of shareholders.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Notice was given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance for meetings other than those held at shorter notice, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions at the Board Meetings were taken unanimously.

We further report that there are systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines etc.

We further report that during the audit period the following events occurred which had bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc:

The Company has made partial redemption of the following Non-Convertible Debentures ("NCD")

- i. Prepaid ₹ 10 Crore pertaining to 8.60% Unsecured Redeemable Unlisted NCD of ₹ 10,00,000/- each
- Prepaid ₹ 15 Crore pertaining to 8.65%, NCD of ₹ 10,00,000/- each.

#### MANAGEMENT DISCUSSION AND ANALYSIS

#### **GLOBAL ECONOMY: OVERVIEW**

With more than a year of Covid-19 pandemic, there is still widespread uncertainty about the way forward of the pandemic. Countries relying on tourism and commodity exports have been hit strongly due to onset of pandemic. Last year was ravaged by output and employment losses unprecedented in the world, with no country being spared. Around 95 million people are estimated to have fallen below the threshold of extreme poverty in 2020. Covid-19 pandemic continues to deal heavy toll to human lives. Around 40 lakh lives have been lost due to pandemic. Pressure on health infrastructure, elevated levels of unemployment, decline in economic activities have caused extreme social strain. However, due to widespread vaccination across the world, instances and severity of infections is expected to reduce further paving the road of recovery. The world economy is witnessing an exceptionally strong but highly uneven recovery. 2021 has started with both hope and fear – on one hand vaccination, although with varying pace, has started at many countries while on the other hand new waves of infections, resilient and fast spreading mutants forcing authorities to enforce stringent local lockdowns.

IMF projects a strong recovery of global economy in 2021 and 2022. Most economies across the world were impacted in varying degrees due to pandemic thereby contracting the world economy by an estimated 3.3% in 2020. However, with the beginning of vaccination across countries, global economy is bound to be back on the path of growth. Global economy is projected to grow by a record 6% in 2021 and by 4.4% in 2022. Due to the unprecedented policy support by various governments, recession caused by Covid-19 is expected to have lower impact compared to 2008 financial crisis. Government and Central banks across the world had taken several measures to stimulate the economy through various measures like additional fiscal spending, foregone revenues, capital and debt injections with total lending support adding up to \$16 trillion, ~ 15% of world GDP.

Projected recovery varies across countries, primarily based on severity of health crisis, extent of disruptions in local economy, scale of local lockdowns, and effectiveness of policy support to limit continual damage. In advanced economies such as US, Europe, rebound is expected to accelerate in 2<sup>nd</sup> half of 2021 as broader set of nations pursue widespread vaccination and gradually reopen with growth forecasted to 5.1% in 2021 and then moderate to 3.6% in 2022. On the other hand, emerging markets is forecasted to grow by 6.7% in 2021 and 5% in 2022 as the effects of pandemic wane. Emerging Markets and Developing Countries are projected to face a bigger brunt than advanced economies and suffer considerable medium-term losses.

Source: World Economic Outlook Apr 2021, IMF

#### INDIAN ECONOMY: OVERVIEW

Indian economy contracted by 7.3% in FY 2020 – 21 according to National Statistical Office, Ministry of Statistics and Programme Implementation – Government of India. This is the first contraction experienced by India since 1980-81 and the most severe contraction ever since GDP growth data is recorded. First half H1 FY 2020 – 21 witnessed severe contraction of ~ 16% due to severe Covid induced lockdowns implemented to curb spread of pandemic. With the easing of restriction in 2<sup>nd</sup> half of last fiscal year, economy started to show signs of recovery and has grown in last two quarters of last fiscal.

Central and state governments took several policy decisions to support various sectors of economy in the pandemic. The Aatma Nirbhar Bharat Package provided support amounting to ~ 15.7% of GDP including liquidity measures taken by RBI. Policy support and measures provided by central and state governments enabled for a quick turnaround from an unprecedented contraction in Q1 FY 2020-21 to growth in Q3 FY 2020 – 21.

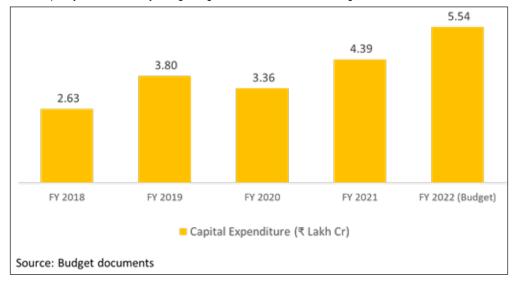

India is expected to grow by 9.5% in FY 2021 – 22 as per RBI projections. Duration of second wave of infections along with its impact, and possibilities of subsequent outbreaks forcing authorities to put in stringent local lockdowns remains the biggest risks to the growth outlook for current financial year.

#### **UNION BUDGET FY 2021 - 22**

The Union Budget for FY 2021 – 22 was the first budget in the recent history which has given significant importance to infrastructure development. Budget highlighted significance of infrastructure development for reviving Indian economy which is battling from Covid-19 jolt. Central government with an eye on economic revival announced several measures to ramp up infrastructure spending. Some of the highlights from the budget include – Setting up of Development Financial Institution, Formulation of Bad Bank, Asset Monetization plans, Enhanced outlay towards capital expenditure. It will be interesting to watch out how all these measures are implemented on the ground level.

Union budget FY 2021 – 22 proposed a sharp increase in capital expenditure to ₹ 5.54 Lakh crores (~ 35% more than last year). FY22 proposed capex is ~ 2.5% of GDP, highest in last 17 years. On top of this, ₹ 2 Lakh crores is allocated to states and autonomous bodies for capital expenditure. This focus on enhanced spending on capital expenditures shows government's intent in investing in raising the overall productive capacity of the economy and guiding India towards a sustainable growth.

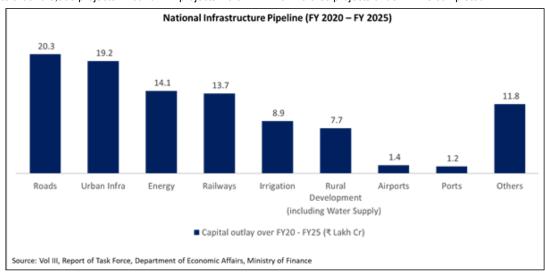

Funding gap in infrastructure projects in India is a key concern and is a prominent challenge in fulfilling targets of National Infrastructure Pipeline (NIP). Government has rightly acknowledged this issue and took several steps to bridge financing gap in infrastructure development.

Setting up of a new, professionally managed Development Financial Institution (DFI) is a right step in this direction. DFI is expected to act as a provider, enabler and catalyst for infrastructure financing. DFI, with initial paid-up capital of ₹ 20,000 crores and a target of lending to ₹ 5 Lakh crores of infra projects over next three years, will play a key role in providing long term debt financing for infrastructure projects under NIP. Budget has proposed Asset Monetization measures to raise resources for investments in new infrastructure projects. A 'National Monetization Pipeline' of potential brownfield infrastructure assets is proposed to be launched. An Asset Monetization dashboard will also be created for tracking the progress and to provide visibility to investors. Few InvITs are already in pipeline like ₹ 5,000 crores NHAI InvIT, ₹ 7,000 crores PGCIL InvIT. Government also plans to monetize Dedicated Freight Corridors (DFCC) for operation and maintenance, airports in Tier 2 and Tier 3 cities, Oil & Gas pipelines of GAIL, IOCL, HOCL, warehousing assets. To augment foreign funds in infrastructure projects, budget relaxed conditions for 100% tax exemption on interest income received from Indian infrastructure projects on investments made by foreign Sovereign Wealth Funds and Pension Funds. Notified Infrastructure Debt funds have been allowed to raise funds through issuance of Zero-Coupon Bonds, which will further act as alternative financing schemes for infrastructure projects.

Budget FY 2021 – 22 has proposed for setting up of an Asset Reconstruction Company Limited and Asset Management Company. These entities would help banks to clean up their balance sheets by taking over stressed assets from banks. Construction sector is one of the top segments within industries which has significant share of NPA and stressed accounts (as per RBI). NPAs and distressed infrastructure assets could be transferred off from the banks to the Asset Reconstruction Company.

#### National Infrastructure Pipeline (FY 2020 - FY 2025)

Government of India launched the National Infrastructure Pipeline in Aug 2020 mapping all infrastructure opportunities, both greenfield and brownfield, expected to be developed over FY 2020 − FY 2025. NIP was launched with 6835 projects and currently the project pipeline is expanded to around 8,000 projects. Around 217 projects worth ₹ 1.1 Lakh crores projects under NIP is completed.

#### INDIAN CONSTRUCTION INDUSTRY: STRUCTURE AND DEVELOPMENT

Construction industry in India contributes a significant ~ 7% to overall GDP and is one of biggest employer in the country. As per Fitch Solutions, Indian construction industry contracted by estimated 3% last year on account of lockdowns imposed across the country due to Covid-19 pandemic. For most part of 2020, many construction companies in India were facing labour shortages challenge and severe supply chain disruptions. However, after a year of contraction, construction sector is forecasted to recover and grow by 7.8% in 2021. In the long term, construction industry is expected to grow by an average of 6+% per year from 2021 to 2030 as per Fitch Solutions.

#### SURFACE TRANSPORT

#### Roads

Despite Covid-19 induced lockdowns, highways witnessed record construction. Around 13,298 km of highways were constructed in last fiscal, ~ 36.4 km of highways constructed every day.

# National Highways: Award & Construction

Source: Ministry of Road Transport & Highways (MoRTH)

NHAI: FY 2020 - 21 Highlights

Projects Awarded in FY 2020 – 21	вот	EPC	НАМ
No. of projects	2	70	69
Total length (km)	132	2,047	2,609

Roads and Highways has seen consistent increase in budget allocation over last several years. Union budget FY 2021 – 22 has allocated Ministry of Road Transport and Highways (MoRTH) a record amount of ₹ 1.18 lakh crores. Government has planned several economic corridors like Madurai-Kollam corridor, Mumbai-Kanyakumari corridor, Delhi-Dehradun economic corridor.

National Highways Authority of India (NHAI) is planning to award highway projects worth ~ ₹ 2.25 Lakh crores of a total length of approximately 5,000 km in FY 2021 – 22. In current fiscal year, HAM is expected to be favourable mode of project award, followed by EPC.

#### Railways

Budget FY 2021 – 22 has allocated an enhanced outlay of ₹ 1.07 Lakh crores for Railway capex. New dedicated rail freight corridors like East Coast corridor, East-West Corridor and North-South corridor will further open opportunities for construction companies in Railway sector. 100% electrification of broad-gauge routes is expected to be completed by 2023.

For preparing a future ready railway system by 2030, Indian Railways has prepared a National Rail Plan for India 2030. Objective of this plan is to create capacity ahead of demand, so much as to even cater the demand up to 2050 and increase Railways share in freight traffic to 45%. As part of National Rail plan, Vision 2024 has been launched for accelerated implementation of certain critical projects by 2024 such as 100% electrification, multi-racking of congested routes, upgradation of speed on certain key rail routes like Delhi – Mumbai, Delhi – Howrah, Golden Quadrilateral – Golden Diagonal (GQ/GD) and elimination of all level crossings on all GQ/GD routes.

### **URBAN INFRASTRUCTURE**

Central and state governments have made metro rail system as an important measure to decongest urban centres. Around 700 km of metro rail is operational and additional ~ 1,000 km of metro and rapid rail is under construction in 27 cities in India. Central government has announced two new technologies – MetroLite and MetroNeo. These newer technologies will be deployed at Tier-2 cities and peripheral areas of Tier-1 cities and will provide same experience as traditional metro rail systems but at lower costs.

Union budget FY 2021 – 22 has provided funding for Kochi Metro Railway Phase-II, Chennai Metro Railway Phase-II, Bengaluru Metro Railway Project Phase 2A and 2B, Nagpur Metro Rail Project Phase-II and Nashik Metro.

#### **MARINE & INDUSTRIAL**

Ports are integral to India's trade and commerce with maritime transport handling around 70% of total India's trading volumes. Government of India passed Major Port Authorities Bill, 2020 which aims at reorienting governance model in central ports to landlord port model, which is in line with successful global practice. This bill will empower major ports to perform with greater efficiency on account of full autonomy in decision making and modernizing institutional framework of major ports.

Sagarmala initiative undertaken by Central government is focused on ports development/ modernisation including ports mechanisation, draft enhancement, and new terminal development. Promoting environment friendly Inland waterways and developing it is as a preferred mode of freight transport is also on the agenda.

#### **HYDRO & UNDERGROUND**

Hydro power is emerging as a renewable power source for India as an effective alternative to diversify energy mix. As per International Energy Association (IEA), between 2021 and 2025, Asia will account for 43% of new hydropower capacities in the world and India will be a key contributor in Asia. India has recently overtaken Japan as the world 5th largest hydropower producer with installed capacity at over 50 GW.

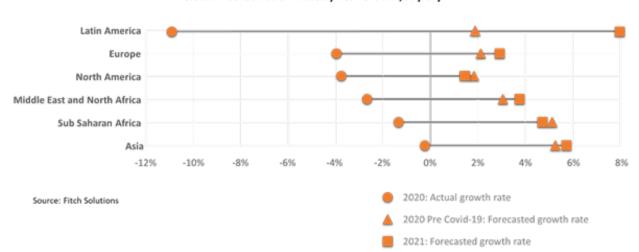

Government has launched Jal Jeevan Mission with an objective to provide functional tap water and safe drinking water to every household in rural India by 2024. Various projects under this scheme includes providing water supply infrastructure for tap water connection to every household and reliable water source development/ augmentation of existing sources in villages. According to National Infrastructure Pipeline (NIP), capital expenditure of ∼₹ 3.6 Lakh crores is estimated to be incurred over FY 2020 − FY 2025 on supplying safe drinking water to every rural household under Jal Jeevan Mission (Rural) initiative of central government.

#### OIL & GAS

India has taken a target to reduce import dependency on oil by 10% by 2022. Government has proposed a detailed action plan to boost oil and gas production of state-run Oil and Natural Gas Corporation (ONGC). This includes hiving off non-core businesses into separate companies, monetising existing infrastructure, decentralisation of decision-making on operational matters and partnerships with private energy majors. Capacity additions in both brownfield and greenfield refineries are expected to almost double India's existing oil refining capacity over ten years.

#### **GLOBAL CONSTRCUTION INDUSTRY**

Global construction sector after contracting by estimated 2.5% in 2020, is projected to grow by 4.1% in 2021 – fastest growth seen in over 20 years. Global construction industry is expected to continue to benefit from vaccine rollout and various measures taken by governments across the world to stimulate economy and support provided to the sector.

Global - Construction Industry Real Growth, % y-o-y

Transport infrastructure is expected to be a key focus of infrastructure development in Sub-Saharan Africa. Across the countries, governments are planning to overcome a significant gap in transport infrastructure access and quality of infrastructure assets. Roads, Railways, and ports will be primary focus of investment. Many countries in Sub-Saharan Africa have considerable water infrastructure needs and water stress as there are limited sources of freshwater. Sourcing freshwater for drinking purpose of general public and for industrial use remains a key challenge for many countries. Several landlocked countries like Zimbabwe, Botswana relies on building long distance water pipelines to provide safe water for public purpose and industrial use. Countries that have coast are focused on building desalination plants to satisfy their water needs.

#### **BUSINESS OVERVIEW**

Afcons bagged new projects worth ₹ 7,800 crores in FY 2020–21. In addition to this, there are ₹ 3,360 crores of L1 orders. Pending order book position of company as on 31st March 2021 stands at ₹ 29,608 crores (including above L1 orders of ₹ 3,360 crores).

Competitive intensity continued to rise in domestic market. Number of companies participating in tenders increased and several tenders witnessed intense underbidding compared to client estimates. While this may pose challenges on profitability of the Company in future, today it poses a challenge for bagging the job at the right price. Afcons is recognized as a credible construction company in international markets. Afcons is ranked 7th largest international marine and port facilities contractor and 13th largest Bridge contractor in the world as per ENR's (Engineering News-Record, USA) 2020 Top International Contractors Rankings. Existing pending order book provides Afcons with a revenue visibility for next 3 years. Afcons projects are well spread across countries – India, Africa, Middle East, South Asia. Even in India, projects are located across different states. Afcons businesses are managed across business units and sub-segments, the projects are diversified and there is no dependence on one geography or a single business unit.

At the core of its strategy, the Company aims to become a Knowledge Enterprise. On its journey towards becoming a Knowledge Enterprise, Afcons has made substantial progress. Afcons won the MIKE (Most Innovative Knowledge Enterprise) award for three levels – Global, Asia and India in 2020 as well. This is the fifth successive year when Afcons has won this prestigious award at all three levels – MAKE award (Most Admired Knowledge Enterprise, now discontinued and followed by MIKE award) in 2016 & 2017 and MIKE award in 2018, 2019 & 2020.

#### **RISK AND CONCERNS**

#### A. Global Events

- Uncertainly surrounding the duration and impact of Covid-19 pandemic. Subsequent waves of infections and outbreaks necessitating local lockdowns can hamper operations.
- Diversion of funds from infrastructure projects towards prioritized segment like social infrastructure, health infrastructure.
- Substantial rise in key raw material prices.
- Preference towards localization and favoring local companies can result in discouraging award of new projects to foreign companies.
- Disruption of global supply chain.
- Implementation of protectionist policies and waning of globalization can impact international trade and raise artificial barriers.
- Lockdowns and ban on air transport, nationals from certain countries can pose challenges in manpower mobilization and talent crunch.

#### B. Domestic Events

- Subsequent waves of covid-19 and lockdown measures can significantly derail economic recovery.
- Future events of virus outbreaks can lead to lockdown and stoppage of operations.
- · Continued aversion by banks and financial institutions for lending towards EPC companies.
- Non-release of blocked up funds with government clients on account of arbitration.
- Substantial hike in the rise of several key raw material like steel, cement can impact bottom line as complete escalations are not covered.
- Prioritizing of health infrastructure and social infrastructure to fight pandemic could result in diversion of funds allocated towards infrastructure sector, especially at state level.
- Disruption of supply chain and logistical challenges.
- Shortage of skilled and semi-skilled labour at construction sites due to large scale labour migration. In the short to medium terms
  margins can fall with rise in labour costs.

#### OUTLOOK

Covid-19 pandemic continues to pose severe challenges to all businesses and fresh waves of infections is a major risk in current fiscal. With the increased scope and wider access of vaccination across all states in India and other countries, there is healthy optimism and operations are expected to gradually return to normalcy. Government has undertaken strong measures to focus on infrastructure development to revive economy and construction sector is expected to play major role in boosting economy.

In the current year, Afcons will work with utmost priority to chart growth plan and maintain focus on operations to deliver projects ahead of schedule or on time. Afcons would continue its strategy to expand in overseas markets and would further strive to increase international operations. The Company would continue its journey on becoming a Knowledge enterprise.

The Company is confident to weather the storm of Covid-19 and post decent results even in such challenging times.

#### INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACIES

The Company is maintaining an effective system of internal control for facilitating accurate, reliable and speedy compilation of financial information, safeguarding the assets and interests of the Company and ensuring compliance with all laws and regulations. The internal control system is managed through continuous internal audit by external professionals who conduct audits of Project sites of the Company throughout the year to test the adequacy of the internal systems and suggest continual improvements. All significant audit observations and follow up actions are reported to the Audit Committee along with Internal Audit reports and managements responses/replies thereon. The operational control exists through well laid out system of checks and balances and hierarchy of reporting from site level to central management groups to the senior management and the Directors.

#### **HUMAN RESOURCES DEVELOPMENT**

The Company continues to excel in the field of Human Capital management with unique practices in the Infrastructure Industry. The Company strives to achieve the highest levels of employee engagement with multiple focussed initiatives towards effective training and development of employees at various levels. The healthy status of the Company's human capital is evident from the trend analysis of achievement, higher productivity with stable employee numbers and low attrition rate vis-a-vis industry competitors.

Our HR policy derives its mission statement from the Company and focuses on:

- Transnational Presence: The Afcons family presently comprises employees from 20+ nationalities at our projects in more than 13 countries. We believe in equal opportunity and gender equality. We strive to be an equal opportunity employer and at present, your Company employs more than 110 local women in overseas projects which is a rarity in the infrastructure industry.
- Innovation: We are fully equipped for the next level of Human Capital requirement with the digitisation of all processes in an employee lifecycle, starting from recruitment to separation.
- Value Creation: We strive to align employees with the strategy & goals of the organization. With unique employee engagement initiative, employees are enlightened about the strategic direction of the organization and aligned with the organization's DNA.
- Stakeholders: Afcons and Afconians proactively and selflessly participate in community engagement activities. Many initiatives have been taken to boost employee morale & engagement like monthly project magazine Anubandh and Wall-Of-Unity at all projects. We boast of a healthy organic follower base (more than 2,00,000) on social media platforms like LinkedIn and YouTube due to a meaningful and enriching experience.

Our efforts towards Human Capital management have been widely appreciated in the infrastructure industry, which is evident from various awards, recognitions conferred on the Company. We continue to aspire to provide employees a professional, congenial, and safe work environment with opportunities for personal growth and development. We aspire to innovate and become a strong and positive influence offering a wholesome experience to everyone in the Afcons family.

## **CAUTIONARY STATEMENT**

The statement in Management Discussions and Analysis describing the Company's operations and expectations are "forward looking statements". Actual results may differ owing to environmental dynamics.

#### REPORT ON CORPORATE GOVERNANCE

#### I. CORPORATE GOVERNANCE PHILOSOPHY

The Corporate Governance philosophy stems from our belief that corporate governance is a key element in improving efficiency and growth. The Company is committed to sound corporate practices based on conscience, openness, fairness, professionalism and accountability in building confidence of its various stakeholders in it thereby paving the way for its long term success.

#### INDEPENDENT AUDITOR'S REPORT

To the Members of Afcons Infrastructure Limited Report on the audit of the Standalone financial statements

#### Opinion

- 1. We have audited the accompanying standalone financial statements of Afcons Infrastructure Limited ("the Company"), which includes 20 branches at Mauritius, Liberia, Bangladesh (2), Ghana, Zambia, Bhutan, Jordan, Bahrain, Kuwait, Saudi Arabia, Mozambique, Mauritania, Oman, Abu Dhabi, Qatar, Indonesia, Iraq, Tanzania and Gabon and 14 jointly controlled operations consolidated on proportionate basis (refer Note 2 to the attached standalone financial statements), which comprise the balance sheet as at March 31, 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").
- 2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

#### Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 14 of the Other Matters section below, other than the unaudited financial statements/ financial information as certified by the management and referred to in paragraph 15 of the Other Matters section below is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of Matter**

- 4. We draw attention to the following matters:
  - a) Note 46 to the standalone financial statements which describes the management's assessment of the impact of the outbreak of Coronavirus (Covid-19) on the business operations of the Company. The Company believes that no additional adjustments are required in the standalone financial statements, however, in view of various preventive measures taken (such as complete lock-down including travel restrictions) and highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve.
  - b) Note 40 of the standalone financial statements, regarding delay in recovery of ₹ 181.99 Crores and ₹ 3.62 crores from a customer which are disclosed under note 8 'Contract assets' and note 5 'Trade receivables" respectively, which are dependent upon finalisation of arbitration award in favour of the Company. In addition, the Company has preferred two claims in respect of the same project as mentioned in the note.
  - c) Note 36 (b) of the Standalone financial statements, regarding delay in recovery of advances of ₹ 189.98 Crores from Afcons Gunanusa Joint Venture (a jointly controlled operation) in respect of a project which is dependent upon finalisation of arbitration award in favour of the jointly controlled operation.
  - d) Audit report on the Standalone financial statements of Transtonnelstroy Afcons (a jointly controlled operation) issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"We draw attention to Note 32 to the Financial Statements, which describes the uncertainties relating to the outcome of the negotiation/arbitration/ Dispute Adjudication Board proceedings in respect of variations recognised by the joint venture in current and earlier years, on account of cost overruns due to unforeseen geological conditions, delays in handing over of land, change in scope of work, etc

Based on the Management's estimates of the timing and amount of recoverability, which is supported by technical evaluation, the amounts recognised as amount due from customers under construction contract as stated above are considered as good and fully recoverable by the management.

Our opinion is not modified in respect of this matter."

Note 32 as described above is reproduced as note 37 (a) to the Standalone Financial Statements.

Further, in respect of the matter emphasized above, we draw attention to Note 37 (b) of the standalone financial statements, regarding delay in recovery of receivable amount of ₹ 959.91 Crores from Transtonnelstroy Afcons (the Jointly controlled operation) in respect of the project, which is dependent upon finalization of arbitration award in favour of the jointly controlled operation.

- e) Audit report on the Standalone financial statements of Afcons Zambia branch issued by an independent firm of auditors vide its report dated May 27, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:
  - "We draw attention to Note 23 of the financial statements which indicates the impact of Covid-19.

In January 2020, the World Health Organisation declared COVID -19 to constitute a "Public Health Emergency of International Concern." Since then, more cases have been diagnosed, also in other countries.

On 11 March 2020, the World Health Organisation (WHO) announced that the coronavirus outbreak can be characterised as a pandemic and many governments have introduced various measures to combat the outbreak, including travel restrictions and quarantines. The pandemic has resulted in some businesses closing and others performing lower than the budget and lockdown of certain areas.

Given the uncertainty of the situation, the duration of any business disruption and related financial impact cannot be reasonably estimated at this time. Our opinion is not modified in respect of this matter"

Note 23 as described above is reproduced as note 46 .1 (a) to the Standalone Financial Statements.

f) Audit report on the financial statements of Afcons Vijeta PES Joint Venture, Afcons JAL Joint Venture and Afcons Vijeta Joint Venture issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"We draw attention to Note 24 to the Ind AS Financial Statements as regards to the management evaluation of COVID - 19 impact on the future performance of the Joint Venture. Our opinion on the financial statements is not modified in respect of the above matter."

Note 24 as described above is reproduced as note 46 .1 (b) to the Standalone Financial Statements.

g) Audit report on the financial statements of Afcons Sibmost Joint Venture, Afcons SMC Joint Venture and Afcons Infrastructure Limited and Vijeta Projects and Infrastructures Limited Joint Venture issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"We draw attention to Note 24 to the Ind AS Financial Statements as regards to the management evaluation of COVID – 19 impact on the business operations and future performance of the Joint Venture. Our opinion on the financial statements is not modified in respect of the above matter.

Further, our attendance at the physical inventory verification done by the management was impracticable under the current lock-down restrictions imposed by the government and we have therefore, relied on the related alternative audit procedures to obtain comfort over the existence and condition of inventory at year end."

Note 24 as described above is reproduced as note 46 .1 (c) to the Standalone Financial Statements.

h) Audit report on the financial statements of Afcons Sener LNG Construction Projects Private Limited issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"Material uncertainty related to going concern

We draw attention to Note 19 to the standalone financial statements regarding, the company having incurred significant operational losses since earlier years whereby it's net worth has been completely eroded. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said Note."

Note 19 as described above is reproduced as note 46 .2 (a) to the Standalone Financial Statements.

i) Audit report on the Standalone financial statements of Afcons Infrastructure Ltd- Kuwait Operations branch issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"Kuwait is considered a branch of the company, and its financial statements are consolidated with those of the company. The financial statements have been prepared on the basis of accounting policies applicable to a going concern, presuming that funds will be available to finance future operations, and that realization of assets and settlement of liabilities and commitments will occur in the ordinary course of business.

The outbreak of the Coronavirus -The COVID-19 epidemic; has significantly impacted businesses around the world and led to disruption of businesses and economic activity.

As informed to us, the operations of the branch were partially impacted, following lockdown, nonetheless, the branch resumed operations in a phased manner and has been able to continue its operations till the year end. Based on written representations, the Management is closely monitoring the impact the COVID-19 pandemic on all aspects of its operations including significant accounting judgements and estimates, inter-alia including its liquidity position, recoverability/carrying values of its trade receivables and contract assets as at balance sheet date, and has evaluated and assessed the impact and future uncertainties resulting from Covid-19 based on internal and external sources of information including, discussions and views from experts and industry participants, market estimates, etc. based on the information available till the date of approval of these financial statements.

The management expects that the carrying amount of its assets as reflected in the Balance Sheet as at March 31, 2021 will be recovered. However, the impact assessment of COVID19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the actual impact on the business operations, may be different from that estimated as at the date of approval of these financial statements. The Management has confirmed that it will continue to monitor developments to identify significant uncertainties and material changes in future periods that may have an impact on the operations of the branch."

Our opinion is not modified in respect of the above matters.

#### **Key Audit Matters**

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Key audit matter

# Estimation of contract cost and revenue recognition

(Refer note 1.B.3 and 22 to the standalone financial statements)

The Contract prices for engineering, procurement and construction contracts, which usually extend over a period of 2-3 years are fixed / subject to price variance clauses.

The contract revenue is measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion.

This method requires the Company to perform an initial assessment of total estimated cost and further, reassess the total construction cost at each reporting period to determine the appropriate percentage of completion.

We considered the estimation of construction contract cost as a key audit matter given the involvement of significant management judgement which has consequential impact on revenue recognition.

#### How our audit addressed the key audit matter

Our procedures over the recognition of construction revenue included the following:

- Understood and evaluated the design and tested operating effectiveness of key internal financial controls, including those related to review and approval of estimated project cost and review of provision for estimated loss by the authorised personnel.
- For sample of contracts, we obtained the percentage of completion calculations, agreed key contractual terms back to signed contracts, tested the mathematical accuracy of the cost to complete calculations and re-performed the calculation of revenue recognized during the year based on the percentage of completion.
- For costs incurred till date, we tested samples to appropriate supporting documentation and performed cut-off procedures.
- To test the forecasted cost to complete, we obtained the breakdown
  of forecasted costs and tested elements of the forecast by obtaining
  executed purchase orders and agreements, evaluating reasonableness
  of the assumptions underlying management's judgements (including
  those related to contract performance under the lockdown and other
  restrictions imposed by government), using past trends and comparing
  the estimated costs to the actual costs incurred for the similar completed
  projects.
- Checked the appropriateness of disclosures made in the standalone financial statements pursuant to requirements of applicable accounting standards.

Based on the procedures performed above, we considered manner of estimation of contract cost and recognition of revenue to be reasonable.

## Key audit matter

# Valuation of contract assets and accounts receivable in view of risk of credit losses

(Refer to Note 5 and 8 to the standalone financial statement)

Accounts receivables and contract assets amounting to ₹2,839.46 crores and ₹3,825.91 crores respectively (including retention receivables) are significant item in the Company's standalone financial statements as at March 31, 2021 and assumptions used for estimating the credit loss on receivables and contract assets is an area which is influenced by management's judgment.

The Company makes an assessment of the estimated credit losses basis credit risk, project status, past history, latest discussion / correspondence with the customer.

The Company has a concentration of credit exposure on certain customers, which include government and private organisations as well where there are delays in collections due to various reasons. The management has assessed the appropriateness of provisions recognised on receivables and contract assets, basis factors such as the credit risk of the customer, status of the project, discussions with the customers and contractual terms. This involves significant judgement.

Given the relative significance of these receivables/ contract assets to the standalone financial statements and the nature and extent of audit procedures involved to assess the recoverability of receivables/contract assets, we determined this to be a key audit matter.

## How our audit addressed the key audit matter

Our audit incorporated the following procedures with regard to accounts receivables and contract assets;

- Understood and evaluated the accounting policy of the Company for provisioning against expected credit losses.
- Evaluated the design and tested the operating effectiveness of key controls in relation to determination of expected credit losses and provisioning against the same.
- Inquired with senior management regarding status of collectability of the receivable / contract assets.
- Held discussions with the audit committee on the basis of provision against significant and long outstanding balances.
- Reviewed the correspondence with customers to assess recoverability of the receivables.
- Perused the chartered engineer reports obtained by the management in respect of status of various on-going projects, to assess the validity of Company's claims.
- Perused the legal opinions obtained by the management to assess the recoverability of claims in respect of disputed matters, and with the involvement of auditor's experts assessed the adequacy and necessity of provision against the receivables.
- Assessed appropriateness of the underlying information used by the Management to determine the expected credit losses by considering credit risk of the customer, cash collection, performance against historical trends, status of projects and the level of credit loss charges over time:

Based on our procedures as stated above, no significant deviations were observed in respect of management's assessment of valuation of accounts receivables and contract assets.

#### **Other Information**

- 6. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Board report but does not include the financial statements and our auditor's report thereon. The Board report is expected to be made available to us after the date of this auditor's report.
  - Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the Board report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations.

#### Responsibilities of management and those charged with governance for the standalone financial statements

- 7. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- 8. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's responsibilities for the audit of the standalone financial statements

- 9. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
- 10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and
    perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis
    for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error,
    as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the
    circumstances under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company
    has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such
    controls.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
  - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and
    whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair
    presentation.
  - Obtain sufficient appropriate audit evidence regarding the financial statement/information of the branches and jointly controlled
    operations or business activities within the Company to express an opinion on the standalone financial statements. The other
    Branches or Jointly controlled operation included in the Standalone financial statements, which have been audited by other
    auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them.
     We remain solely responsible for our audit opinion.
- 11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other Matter

- 14. We did not audit
  - i) financial statements/ financial information of 1 branch and 14 jointly controlled operations included in the standalone financial statements of the Company, whose financial statements (before eliminating intercompany transactions) reflect total assets of ₹ 2,519.32 Crores and net liabilities of ₹ 177.17 Crores as at March 31, 2021, total revenue of ₹ 1,019.49 Crores, total comprehensive loss (comprising of net loss and other comprehensive loss) of ₹ 268.87 Crores and net cash outflows amounting to ₹ 1.90 Crores for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management, and our opinion on the standalone financial statements (including other information) to the extent they have been derived from such standalone financial statements is based solely on the report of such other auditors.
  - ii) financial statements/ information of 6 branches included in the standalone financial statements of the Company, whose financial statements (before eliminating intercompany transactions) reflect total assets of ₹ 1,694.63 Crores and net assets of ₹ 1,395.70 crores as at March 31, 2021, total revenue of ₹ 2,390.55 Crores, total comprehensive income (comprising of net profit and other comprehensive income) of ₹ 532.90 crores and net cash flows amounting to ₹ 12.09 Crores for the year then ended.
    - These financial statements/financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and have been audited by other auditors under generally accepted auditing standards applicable in their respective countries whose reports have been furnished to us by the Management, and our opinion on the Statement insofar as it relates to the amounts and disclosures included in respect of these branches is based solely on the reports of the other auditors. The Company's management has converted the financial statements of such branches from the accounting principles generally accepted in their respective countries to comply with the accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such branches located outside India, is based on the report of other auditors and the conversion adjustments prepared by the management of the Company and audited by us.
- 15. We did not audit the standalone financial information of 13 Branches included in the standalone financial statements of the Company, whose financial statements (before eliminating intercompany transactions) reflect total assets of ₹ 701.30 Crores and net assets of ₹ 717.95 Crores as at March 31, 2021, total revenue of ₹ 180.09 Crores, total comprehensive income (comprising of net profit and other comprehensive income) of ₹ 9.52 Crores and net cash flows amounting to ₹ 38.67 Crores for the year then ended. The unaudited financial information have been provided to us by the management, and our opinion on the standalone financial statements of the Company to the extent they relate to these branches and jointly controlled operations is based solely on such unaudited financial information furnished to us.
- 16. Audit report on the financial statements of Bhutan Branch issued by an independent firm of chartered accountants vide its report dated May 31, 2021 includes Other matter paragraph which is reproduced by us as under:
  - "Covid-19 Limitation Clause
  - The audit has been conducted remotely with documents obtained electronically from the client due to restriction in physical movement by the auditor and the audit team for lockdown state imposed by the government of both India and Bhutan due to Covid-19 pandemic Hence, our opinion expressed in the present report is based on limited information, facts and information made available to us through electronic means by the management of the Company. However, we have exercised all the requirement audit procedures prescribed by the ICAI's standards on Auditing and the guidelines issued by AASB-ICAI in relation to audit reporting amid Covid-19 pandemic."
- 17. Our opinion on the Standalone financial statements, and our report on Other Legal and Regulatory requirements below is not modified in respect of above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

#### Report on other legal and regulatory requirements

- 18. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 19. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and records and reports of other auditors.
  - (c) The reports on the accounts of the branch offices of the Company audited under Section 143(8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report.
  - (d) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Cash Flow Statement dealt with by this Report are in agreement with the books of account and with the returns received from the branches not visited by us.
  - (e) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.

- (f) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations as at March 31, 2021 on its financial position in its standalone financial statements Refer Note 30, 36, 37, 39, 40 and 41 to the financial statements;
  - ii. The Company has made provision as at March 31, 2021, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts Refer Note 18 to the standalone financial statements. Further the Company did not have any material foreseeable losses on derivative contracts as at March 31, 2021.
  - iii. There have been no delays in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2021.
  - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2021.
- 20. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

#### Annexure A to Independent Auditors' Report

Referred to in paragraph 19(g) of the Independent Auditors' Report of even date to the members of Afcons Infrastructure Limited on the standalone financial statements for the year ended March 31, 2021

# Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to standalone financial statements of Afcons Infrastructure Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date, which includes the internal financial control over financial reporting of the Company's 20 branches.

## Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

## Auditors' Responsibility

- 3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
- 5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

# Meaning of Internal Financial Controls with reference to standalone financial statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements

#### Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

8. In our opinion, the Company including its branches has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. Also Refer paragraph 4 (a) of main audit report.

#### Other Matter

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to standalone financial statements insofar as it relates to the 4 branches of the Company, is based on the corresponding reports of the auditors of such branches of the Company. Our opinion is not qualified in respect of this matter.

## Annexure B to Independent Auditors' Report

Referred to in paragraph 18 of the Independent Auditors' Report of even date to the members of Afcons Infrastructure Limited on the standalone financial statements as of and for the year ended March 31, 2021

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
  - (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
  - (c) The title deeds of immovable properties, as disclosed in Note 3 on fixed assets to the standalone financial statements, are held in the name of the Company.
- ii. The physical verification of inventory have been conducted at reasonable intervals by the Management during the year. The discrepancies noticed on physical verification of inventory as compared to book records were not material and have been appropriately dealt with in the books of accounts.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, the Company is engaged in providing infrastructural facilities as specified in schedule VI of the Act and accordingly, the provisions of Section 186, except sub section (1), of the Act are not applicable to the Company. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186(1) of the Companies Act, 2013 in respect of the loans and investments made it. Also refer note 38 of the standalone financial statements.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products.
  - We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues, including provident fund, income tax, professional tax and goods and services tax, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including employees' state insurance, duty of customs, with the appropriate authorities. Also refer note 30 to the standalone financial statements regarding management's assessment on certain matters relating to provident fund.
  - Further, for the months April, 2020 and May, 2020, the company has paid Goods and Service Tax and filed GST 3B after the due date but within the timelines allowed by Central Board of Indirect Taxes and Customs, under Notification No. 31/2020 and Notification No. 36/2020 dated April 3, 2020 on fulfilment of conditions specified therein.
  - (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of goods and service tax, which have not been deposited on account of any dispute. The particulars of dues of income tax, sales tax, service tax and value added tax as at March 31, 2021 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ In lacs)	Period to which the amount relates	Forum where the dispute is pending
Local Sales Tax Acts applicable in respective States (West Bengal, Andhra Pradesh, Tamilnadu and Madhya Pradesh)	Sales Tax	55.11	FY 1985 to 1990 and 1992 to 1999	Appellate Authority – up to Commissioner's level
Local Sales Tax Acts applicable in respective States (West Bengal and Andhra Pradesh)	Sales Tax	0.28	FY 1987 to 1989 and 1997 to 1998	Appellate Authority – Tribunal Level
Local Sales Tax Acts applicable in respective States (Orissa)	Sales Tax	30.63	FY 1999 to 2000	At High court
Value Added Tax Acts applicable in respective states (Delhi, Karnataka, Madhya Pradesh, Maharashtra, Orissa, Uttar Pradesh and West Bengal, Telangana)	Added Tax	398.36	FY 2004 to 2005, 2007 to 2009 and 2012 to 2017	Appellate Authority – up to Commissioner's level
Central Sales Tax (Telangana)	Central Sales Tax	30.67	FY 2017 to 2019	Yet to be appealed
The Finance Act 1994	Service Tax	12,639.58	Financial Years 2007 to 2018	Appellate Authority – Tribunal
The Income Tax Act, 1961	Income Tax	2,086.35	Financial Years 2011 to 2015	Appellate Authority – Tribunal

Note: For above purpose, only statutory dues payable in India have been considered

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any bank or dues to debenture holders as at the balance sheet date. Further, as the Company does not have any loans or borrowings from Government and financial institutions as at balance sheet date, the provisions of Clause 3(viii) of the order, to the extent, are not applicable to the Company.
- ix. The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans. Accordingly, the provisions of Clause 3(ix) of the Order are not applicable to the Company.
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act.

  The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021

# Note 1: General information

Afcons Infrastructure Limited (the "Company" or "Afcons") is a limited company incorporated in India. Its parent company is Shapoorji Pallonji Company Private Limited.

The address of its registered office is "Afcons House", 16 Shah Industrial Estate, Veera Desai Road, Andheri (West), Mumbai 400 053 and principal place of business is Mumbai, India. The principal activity of the Company and its subsidiaries and control operations (the "Company") are infrastructure activities. Afcons has a presence in almost the entire spectrum of infrastructure activities in India and overseas. The Company is engaged in marine works, highways, bridges, metro works, power houses, tunnels, oil and gas, LNG tanks and other general civil engineering projects both in India and overseas.

### A. Basis of Preparation

# i) Compliance with Ind AS

The standalone financial statements of Afcons Infrastructure Limited ("The Company" or "Afcons") comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

### ii) Historical cost convention

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these standalone financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for standalone financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

# iii) New standards or interpretations adopted by the Company

The Company has applied the following standards and amendments for the first time for the annual reporting period commencing April 1, 2020:

- Definition of Material amendments to Ind AS 1 and Ind AS 8
- Definition of a Business amendments to Ind AS 103
- COVID-19 related concessions amendments to Ind AS 116
- Interest Rate Benchmark Reform amendments to Ind AS 109 and Ind AS 107

The amendments listed above did not have any material impact on the current period and are not expected to significantly affect the future period.

# iv) Operating cycle

The standalone balance sheet presents current and non-current assets, and current and non-current liabilities, as separate classifications. For this purpose, an asset is classified as current if:

- It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realise the asset within 12 months after the reporting period; or
- The asset is a cash or equivalent unless it is restricted from being exchanged or used to settle liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within 12 months after the reporting period; or
- The Company does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

### B. Significant accounting policies

### B.1. Goodwill

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

# B.2. a) Interests in Jointly Controlled Operations

A Jointly Controlled Operations is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities, relating to the arrangements. Joint control is the contractually agreed sharing of control of an arrangement, which exist only when decisions about the relevant activities require unanimous consent of the parties sharing control

When a Company entity undertakes its activities under joint operations, the Company as a joint operator recognises in relation to its interest in a joint operation:

- a) Its assets, including its share of any assets held jointly;
- b) Its liabilities, including its share of any liabilities incurred jointly;
- c) Its revenue from the sale of the output arising from the joint operation;
- d) Its share of the revenue from the sale of the output by the joint operation and
- e) Its expenses, including its share of any expenses incurred jointly.

The Company accounts for the assets, liabilities, revenues and expenses relating to its interest in a joint operation in accordance with the Ind AS applicable to the particular assets, liabilities, revenues and expenses.

When a Company entity transacts with a joint operation in which a Company entity is a joint operator (such as a sale or contribution of assets), the Company is considered to be conducting the transaction with the other parties to the joint operation, and gains and losses resulting from the transactions are recognised in the Company's standalone financial statements only to the extent of the other parties' interests in the joint operation.

When a Company entity transacts with a joint operation in which a Company entity is a joint operator (such as a purchase of assets), the Company does not recognise its share of the gains and losses until it resells those assets to a third party.

### B.2. b) Interest in unincorporated Joint ventures

When the Company enters into a joint venture (JV) arrangement with other parties and an unincorporated vehicle is formed which has a separate status for tax purposes (i.e. Association of person/Body of individual etc.) and if as per the terms of agreement, the Company remains liable for all the liabilities of the unincorporated vehicle and is also responsible for funding or contributing assets to the unincorporated vehicle for construction activity, this unincorporated vehicle (also considered and called as Jointly Controlled Operation) has been considered as an extension of Company from accounting point of view and assets, liabilities, revenue and expenses have been consolidated on the basis of its share in the operations in the separate financial statement of the Company.

# B 3. Revenue recognition

# Sale of goods

Revenue from sale of goods is recognised upon satisfaction of performance obligations, i.e. at a point of time, which occurs when the control is transferred to the customer. Customers obtain control as per the incoterms. Invoices are issued according to contractual terms and are usually payable as per the credit period agreed with the customer.

# Rendering of services:

Revenue from providing services is recognised in the accounting period in which the services are rendered.

Invoices are issued according to contractual terms and are usually payable as per the credit period agreed with the customer.

# **Construction contracts:**

The Company recognises revenue from engineering, procurement and construction contracts ('EPC') over the period of time, as performance obligations are satisfied over time due to continuous transfer of control to the customer. EPC contracts are generally accounted for as a single performance obligation as it involves complex integration of goods and services.

The performance obligations are satisfied over time as the work progresses. The Company recognises revenue using input method (i.e. Percentage-of-Completion Method), based primarily on contract cost incurred to date compared to total estimated contract costs. Changes to total estimated contract costs, if any, are recognised in the period in which they are determined as assessed at the contract level. If the consideration in the contract includes price variation clause or there are amendments in contracts, the Company estimates the amount of consideration to which it will be entitled in exchange for work performed.

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

Due to the nature of the work required to be performed on many of the performance obligations, the estimation of total revenue and cost at completion is complex, subject to many variables and requires significant judgment. Variability in the transaction price arises primarily due to liquidated damages, price variation clauses, changes in scope, incentives, discounts, if any. The Company considers its experience with similar transactions and expectations regarding the contract in estimating the amount of variable consideration to which it will be entitled and determining whether the estimated variable consideration should be constrained. The Company includes estimated amounts in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is resolved. The estimates of variable consideration are based largely on an assessment of anticipated performance and all information (historical, current and forecasted) that is reasonably available. Consideration payable on behalf of customer is reduced from the transaction price.

Progress billings are generally issued upon completion of certain phases of the work as stipulated in the contract. Billing terms of the over-time contracts vary but are generally based on achieving specified milestones. The difference between the timing of revenue recognised and customer billings result in changes to contract assets and contract liabilities. Payment is generally due upon receipt of the invoice, payable within 90 days or less. Contractual retention amounts billed to customers are generally due upon expiration of the contract period.

The contracts generally result in revenue recognised in excess of billings which are presented as contract assets on the statement of financial position. Amounts billed and due from customers are classified as receivables on the statement of financial position. The portion of the payments retained by the customer until final contract settlement is not considered a significant financing component since it is usually intended to provide customer with a form of security for Company's remaining performance as specified under the contract, which is consistent with the industry practice. Contract liabilities represent amounts billed to customers in excess of revenue recognised till date. A liability is recognised for advance payments and it is not considered as a significant financing component since it is used to meet working capital requirements at the time of project mobilization stage. The same is presented as contract liability in the statement of financial position.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known by management.

For construction contracts the control is transferred over time and revenue is recognised based on the extent of progress towards completion of the performance obligations. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately. The percentage of completion is based primarily on contract cost incurred to date compared to total estimated contract cost for each contract in order to reflect the effective completion of the project. This percentage of completion could be based on technical milestones or as per the contractual terms specified. A construction contract is considered completed when the last technical milestone is achieved, which occurs upon contractual transfer of ownership of the asset.

### Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

### B.4. Foreign currencies

# (i) Functional and presentation currency

Items included in the standalone financial statements of each of the Company's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The standalone financial statement is presented in Indian Rupee (INR), which is Company's functional and presentation currency.

# A) Foreign Branches of the Company :-

- 1. Income and expense items are translated at the exchange rates at the dates of the transactions and all resulting exchange differences are recognised in the Statement of Profit and Loss.
- Non-monetary assets and liabilities are measured in terms of historical cost in foreign currencies and are not translated at the rates prevailing at the reporting period. Monetary assets and liabilities are translated at the rates prevailing at the end of each reporting period. Exchange differences on translations are recognised in the Consolidated Statement of Profit and Loss.

# (ii) Transactions and balances

In preparing the standalone financial statements of each individual Company entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Any exchange difference arising on settlement / restatement of long-term foreign currency monetary items recognized in the financial statements until the year ended March 31, 2016, are capitalised as a part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets.

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for:

- · Exchange differences on transactions entered into in order to hedge certain foreign currency risks; and
- Exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither
  planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised
  initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

For the purposes of presenting the financial statements, the assets and liabilities of the Company's foreign operations are translated into Indian Rupees using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity (and attributed to non-controlling interests as appropriate).

On the disposal of a foreign operation (i.e. a disposal of the Company's entire interest in a foreign operation, a disposal involving loss of control over a foreign operation, or a partial disposal of an interest in a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

In addition, in relation to a partial disposal of a foreign operation that does not result in the Company losing control over the foreign operation, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Company losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Goodwill and fair value adjustments to identifiable assets acquired and liabilities assumed through acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the rate of exchange prevailing at the end of each reporting period. Exchange differences arising are recognised in other comprehensive income.

### B.5. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

# B.6. Employee benefits

# B.6.1 Retirement benefit costs and termination benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences and leave encashment.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined retirement benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorised as follows:

- · Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- · Net interest expense or income; and
- Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

The retirement benefit obligation recognized in the special purpose financial statements represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

# B.6.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of salaries, wages and other short-term employee benefits in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Provision for leave benefits to employees is based on actuarial valuation done by Projected Accrued Benefit Method at the reporting date.

### **B.7.** Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

### B.7.1 Current tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

### B.7.2 Deferred tax

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax is realised or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in branches and interest in joint arrangements where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognized for temporary differences between the carrying amount and tax bases of investments in branches and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income.

# B.7.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

# B.8 Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. It also includes initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Replacement cost of an item of property, plant and equipment is capitalised if replacement meets the recognition criteria.

Carrying amount of items replaced is derecognised. Cost of major inspections is recognised in the carrying amount of property, plant and equipment as a replacement, if recognition criteria are satisfied and any remaining carrying amount of the cost of previous inspection is derecognised. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalised (if they meet the asset recognition criteria) and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure on property, plant and equipments after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

Estimated useful lives of the assets are as follows:

Buildings - 60 years

Furniture and fixtures - 10 years

Vehicles - 10 years

Office equipments - 5 years

Freehold land is not depreciated

For following assets estimated useful life is different than the useful life prescribed in schedule II to the Companies Act, 2013 and has been assessed on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Plant & Equipment (except Tunnel Boring Machines) which includes Cranes < 100 mt., Concreting, Crushing, Piling, Road making, Laboratory & Welding Equipments, Floating Equipments - 20 Years.

Tunnel Boring Machines - Length of the tunnel bored over life of the construction project for where it is used.

Cost of shuttering materials, issued to jobs, is charged off equally over a period of four years.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

# B.8.1 Capital work-in-progress

Property, plant and equipment that are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

### B.9 Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. Useful life is as below:

Computer software - 5 years

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses from derecognition of an intangible asset, measured at the difference between the net disposal proceeds and the carrying amount of the assets, are recognised in profit or loss when the asset is derecognised.

# B.10 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

### **B.11 Inventories**

Inventories are stated at the lower of cost and net realisable value. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost is determined on the basis of weighted average method.

### B.12 Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

A contingent liability is disclosed where there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources. Contingent assets are not recognised. Information on contingent liabilities is disclosed in the notes to standalone financial statements unless the possibility of an outflow of resources embodying economic benefits is remote.

### **B.13** Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

### **Initial Recognition**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss). Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

### **B.14** Financial assets

Classification and subsequent measurement of financial assets

# **B.14.1 Classification of financial assets**

The Company classifies its financial assets in the following measurement categories:

- · those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification is done depending upon the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

For investments in debt instruments, this will depend on the business model in which the investment is held.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

### **B.14.2Subsequent measurement**

### **Debt instruments**

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments:

# **Amortised cost**

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost e.g. Debentures, Bonds etc. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in investment income using the effective interest rate method.

# Fair value through other comprehensive income

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

# Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or fair value through OCI, are measured at fair value through profit or loss e.g. investments in mutual funds. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

# **Equity instruments**

# Investments in equity instruments at FVTPL

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for equity instruments which are not held for trading.

# Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserve for 'equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

# B.14.3Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset.

For trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

### **B.14.4Effective interest method**

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as FVTPL. Interest income is recognised in the statement of profit and loss.

### B.14.5De-recognition of financial assets

A financial asset is derecognised only when Company has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

# B.14.6Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

### B.15 Financial liabilities and equity instruments

# Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

### **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

# Treasury shares

In the standalone financial statements, when any entity within the Company purchases the Company's ordinary shares, the consideration paid, including any directly attributable incremental cost, is presented as a deduction from total equity, until they are cancelled, sold or reissued. When treasury shares are sold or reissued subsequently, the amount received is recognised as an increase in equity and the resulting surplus or deficit on the transaction is transferred to/ from share premium.

# B.15.1 Classification and subsequent measurement

# Financial liabilities are measured at amortised cost.

Financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

# B.15.2De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

# B.15.3Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income' as 'Net foreign exchange gains/(losses)'.

# **B.16** Derivative financial instruments

The Company enters into derivative financial instruments viz. foreign exchange forward contracts, interest rate swaps and cross currency swaps to manage its exposure to interest rate, foreign exchange rate risks and commodity prices. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately.

Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

### B.17 Leases:

### Till 31st March, 2019:

Leases (including lease arrangements for land) are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Operating lease (The Company as lessee): Lease payments under an operating lease are recognized as expense in the statement of profit and loss, on a straight-line or other systematic basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Lessor's expected inflationary cost increases, such increases are recognised in the year in which such liability accrues.

Operating lease (The Company as lessor): Rental income from operating lease is recognised on straight-line basis over the term of the relevant lease. Initial direct cost incurred in negotiating and arranging an operating lease are added to the carrying amount of leased asset and recognised on a straight-line basis over the lease term.

### With effect from 1st April, 2019:

The Company as lessee:

From April 1 2019, leases are recognised as a right-of-use assets and a corresponding liability at the date at which the leased asset is available for use by the company. Contracts may contain both lease and non-lease components. The Company has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

### 1) Lease Liabilities

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the lease payments. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the lessee's incremental borrowing rate (since the interest rate implicit in the lease cannot be easily determined). Incremental borrowing rate is the rate of interest that the Company would have to pay to borrow over a similar term, and a similar security, the funds necessary to obtain an asset of a similar value to the right of-use asset in a similar economic environment.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

# 2) Right-of-use assets

Right-of-use assets are measured at cost comprising the amount of the initial measurement of lease liability and lease payments made before the commencement date.

Right-of-use assets are depreciated over the lease term on a straight-line basis. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities.

# 3) Short term leases and leases of low value assets

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise assets having value less than ₹ 350,000.

The Company as lessor:

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

### B.18 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year.

Ordinary shares to be issued upon conversion of a mandatorily convertible instrument are included in the calculation of basic earnings per share from the date the contract is entered into. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

### **B.19 Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The board of directors of Afcons Infrastructure Limited assesses the financial performance and position of the Company and makes strategic decisions. The board of directors, which has been identified as being the chief operating decision maker, consists of the key managerial personnel and the directors who are in charge of the corporate planning. Refer note 34 for segment information presented.

### B.20 Credit Risk

The Company assess on a forward-looking basis the expected credit losses associated with its assets measured at amortised cost which includes lease receivables, trade receivables, other contractual rights to receive cash etc. The impairment methodology applied depends on whether there has been a significant increase in the credit risk since initial recognition of these financial assets. For the evaluation, the Company considers historical credit loss experience and adjusted for forward-looking information. Note 48.8 details how the Company determines whether there has been a significant increase in credit risk.

# B.21 Government grants, subsidies and export incentives

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

# C. Critical estimates and judgements

# a) Revenue recognition

The Company's revenue recognition policy, which is set out in Note B.3, is central to how the Company values the work it has carried out in each financial year.

These policies require forecasts to be made of the outcomes of long-term construction services, which require assessments and judgements to be made on changes in scope of work and claims and variations.

Across construction services there are several long-term and complex projects where the Company has incorporated significant judgements over contractual entitlements. The range of potential outcomes could result in a materially positive or negative change to underlying profitability and cash flow.

Estimates are also required with respect to the below mentioned aspects of the contract.

- Determination of stage of completion;
- · Estimation of project completion date;
- · Provisions for foreseeable losses; and
- Estimated total revenues and estimated total costs to completion, including claims and variations.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Revenue and costs in respect of construction contracts are recognized by reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion. Variations in contract work, claims and incentive payments are included to the extent that the amount can be measured reliably and its receipt is considered probable. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognized as an expense immediately.

### b) Taxation

The Company is subject to tax in a number of jurisdictions and judgement is required in determining the worldwide provision for income taxes. The Company provides for future liabilities in respect of uncertain tax positions where additional tax may become payable in future periods and such provisions are based on management's assessment of exposures.

The uncertain tax positions are measured at the amount expected to be paid to taxation authorities when the Company determines that the probable outflow of economic resources will occur. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made.

# c) Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. There are certain obligations which managements have concluded based on all available facts and circumstances are not probable of payment or difficult to quantify reliably and such obligations are treated as contingent liabilities and disclosed in the notes but are not provided for in the standalone financial statements. Although there can be no assurance of the final outcome of the legal proceedings in which the Company is involved it is not expected that such contingencies will have material effect on its financial position or profitability.

### d) Useful lives of property, plant and equipment

As described in note B.8 above, the Company reviews the estimated useful lives of property, plant and equipment and residual values at the end of each reporting period. There was no change in the useful life and residual values of property, plant and equipment as compared to previous year.

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

### e) Impairment of trade receivables and contract assets

The Company has recognised trade receivables with a carrying value of ₹ 2,839.46 Crores (as at March 31, 2020: ₹ 2,823.03 Crores). The recoverability of trade receivables is regularly reviewed in the light of the available economic information specific to each receivable and specific provisions are recognised for balances considered to be irrecoverable.

The impairment provisions for trade receivables are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, credit risk, existing market conditions as well as forward looking estimates at the end of each reporting period. The expected credit loss allowance for trade receivables is made based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. Where the actual cash shortfalls vary from those estimated, these could impact the level of profit or loss recognised by the Company. The same policies are followed for contract assets.

# f) Retirement benefit obligations

Details of the Company's defined benefit pension schemes are set out in Note B.6, including tables showing the sensitivity of the pension scheme obligations and assets to different actuarial assumptions.

The present value of defined benefit obligations is determined by discounting the estimated future cash outflows by reference to market yields at the end of reporting period that have terms approximating to the terms of the related obligation.

# g) Arbitration claims

The forecast profit on contracts includes key judgements over the expected recovery of costs arising from the following: variations to the contract requested by the customer, compensation events, and claims made by the Company for delays or other additional costs for which the customer is liable. These claims could result in disputes that get settled through an arbitration process wherein the outcome of these awards including the timing and the amount (including interest thereon) requires a reasonable degree of estimation. The inclusion of these amounts requires estimation of their recoverability and could impact the level of profit or loss recognized by the Company.

### h) Classification of assets / liabilities as Current and Non-current

The balance sheet presents current and non-current assets and current and non-current liabilities, as separate classifications. This classification involves managements estimate on expected realization of assets and settlement of liabilities within 12 months after the reporting period.

# i) Classification of Joint Arrangement as a Jointly Controlled Operations / Joint Venture

A Jointly Controlled Operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities, relating to the arrangements. Joint control is the contractually agreed sharing of control of an arrangement, which exist only when decisions about the relevant activities require unanimous consent of the parties sharing control.

When an entity undertakes its activities under joint operations, the Company as a joint operator recognises in relation to its interest in a joint operation:

- a) Its assets, including its share of any assets held jointly;
- b) Its liabilities, including its share of any liabilities incurred jointly;
- c) Its revenue from the sale of the output arising from the joint operation;
- d) Its share of the revenue from the sale of the output by the joint operation and
- e) Its expenses, including its share of any expenses incurred jointly.

Accordingly, the Company has evaluated all its joint arrangements based on the contractual arrangements entered into between the parties to the joint arrangements for execution of the project irrespective of the legal form.

# Note No. 2. Details of Jointly Controlled Operations at the end of the reporting period are as follows.

Name of Jointly Controlled Operations	Country of Incorporation	Place of Activity	Principle Activity	Percentage holding-share

Critical judgements in determining the lease term	nining the lease ter	m							

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated). For leases of Land, Office Premises, Houses and Godowns the following factors are normally the most relevant:

- If there are significant penalties to terminate (or not extend), the Company is typically reasonably certain to extend (or not terminate).
- Otherwise, the Company considers other factors including historical lease durations and the costs and business disruption required to replace the leased asset.
- Most extension options in office leases have not been included in the lease liability, because the Company could replace the assets without significant cost or business disruption.
- As at 31st March 2021, potential future cash oufflows have not been included in the lease liability because it is not reasonably certain that the leases will be extended (or not terminated) is not material in nature.

The lease term is reassessed if an option is actually exercised (or not exercised) or the Company becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee. During the current financial year, the financial effect of exercising extension and termination options was an increase in recognized lease terms to reflect the effect of exercising extension and termination options was an increase in recognized lease terms to reflect the effect of exercising extension and termination options was an increase in recognized lease liabilities and right-of-use assets is not material in nature.

# 12.4.Rights, preferences and restrictions attached to 0.01% Non-Cumulative and non-profit participatory convertible preference shares:

- (a) The preference shares shall be non-cumulative and non profit participating convertible preference shares carrying a fixed rate of dividend of 0.01% per annum to be paid in priority to the holders of any other class of shares.
- (b) The terms of these preference shares have been varied with consent of the Preference Shareholder and the special resolution passed with requisite majority of the members of the Company vide Postal Ballot effective from 30<sup>th</sup> November, 2018 whereby the preference shares shall be deemed to be converted into common equity shares of the Company at a price of ₹ 68.25 per equity share (consisting of par of ₹ 10 and a premium of ₹ 58.25) immediately, automatically and without any further act of the parties in the event of conversion of the preference shares mentioned in note 12.5 (a) below.
- (c) Every member of the Company holding preference shares has a right to vote in the general meeting of the Company on resolutions placed before the Company which directly affect the rights attached to these preference shares.

# 12.5.Rights, preferences and restrictions attached to 0.01% fully and compulsorily convertible non-cumulative, non participatory preference shares:

- (a) The preference shares are automatically and mandatorily converted into equity shares on 13<sup>th</sup> January, 2024 ("mandatory conversion date") i.e. on the sixteenth year from the issue date.
- (b) On mandatory conversion date or the early conversion date, as the case maybe, the preference shares shall be converted into such number of equity shares of the Company constituting 74% of the outstanding equity share capital and convertible preference shares of the Company calculated on a fully diluted basis on the date of issue (i.e. 14th January, 2008) resulting into 24,65,40,258 equity shares in terms of the consent obtained from the preference shareholder and the special resolution passed with requisite majority of the members of the Company vide Postal Ballot effective from 17th July, 2020.
- (c) The preference shares shall be entitled to fixed non-cumulative preference dividend at the fixed rate of 0.01% per annum which shall be paid in priority to the holder of any other class of shares.
- (d) On return of capital on a liquidation or otherwise of the assets of the Company, the holder of preference shares shall be entitled, in priority to any payment to the holders of any other class of shares, to be repaid a sum equal to the capital paid up or credited as paid up on the preference shares held by it and all arrears and accruals (if any) of the preferential dividend calculated up to the date of the commencement of the winding-up (in case of winding-up) or the return of capital (in any other case).
- (e) The preference shares shall not confer any further right to participate in the profits or assets of the Company except as mentioned above.
- (f) Every member of the Company holding preference shares has a right to vote in the general meeting of the Company on resolutions placed before the Company which directly affect the rights attached to these preference shares.
- (g) The preference shares shall be transferable in accordance with the terms and conditions of the Articles and other provisions agreed between the Company and the preference share holders.
- (h) The equity shares of the Company issued upon conversion of the preference shares will rank pari passu with the other equity shares existing on the conversion date and shall be transferable in accordance with the terms and conditions of the Articles.

Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

- 12.6.Rights, preferences and restrictions attached to 0.01% fully and compulsorily convertible non-cumulative, non participatory preference shares:
- (a) The preference shares shall be automatically and mandatorily converted into equity shares on 21st March, 2024 ("mandatory conversion date") i.e. on the expiry of ten years from the issue date. The mandatory conversion date of the 0.01% fully and compulsorily convertible non-cumulative, non participatory preference shares has been revised from 21st March, 2019 (5th year from the date of issue) to 21st March, 2024 (10th year from the date of issue) in terms of the consent obtained from the preference shareholders and the special resolution passed with requisite majority of the members of the Company vide Postal Ballot effective from 30th November, 2018.
- (b) On mandatory conversion date, the preference shares shall be converted into such number of equity shares of the Company at the price of ₹ 132 per equity shares (consisting of par of ₹ 10 and a premium of ₹ 122).
- (c) The preference shares shall be entitled to fixed non-cumulative dividend at the fixed rate of 0.01% per annum which shall be paid in priority to the holder of any other class of shares.
- (d) On return of capital on a liquidation or otherwise of the assets of the Company, the holder of preference shares shall be entitled, in priority to any payment to the holders of any other class of shares, to be repaid a sum equal to the capital paid up or credited as paid up on the preference shares held by it.
- (e) Every member of the Company holding preference shares has a right to vote in the general meeting of the Company on resolutions placed before the Company which directly affect the rights attached to these preference shares.

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

# Nature and purpose of each reserve within other equity

### Capital reserve

The capital reserve is on account of acquisition of subsidiary companies.

### Capital redemption reserve

As per the provisions of Companies Act, capital redemption reserve is created out of the general reserve for the amount equivalent to the paid up capital of shares bought back by the company.

# Securities premium account

Where Company issued shares at a premium, a sum equal to the aggregate amount of the premium received on those shares shall be transferred to a "securities premium account" as per the provisions of applicable Companies Act. This reserve is utilized as per the provisions of the Companies Act.

### Debenture redemption reserve

The Companies Act requires that where a company issues debentures, it shall create a debenture redemption reserve out of profits of the company available for payment of dividend. The amounts credited to the debenture redemption reserve may not be utilized by the company except to redeem debentures.

### General reserve:

The general reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. There is no policy of regular transfer. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit or loss.

# Foreign currency translation reserve:

Exchange differences relating to the translation of the results and net assets of the foreign operations from their functional currencies to the presentation currency (i.e. ₹) are recognised directly in other comprehensive income and accumulated in the foreign currency translation reserve. The cumulative amount is reclassified to profit or loss when the net investment is disposed-off.

# Retained earning and dividend on equity shares:

This represent the surplus / (deficit) of the profit or loss. The amount that can be distributed by the Company to its equity shareholders is determined considering the requirements of the Companies Act, 2013. Thus, the amount reported above are not distributable in entirety.

On 18th March, 2021, an interim dividend of ₹ 3.50 per share (total dividend ₹ 25.19 crores) was paid to holders of fully paid equity shares.

# Reserve for equity instrument measured through other comprehensive income

This reserve represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through other comprehensive income. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognized.

	Demand raised by income tax department on account of disallowance of expenses and addition made in respect of receipt of income. The Company has obtained stay order from tax department. Company is confident that the case will be successfully contested before concerned appellate authorities.	26.24	26.24

# Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

Notes:

\* The Company has received a demand and a show cause notice amounting to ₹ 238 crores and ₹ 244 crores respectively with respect to liability on account of royalty payable on Murrum used in one of the projects. Subsequent to the show cause notice, the Company has obtained a stay order on the same. Further, based on legal opinion, the Company expects that the claim is highly unlikely to materialise.

The Company has implemented the decision given in the Supreme Court Judgement in case of "Vivekananda Vidyamandir And Others Vs The Regional Provident Fund Commissioner (II) West Bengal" and the related circular (Circular No. C-I/1(33)2019/Vivekananda Vidya Mandir/284) dated March 20, 2019 issued by the Employees' Provident Fund Organisation in relation to non-exclusion of certain allowances from the definition of "basic wages" of the relevant employees for the purposes of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952 w.e.f. April 01, 2019. Basis the assessment of the management, which is supported by legal advice, the aforesaid matter is not likely to have significant impact in respect of earlier periods.

### Note No 31. Employee benefit plans

# a. Defined contribution plan

- (i) Provident fund
- (ii) Superannuation fund
- (iii) State defined contribution plans

The provident fund and the state defined contribution plan are operated by the regional provident fund commissioner and the superannuation fund is administered by the Life Insurance Corporation (LIC). Under the schemes, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits.

The total expense recognised in profit or loss of ₹ 42.49 crores (for the year ended March 31, 2020: ₹ 37.46 crores) represents contributions payable to these plans by the Company at rates specified in the rules of the plans.

### b. Defined benefit plans

### (i) Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 4 years and 240 days are eligible for gratuity. The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service without any ceiling limit as given under Payment of Gratuity Act, 1972.

Whereas on death of an employee the amount of gratuity payable is amount equivalent to one month salary, payable for each completed year of service or part thereof in excess of six months in terms of Gratuity scheme of the Company or as per payment of the Gratuity Act, whichever is higher.

The gratuity plan of the Company is unfunded and the Company accounts for gratuity benefits payable in future based on an independent external actuarial valuation carried out at the end of the year using Projected Unit Credit Method.

### Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

# Interest risk

A decrease in the bond interest rate will increase the plan liability.

### Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

# Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The risk relating to benefits to be paid to the dependents of plan members (widow and orphan benefits) is re-insured by an external insurance company.

No other post-retirement benefits are provided to these employees.

In respect of the plan, the most recent actuarial valuation of the present value of the defined benefit obligation were carried out as at March 31, 2021 by an actuary. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

The Company has recognised following amounts in the statement of profit and loss:

Particulars	March 31, 2021	March 31, 2020
Superannuation Fund	19.07	16.02
Provident Fund	23.42	21.44
State defined contribution plans	-	-
Gratuity	6.08	4.55
Compensated absences	2.73	12.97
Total	51.30	54.98

Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

# c. Details of defined benefit plan - Gratuity

The principle assumptions used for the purpose of actuarial valuation (considered for the Company)

Particulars	March 31, 2021	March 31, 2020	
Expected Return on Plan Assets	6.87%	6.86%	
Rate of Discounting	6.87%	6.86%	
Rate of Salary Increase	6.00%	6.00%	
Rate of Employee Turnover	For service 4 years and below	ow 6.00% p.a. & For service	
	5 years and above 2.00% p.a		
Mortality Rate During Employment*	Indian Assured Lives Mortality	(2006-08)	

<sup>\*</sup>Based on India's standard mortality table with modification to reflect expected changes in mortality.

The estimate of rate of escalation in salary considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

# (i) Components of defined benefit cost

(₹ in Crores)

Return on plan assets (excluding amounts included in net interest expense)	0.39	(0.28)
Contributions from the employer	11.90	9.16
Benefits paid	(3.65)	(2.62)
Closing fair value of plan assets	36.56	26.13

The Company pays premium to the group gratuity scheme of LIC and the fund is managed by LIC

## Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

#### (v) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

- 1) If the discount rate is 100 basis points higher / (lower), the defined benefit obligation would decrease by ₹ 4.00 crores (increase by ₹ 4.70 crores) (as at March 31, 2020: decrease by ₹ 3.72 crores (increase by ₹ 4.37 crores)).
- 2) If the expected salary growth increases / (decreases) by 1%, the defined benefit obligation would increase by ₹ 4.70 crores (decrease by ₹ 4.06 crores) (as at March 31, 2020: increase by ₹ 4.37 crores (decrease by ₹ 3.78 crores)).
- 3) If the employee turnover increases / (decreases) by one year, the defined benefit obligation would increase by ₹ 0.23 crores (decrease by ₹ 0.28 crores) (as at March 31, 2020: increase by ₹ 0.20 crores (decrease by ₹ 0.24 crores)).

## (vi) Sensitivity analysis method

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the Projected Unit Credit Method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The average duration of the benefit obligation at March 31, 2021 is 15 years (as at March 31, 2020: 16 years).

The Company expects to make a contribution of ₹8.00 crores (as at March 31, 2020: ₹10.77 crores) to the defined benefit plans during the next financial year.

#### (vii) Maturity profile of defined benefit obligation:

Projected benefits payable in future years from the date of reporting

Particulars	(₹ in Crores)
1st following year	2.95
2nd following year	3.32
3rd following year	4.24
4th following year	3.02
5th following year	4.57
Sum of years 6 to 10	19.90

#### d. Compensated Absences

The liability for Compensated absences (non-funded) as at year end is ₹ 28.04 crores (as at March 31, 2020 ₹ 28.88 crores) covers the Company's liability for sick and privilege leave and is presented as current liabilities, since the Company does not have an unconditional right to defer the settlement of any of these obligations.

The Company makes provision for compensated absences based on an actuarial valuation carried out at the end of the year using the Projected Unit Credit Method

The amount of the provision of ₹ 28.04 crores (as at March 31, 2020 ₹ 28.88 crores) is presented as current liabilities, since the Company does not have an unconditional right to defer settlement for any of these obligations.

## Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

## Note No 32. Earnings per share (EPS)

EPS is calculated by dividing the profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year, as under:

Particulars	For the year ended 31st March, 2021	For the year ended 31 <sup>st</sup> March, 2020
	₹	₹
Basic earnings per share	17.49	33.61
Diluted earnings per share	3.70	7.10

## Basic earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

(₹ in Crores)

Particulars	For the year ended 31 <sup>st</sup> March, 2021	For the year ended 31 <sup>st</sup> March, 2020
Profit for the year attributable to shareholders of the Company - earnings		
used in calculation of basic earnings per share	125.93	241.92
Dividends paid on convertible non-participating preference shares	(0.05)	(0.05)
Earnings used in the calculation of basic earnings per share	125.88	241.87
Profits used in the calculation of basic earnings per share	125.88	241.87

The weighted average number of equity shares for the purpose of basic earnings per share is as follows:

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
	Number	Number
Weighted average number of shares used in calculation of basic earnings		
per share	7,19,70,238	7,19,70,238

#### Diluted earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of diluted earnings per share are as follows:

(₹ in Crores)

Particulars	For the year ended 31 <sup>st</sup> March, 2021	For the year ended 31st March, 2020
Profit for the year attributable to shareholders of the Company -		
earnings used in calculation of basic earnings per share	125.93	241.92
Earnings used in the calculation of diluted earnings per share	125.93	241.92
Profits used in the calculation of diluted earnings per share	125.93	241.92

The weighted average number of equity shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings per share as follows:

Particulars	For the year ended 31 <sup>st</sup> March, 2021	For the year ended 31st March, 2020
	Number	Number
Weighted average number of shares used in calculation of basic earnings per share	7,19,70,238	7,19,70,238
Shares deemed to be issued for no consideration in respect of:		
- Convertible preference shares	26,87,68,030	26,87,68,030
Weighted average number of shares used in calculation of diluted earnings per share	34,07,38,268	34,07,38,268

## Note No 33. Corporate social responsibility:

(₹ in Crores)

Gross amount required to be spent by the Company during the yea	(Previous year ₹ 0.81 crores)	Nil
---	-------------------------------	-----

Amount spent during the year on:

CSR activities (in cash)	Paid	To be paid	Total
(i) Construction/acquisition of an asset	1.35	-	1.35
(ii) Purposes other than (i) above	-	-	-
Total	1.35	-	1.35

## Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued) Note 36. Afcons Gunanusa Joint Venture (AGJV)

(a) AGJV had submitted claims for change orders aggregating to ₹751.77 crores to ONGC. The AGJV has invoked arbitration in respect of the aforesaid change orders, as the same were not approved by the Outside Expert Committee (OEC). Further, claims against change orders and counter claims by ONGC aggregating to ₹64.00 crores will be discussed in arbitration. Based on the legal opinion obtained and facts of the matter, the management is confident of its recovery.

Pursuant to discussions between AGJV, Afcons and PT Gunanusa (PTG), the parties decided to settle all claims and counterclaims between PTG, Afcons and AGJV arising from the Project, subject to the terms of the Settlement Agreement dated 26/07/2018. As per the terms, it was agreed that the amount payable by PTG to Afcons shall be adjusted against the money due by AGJV to PTG and the necessary book entries were passed in the books of account of the AGJV to reflect the settlement arrived at between the parties.

As per the terms of the settlement agreement it is further agreed that PTG's liability towards liquidated damages (LD) under the subcontract shall be limited to USD 3.6 million equivalent ₹ 26.35 crores only and the liability shall be imposed on PTG only if AGJV is confirmed to be liable for liquidated damages in the ONGC Arbitration, where PTG's share of liability for LD is 20%. Also, in the event AGJV is not successful in the ONGC Arbitration, Afcons agrees to absorb all the losses in the project without claiming anything against PTG. If AGJV receives an award from the ONGC Arbitration for amount above USD 35 million equivalent ₹ 256.19 crores, Afcons agrees to share 20% of the amount above USD 35 million equivalent ₹ 256.19 crores to PTG.

b) AGJV has a total exposure of ₹ 138.52 Crs in a customer (ONGC) with respect to construction of ICP-R Offshore Process Platform project. AGJV has invoked an arbitration which is under discussion.

Afcons Infrastructure Limited has given advances aggregating to ₹ 189.98 Crores which are receivable from AGJV. The recovery of this amount is dependent upon finalization of the arbitration award.

#### Note 37. Transtonnelstroy Afcons Joint Venture (TAJV)

(a) The Joint Venture ("the JV") had submitted variations to the client for two projects arising on account of cost overruns due to unforeseen geological conditions, delays in handing over of land, change in scope of work etc., which the Management believes is attributable to the client and the matters are under negotiation with the client / in arbitration / has been referred to Dispute Adjudication Board for determination and recovery of the amounts. In the earlier years, Joint Venture had received arbitration awards in few of the matters. The Client has further challenged these arbitration awards before the Hon'ble High Court, Madras. Pending disposal of these matters in the court, client has, upon submission of the bank guarantee by the Joint Venture, deposited part of the award amount with the Joint Venture, pursuant to an interim stay order from Hon'ble High Court, Madras.

During the year, Client issued a notice to invoke the Performance Bank Guarantee issued on behalf of the Joint Venture amounting ₹143.29 Crores vide email dated July 06, 2020 addressed to issuing banks. The guarantees were issued by two banks. JV filed applications before High Court challenging the invocation and encashment of the said BGs and also sought an injunction restraining Client from invoking the BG. By order dated July 08, 2020, the learned Single Judge granted an order of status-quo till July 17, 2020. The order of the Court had been communicated to both the Banks, but so far as one bank is concerned, they have immediately released the amount of ₹25.77 Crores. As far as the another bank is concerned, in adherence to the order passed by Court, they have restrained themselves from making the payment to client, in adherence to the order of maintaining Status Quo.

The order for maintaining status quo was reversed on August 14, 2020. Aggrieved, JV filed against the order before Hon'ble High Court, Madras. The Division Bench, after hearing both sides, issued a common judgement on March 24, 2021 and directed the parties to refer the dispute before Arbitration Tribunal along with an injunction issued on invocation of Bank Guarantee till the matter is disposed off by the Arbitration Tribunal. Client filed Special Leave Petition against the aforesaid order before Hon'ble Supreme Court, which was dismissed at the admission stage itself. Hon'ble Supreme Court declined to interfere with the order passed by Hon'ble High Court, Madras. Accordingly, both the parties (Client and JV) referred all disputes related to extension of time, associated cost to extended stay, release of withheld amount and encashment of bank guarantees to a new panel of Arbitrators formed in May 2021. The amount of encashed Bank Guarantee has been recorded by the JV as Receivable from Client (Note No (6 ii) and Payable to JV Partner (Note No 15-ii).

The arbitration proceeding has reached an advanced stage and after the year end, two awards has been granted in relation to the claim for 'Extension of time'. Arbitration Tribunal suggested that cost compensation for extension of time should be calculated based on principle adopted while issuing earlier Arbitration Awards. Accordingly, compensation claimed for extended stay has been reassessed. Based on the assessment of the timing and amount of recoverability, carried out by Joint Venture's Management after considering the current status of negotiation with the client/in arbitration proceeding/Dispute Adjudication Board proceedings, an amount of ₹ 186.24 Crores has been impaired in the Statement of Profit and Loss as Impairment of Contract assets - Amount due from Customers under Construction contracts. Balance amounts which is supported by legal opinion and technical evaluation recognized towards the variations/claims as at the year-end are included in Note 7 'Amounts due from Customers under Construction contracts' as Other Current and Non-current assets amounting to ₹167.93 Crores and ₹ 582.53 Crores respectively (Previous Year ₹ 174.07 Crores and ₹ ₹757.00 Crores respectively) and have been considered as good and fully recoverable by the Management and it does not anticipate any further loss to be recognized at this stage.

(b) TAJV has a total exposure of ₹ 920.66 Crores in Chennai Metro Rail Ltd. project (CMRL) which includes trade receivables of ₹ 175.83 Crores and unbilled receivables of ₹ 744.83 Crores.

TAJV has claimed variations amounting to ₹ 2,214 Crores on CMRL which are pending at different stages as follows:

- Variations of ₹ 1,128 Crores on account of extended stay Cost (March 2016 to December 2018).
- Variations of ₹ 169 Crores with internal Dispute Adjudicating Board (DAB)
- Variations of ₹ 374 Crores on account of change in site condition/soil strata (unforeseeable Sub-surface condition)
- Variations under arbitration of ₹ 543 Crores on account of extended stay cost until March 30, 2016.

## Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

Afcons Infrastructure Limited has a total receivable of ₹ 959.91 Crores from TAJV as on March 31, 2021. Afcons Infrastructure Limited is not the party to the arbitration / claims and the recovery of this amount is dependent upon finalization of arbitration award and clearance / acceptance of claims by CMRL.

#### Note 38

- (a) The Company has been legally advised that outstanding interest free advances aggregating to ₹ 893.59 crores before elimination (As at 31st March, 2020 ₹ 1,140,87 crores) made towards financing the unincorporated joint operations do not come under the purview of Section 186 of Companies Act, 2013 as the Company is in the business of constructing and developing infrastructure facilities.
- (b) In view of non-applicability of section 186 of the Companies Act, 2013, the details of particulars required to be made thereunder in the financial statements are not applicable in relation to loan made, guarantee given or security provided. For investments made refer to Note no. 4.

#### Note 39.

- (a) The Company had entered into a contract with Jordan Phosphate Mines Construction (JPMC) on April 20, 2010 for the construction of "New Phosphate Rock Terminal at Agaba Jordan" with a contract value of ₹ 909.13 crores (142.23 Million JOD).
  - The Company had submitted various claims on account of extra works, release of bank guarantee and delay in completion of the project. The Company filed the issues for arbitration with the International Chamber of Commerce (ICC) on November 2016.
  - On October 30, 2019, the ICC rendered an unfavourable award of ₹ 178.26 crores to the Company and a favourable award of ₹ 86.75 crores on account of final bill and variation.
  - The Management has challenged the award in the French Court on the grounds that the award is against the Jordanian law and that ICC has failed to acknowledge material evidences presented by the Company. Management is confident about the recovery of the amounts involved in the matter
  - During the year JPMC has invoked a bank guarantee of ₹ 65.24 Cr against the terms of the International Arbitration Award. We have initiated legal action against JPMC as well as Arab Bank for this fraudulent and illegal BG encashment.
- (b) On the JPMC project as explained above, the supply and execution contract was subcontracted to M/s FL Smidth (FLS). FLS did not perform their part of their contract and consequently Afcons had to undertake that part of work. Hence, Afcons invoked bank guarantee amounting to ₹ 69.03 crores against the sub-contractor for lack of performance in respect of this project. In addition to this the Company has a liability amounting to ₹ 60.66 crores payable to FLS in its books. Hence, there exists no substantial exposure in the books.

The outflow of this liability is contingent upon the finalisation of the arbitration ongoing with JPMC as mentioned in note 39(a) above.

#### Note 40.

Konkan Railway Corporation Limited (KRCL) had issued a contract for construction of Arch Steel Bridge across river Chenab on 24<sup>th</sup> August, 2004. The DBN (Design Basis Note) submitted by KRCL during the tender stage was revised in 2005 and subsequently in 2006 and 2010. The project got delayed due to various reasons such as changes in design parameters, wind load during service condition, arch span, finalization of slope stabilization etc.

Due to the above, the Company has raised two arbitration claims amounting to ₹ 1,625.85 Crores which are towards additional expenses on account of extended stay, categorization of excavation works, compensation due to loss of productivity, expenses incurred due to change in alignment, pend period cost etc. These variation costs have already been charged off to profit and loss account in past. In the previous year, the Company had received an unfavourable award for major portion of its claims. The awards are challenged before Bombay High Court.

The total receivables amounting to ₹ 185.61 crores as at March 31, 2021 (unbilled receivable of ₹ 181.99 crores and retention of ₹ 3.62 crores ) includes ₹ 115 crores on account of increase in steel quantity due to change in design.

Based on the opinion from independent expert and the facts of the case, the management is confident of getting a favorable judgement and recover all the dues related to this project.

## Note 41.

The Company had executed project awarded by the Board of Trustees of the port of Mumbai (MbPT) for Modernization of the existing Marine Oil Terminal and berths/jetties J1, J2 and J3 at the Multi-cargo Marine Oil Terminal of Jawahar Dweep based in Mumbai Harbor. The project had completed in June 2003.

The Company had gone into arbitration with MbPT for compensation for extended stay related to projects and was successful in getting an award of ₹ 96.02 Crores including interest till the date of award, in its favour on November 2011. However, the Award was challenged by MbPT u/s 34 of Arbitration and Conciliation Act, 1996 to the Single Bench of Bombay High Court. The Single Bench had set aside the award and passed the order in favor of MbPT. The Company filed an appeal with the High Court of Mumbai for a two bench Judge as against order of Single Bench. The appeal was admitted by the High Court for a hearing by a two bench Judge in the month of April 2018. Considering the legal opinion obtained and facts of the matter, the Company is confident of winning the case and recovering the entire amount from MbPT in future.

#### Note 42

The Company had executed project awarded by Uttar Pradesh Expressways Industrial Development Authority for Construction of Six-lane green field Kannauj to Unnao Expressway (package IV). During the execution of the project the client issued various change orders which required additional deployment of resources. The expressway was inaugurated and put to use in Dec 2016. The project was completed 13 months ahead of schedule.

Due to the various change orders, the Company has raised various claims amounting to ₹ 211 Crores which are towards additional expenses on account of change of scope, additional works, royalty claim etc. Based on the facts of the matter and on going discussions with customer, the management is confident to recover all the dues related to this project.

## Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

#### Note 43.

- (a) The Company has unbilled receivables towards various ongoing and completed projects disclosed under Note no. 8 'Contract assets'. This unbilled work also includes variations on account of cost overruns due to unforeseen geological conditions, delays in handling over land, change in scope of work, etc. which are under discussions at various levels including customer, in arbitration, Dispute Adjudication Board etc. Based on the discussions and merits of the claims, the management is confident about the recovery of these pending variations with respect to unbilled receivables disclosed under note no. 8 'Contract assets'.
- (b) The Company has a total net receivable of ₹ 850.69 crores (including interest on arbitration awards ₹ 230.63 crores) which is a part of Trade Receivables shown under note no. 5 towards arbitration awards which are won by the Company in past, these arbitration awards have been further challenged by the customers before the session court or higher courts of law. Pending disposal of these matters in the courts, management has recognized the amount as per the arbitration award and part payment has been received by management under Niti Aayog Scheme upon submission of a bank guarantee by the Company. Management is confident about the recovery of the amounts involved in the pending matters at various levels.

#### Note 44.

The Joint control operation and subsidiaries have mentioned in their financial statement that as per the terms of agreement the Afcons Infrastructure Limited is committed to provide additional funds as may be required to meet the working capital requirements of Jointly Controlled Operations. The aforementioned has been disclosed by a few subsidiaries as well.

Basis management's assessment, Afcons is committed to provide and can adequately source additional funds as may be required to meet the working capital requirements of these Jointly Controlled Operation/Subsidiary.

#### Note 45

The Company is currently evaluating the options to integrate Transtonnelstroy Afcons Joint Venture with Afcons. The said integration will be subject to necessary approvals of shareholders, creditors, clients, bankers and other authorities as may be required.

#### Note 46

On accounts of second wave of Covid 19, most of the states have declared lock down but have allowed infrastructure activity to be continued.

The Management and the Board of Directors have evaluated the impact of the pandemic on its business operations. The Company currently has a strong order book in excess of ₹ 30,000 crores (including L1), leading to a clear visibility of revenue over the next 18-24 months. Collection from customers have been normal during the lockdown period enabling the Company to meet all its liabilities (including employee payables) in a timely manner and without availing any moratorium as announced by the Reserve Bank of India. The Company has adequate unutilized fund-based credit facilities available, to take care of any urgent requirement of funds. The Company throughout the lockdown period and even subsequently has been able to maintain adequate control of its assets and there have been no significant changes to its control environment during the period.

Based on the above assessment, the Company strongly believes that there is no material impact of Covid 19 on these standalone financial statements. The Company has also made a detailed assessment of its liquidity position for the next 12 months from the balance sheet date. Further, there is no material impact foreseen on revenue and operating cash flow of the Company.

Accordingly, the pandemic is not likely to have a significant impact on the future operations, its profitability and recoverability of the carrying value of its assets, as at March 31, 2021 and on its control environment. The Company will continue to closely monitor material changes to future economic conditions, if any, as and when they arise.

#### 46.1 Notes pertaining to entities where Note on Covid 19 has been given by the auditors in their respective financial statements:

#### (a) Afcons Zambia Branch

"We draw attention to Note 23 of the financial statements which indicates the impact of Covid-19.In January 2020, the World Health Organisation declared COVID -19 to constitute a "Public Health Emergency of International Concern." Since then, more cases have been diagnosed, also in other countries. On 11th March 2020, the World Health Organisation (WHO) announced that the coronavirus outbreak can be characterised as a pandemic and many governments have introduced various measures to combat the outbreak, including travel restrictions and quarantines. The pandemic has resulted in some businesses closing and others performing lower than the budget and lockdown of certain areas.

Given the uncertainty of the situation, the duration of any business disruption and related financial impact cannot be reasonably estimated at this time. Our opinion is not modified in respect of this matter."

#### (b) Afcons Vijeta PES Joint Venture, Afcons JAL Joint Venture and Afcons Vijeta Joint Venture

"We draw attention to Note 24 to the Ind AS Financial Statements as regards to the management evaluation of COVID – 19 impact on the future performance of the Joint Venture. Our opinion on the financial statements is not modified in respect of the above matter."

## (c) Afcons Sibmost Joint Venture Joint Venture, Afcons SMC Joint Venture and Afcons Infrastructure Limited and Vijeta Projects and Infrastructures Limited Joint Venture

"We draw attention to Note 24 to the Ind AS Financial Statements as regards to the management evaluation of COVID – 19 impact on the business operations and future performance of the Joint Venture. Our opinion on the financial statements is not modified in respect of the above matter.

Further, our attendance at the physical inventory verification done by the management was impracticable under the current lock-down restrictions imposed by the government and we have therefore, relied on the related alternative audit procedures to obtain comfort over the existence and condition of inventory at year end."

#### Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued))

#### (d) Transtonnelstroy Afcons Joint Venture

"The coronavirus (Covid-19) outbreak (including the second wave) has impacted businesses globally in various forms and magnitude. In India as well, the emergency measures, in form of lock-down, imposed by governments to contain the spread of Covid-19 have led to disruption of businesses and economic activity. Pursuant to nationwide lockdown, as per the terms of contract, the Joint venture invoked Force Majeure clause in the ongoing project of Kolkata Metro and suspended /partially stopped works at all project sites (plants and offices). The Joint Venture, as far as ongoing UG-01 Project is concerned, invoked the 'change in law' clause by linking time to time imposition of various statutory restrictions imposed by the Govt. of India and Govt. of West Bengal and notified that the performance has been impacted. The Joint Venture has resumed operations in a phased manner as per directives from the Government of India and State Government. The Employer (KMRCL/GC) considered the invocation of Force Majeure Clause, (in place of "change in law" as requested by Joint Venture) of Contract and agreed to relief in the form of extension of time only, without costs. The Joint Venture, in response, made contract clarifications in support of its claim of invocation of "change in law. Currently the matter is under discussion.

The Supervisory Board is closely monitoring the impact of coronavirus pandemic on all aspects of its operations, including its liquidity position, recoverability/carrying values of its trade receivables, inventory, property, plant and equipment, and contract assets as at balance sheet date. The Supervisory Board has assessed this impact and future uncertainties resulting from Covid-19 based on the information available till the date of approval of these financial statements, including discussions with various stakeholders, views from experts and industry participants, forecasts by various agencies and organisations, market estimates, etc.

The Supervisory Board, based on assumptions and current estimates expects that the ongoing Kolkata metro project to be executed by December 2021 and also the carrying amount of its assets as reflected in the balance sheet as at March 31, 2021 will be recovered. Since the metro work at Chennai packages are completed there is no significant disruption on account of Covid-19 in those projects. The actual impact of Covid-19 on the business operations may, however, differ from that assessed by the Supervisory Board as at the date of approval of these financial statements. Due to the evolving nature of the pandemic and its response by various government authorities, the Supervisory Board will continue to monitor developments to identify significant uncertainties in future periods that may have an impact on our operations."

#### (e) Dahej Standby Jetty Project Undertaking

"The coronavirus (Covid-19) outbreak (including the second wave) has impacted businesses globally in various forms and magnitude. In India as well, the emergency measures, in form of lock-down, imposed by central and state governments to contain the spread of Covid-19 have led to disruption of businesses and economic activity. Since the project executed by the Joint Venture is completed and only the arbitration hearing for settlement of the claims against the customer is currently in process, the Supervisory Board do not foresee any significant impact of Covid-19 on the Joint Venture and expects that the carrying amount of its assets as reflected in the balance sheet as at 31st March 2021 will be recovered. The Supervisory Board will continue to monitor developments to identify significant uncertainties in future periods that may have impact on Joint Venture."

#### (f) Afcons Kuwait Branch

"The outbreak of the Coronavirus -The COVID-19 epidemic; has significantly impacted businesses around the world and led to disruption of businesses and economic activity.

As informed to us, the operations of the branch were partially impacted, following lockdown, nonetheless, the branch resumed operations in a phased manner and has been able to continue its operations till the year end. Based on written representations, the Management is closely monitoring the impact the COVID-19 pandemic on all aspects of its operations including significant accounting judgements and estimates, inter-alia including its liquidity position, recoverability/carrying values of its trade receivables and contract assets as at balance sheet date, and has evaluated and assessed the impact and future uncertainties resulting from Covid-19 based on internal and external sources of information including, discussions and views from experts and industry participants, market estimates, etc. based on the information available till the date of approval of these financial statements.

The management expects that the carrying amount of its assets as reflected in the Balance Sheet as at March 31, 2021 will be recovered. However, the impact assessment of COVID19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the actual impact on the business operations, may be different from that estimated as at the date of approval of these financial statements. The Management has confirmed that it will continue to monitor developments to identify significant uncertainties and material changes in future periods that may have an impact on the operations of the branch."

## 46.2 Notes pertaining to entities where Note on Going Concern has been given by the auditors in their respective financial statements:

## (a) Afcons Sener LNG Constructions Projects Pvt. Ltd.

Material uncertainty related to going concern:

"We draw attention to Note 19 to the standalone financial statements regarding, the company having incurred significant operational losses since earlier years whereby it's net worth has been completely eroded. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said Note."

## (b) Afcons Kuwait Branch

"Kuwait is considered a branch of the company, and its financial statements are consolidated with those of the company. The financial statements have been prepared on the basis of accounting policies applicable to a going concern, presuming that funds will be available to finance future operations, and that realization of assets and settlement of liabilities and commitments will occur in the ordinary course of business."

## Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

#### Note 47.

Tropical Cyclonic Storm Tauktae which originated in the Arabian Sea hit the western coast of India in Mid-May, 2021 and impacted Afcons, which was carrying out revamp of offshore platforms for one of its customer with its consortium partner Halani-Tes-Nauvata. Cyclone Tauktae caused damaged to project material, loss of life and vessels involved in the revamping of the offshore platforms. Company has taken adequate insurance cover for damage of material and also insurance policies required to be maintained for its employees and subcontractors employees. Besides the statutory compensation eligible to employees from insurance companies, Afcons has agreed to pay additional ex-gratia payment to all employees including sub-contracted employees, which is estimated to cost around ₹ 18 Crs. For the chartered vessels the risk liabilities for damages lie with the vessel owner and no liabilities will involve on Afcons or its customer.

#### Note 48. Financial instruments

#### 48.1 Capital management

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Company consists of net debt (borrowings as detailed in notes 14,16 and 20 offset by cash and bank balances) and total equity of the Company.

The Company reviews the capital structure on a regular basis. As part of this review, the Company considers the cost of capital and the risks associated with each class of capital. The gearing ratio at March 31, 2021 is 0.60 (net debt/equity).

#### 48.1.1 Gearing ratio

The gearing ratio at end of the reporting period was as follows.

(₹ in Crores)

Particulars	As at 31st March, 2021	As at 31st March, 2020		
Debt (i)	1,583.54	1,605.08		
Cash and bank balances	363.61	293.59		
Net debt	1,219.93	1,311.49		
Total Equity (ii)	2,020.37	1,915.49		
Net debt to equity ratio	0.60	0.68		

- (i) Debt is defined as long-term and short-term borrowings (excluding derivative, financial guarantee contracts as described in notes 14, 16 and 20 and includes interest accrued but not due on borrowings)
- (ii) Equity includes all capital and reserves of the Company that are managed as capital.

#### 48.2 Categories of financial instruments

The following table provides categorisation of all financial instruments at carrying value except non-current investments in un-quoted equity instruments, which are carried at cost.

(₹ in Crores)

Particulars	As at 31st March, 2021	As at 31st March, 2020
Financial assets		
Measured at fair value through profit or loss (FVTPL)		
(a) Mandatorily measured:		
(i) Mutual fund investments	-	-
Measured at amortised cost		
(a) Trade receivables	2,839.46	2,823.03
(b) Cash and bank balances	363.61	293.59
(c) Bank balance other than (b) above	90.22	108.09
(d) Loans	70.50	60.90
(e) Other financial assets	386.93	335.68
Measured at FVTOCI		
(a) Investments in equity instruments	0.40	0.15
Total Financial Assets	3,751.12	3,621.44
Financial liabilities		
Measured at amortised cost		
(a) Borrowings	1,583.54	1,605.08
(b) Trade payables	3,359.90	3,668.26
(c) Other financial liabilities	458.98	318.27
Total Financial Liabilities	5,402.42	5,591.61

#### 48.3 Financial risk management objectives

The Company's corporate treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk assessment and analyses forex exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

#### Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

The risk management is governed by the Company's policy approved by the board of directors, which provide written principles on foreign exchange risk, interest rate risk, the use of financial derivatives and non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis. The Company does not enter into or trade financial instruments, including derivative financial instruments for speculative purposes.

#### 48.4 Market risk

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company enters into a variety of derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk. Derivatives instruments are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

#### 48.5 Foreign currency risk management

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions in various countries. Foreign currency risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The objective of the hedges is to minimize the volatility of the INR cash flows. Company enters into a board approved list of derivative financial instruments to manage its exposure to foreign currency and mainly uses a combination of foreign currency option contracts, foreign exchange forward contracts to hedge its exposure in foreign currency risk.

The carrying amounts of the Company's unhedged foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	Liabili	ities	Asse	ets

#### 48.5.1 Foreign currency sensitivity analysis

The Company is mainly exposed to the currency of USD, EURO,KWD,GHS,ZMW,MUR, MZN and MRU.

The following table details the Company's sensitivity to a 5% increase and decrease in the Indian Rupee against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. This is mainly attributable to the exposure outstanding on receivable and payables in the Company at the end of the reporting period. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A positive number below indicates an increase in the profit or equity where the Indian Rupee strengthens 5% against the relevant currency. For a 5% weakening of the Rupee against the relevant currency , there would be a comparable impact on the profit or equity, and the balances below would be negative. The impact of 5 % is also applicable on outstanding foreign currency loans as on the reporting date.

Particulars	USD Currency Impact		Euro Curre	ncy Impact	KWD Currency Impact		
	2020-2021	2019-2020	2020-2021	2019-2020	2020-2021	2019-2020	
Impact on profit or loss for the year							
Increase in exchange rate by 5%	4.69	2.41	(8.99)	(3.01)	2.16	9.12	
Decrease in exchange rate by 5%	(4.69)	(2.41)	8.99	3.01	(2.16)	(9.12)	

Particulars	GHS currency impact		ZMW curre	ncy impact	MUR currency impact		
	2020-2021	2019-2020	2020-2021	2019-2020	2020-2021	2019-2020	
Impact on profit or loss for the year							
Increase in exchange rate by 5%	(17.59)	(20.83)	(18.85)	(28.95)	1.99	1.17	
Decrease in exchange rate by 5%	17.59	20.83	18.85	28.95	(1.99)	(1.17)	

Particulars	MZN curre	ncy impact	MRU currency impact		
	2020-2021 2019-2020		2020-2021	2019-2020	
Impact on profit or loss for the year					
Increase in exchange rate by 5%	1.83	(0.57)	(6.62)	(11.39)	
Decrease in exchange rate by 5%	(1.83)	0.57	6.62	11.39	

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

#### 48.5.2 Derivative financial instruments

There are no derivative financial instruments outstanding at the end of the reporting period.

#### Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

#### 48.6 Interest rate risk management

The Company is exposed to interest rate risk because entities in the company borrow foreign currency and local currency funds at floating interest rates. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied.

The Company's exposure to interest rate changes at the end of reporting period are as follows:

(₹ in Crores)

Particulars	Year ended 31 <sup>st</sup> March, 2021	Year ended 31 <sup>st</sup> March, 2020
Borrowing at Fixed Rate	1,006.01	1,136.23
Borrowing at Floating Rate	572.82	468.85
Total Borrowings	1,578.83	1,605.08

#### 48.6.1 Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the Company's profit for the year ended March 31, 2021 would decrease/increase by ₹ 2.86 crores (March 31, 2020: decrease/increase by ₹ 2.34 crores). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

#### 48.7 Other price risks

The Company is exposed to equity price risks arising from mutual funds and equity investments. Certain of the Company's equity investments are held for strategic rather than trading purposes.

Mutual fund investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments. However, due to the very short tenure of the underlying portfolio in the liquid schemes, these do not hold any significant price risks.

#### 48.7.1 Equity price sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to equity price risks at the end of the reporting period.

If equity prices had been 5% higher/lower:

Other comprehensive income for the year ended March 31, 2021 would increase / decrease by ₹ 0.01 crores (2019-2020: increase / decrease by ₹ 0.02 crores) as a result of the changes in fair value of equity investments measured at FVTOCI.

#### 48.8 Credit risk management

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk arises from investment in debt instruments, loans, trade receivables, other receivables, cash and bank balance and derivative financial instruments.

The Company is exposed to credit risk on its financial assets, which comprise cash and cash equivalents, bank deposits, trade receivables and loan receivables. The exposure to credit risks arises from the potential failure of counterparties to meet their obligations. The maximum exposure to credit risk at the reporting date is the carrying amount of the financial instruments.

Cash and cash equivalents, bank deposits are held with only high rated banks/financial institutions, credit risk on them is therefore insignificant.

#### Trade receivables and loan receivable

The Company assesses and manages credit risk on an internal credit evaluation system. It is performed by the finance team in conjunction with the relevant business teams depending on the nature and type of the financial asset being evaluated.

The customer base of the Company, is highly comprises of government parties and Holding Company. Further, Company is having certain short term loan receivables from the Group entities. Collateral is generally not obtained from customers. Other customers are subject to credit verification procedures including an assessment of their independent credit rating, financial position, past experience and industry reputation.

- (A) To measure the expected credit losses on (a) trade receivables from government parties, and (b) trade receivables and loan receivables from group companies, they have been considered to enjoy the low credit risk as they meet the following criteria:
  - i) they have a low risk of default,
  - ii) the counterparty is considered, in the short term, to have a strong capacity to meet its obligations in the near term, and
  - iii) the Company expects, in the longer term, that adverse changes in economic and business conditions might, but will not necessarily, reduce the ability of the borrower to fulfill its obligations.
- (B) Cash and cash equivalents, bank deposits are held with only high rated banks/financial institutions, credit risk on them is therefore insignificant.

## Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

(C) For other trade receivables (including contract assets), the Company uses "General Model" for the measurement of expected credit loss (ECL) for trade receivables as well as contract asset

The measurement of ECL under general model depends on whether credit risk has increased significantly since initial recognition. These credit risk is regularly monitored based on historic turnover activity and credit performance of every customer. In addition, overdue receivable balances are monitored and actioned on a regular basis. When the credit risk has not increased significantly after initial recognition, a provision shall be made for the 12-month expected loss, otherwise shall be made for the entire lifetime.

The Company considers the probability of default upon initial recognition of asset and whether there is a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information which considers multiple factors such as:

- internal credit rating
- external credit rating (as far as available)
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- actual or expected significant changes in the operating results of the borrower
- significant increase in credit risk on other financial instruments of the same borrower
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the Company and changes in the operating results of the borrower.

The Company has used practical expedient by computing expected credit loss allowance for trade receivable by taking into consideration payment profiles of sales over a period of 60 months before the reporting date and the corresponding historical credit loss experiences within this period. The historical loss rates are adjusted to reflect current and forward looking information on macro economic factors affecting the ability of the customers to settle the receivables. The expected credit loss is based on the Ageing of the days, the receivables due and the expected credit loss rate. In addition, in case of event driven situation as litigations, disputes, change in customer's credit risk history, specific provisions are made after evaluating the relevant facts and expected recovery.

Refer note 5 and note 8 for reconciliation of expected credit loss balance on financial assets.

#### 48.9 Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the management, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term, and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

#### 48.9.1 Liquidity risk table

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include principal cash flows along with interest. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(₹ in Crores)

Particulars	Weighted average effective interest rate (%)	Upto 1 year	1 to 5 years	5+years	Total
31 <sup>st</sup> March, 2021					
Borrowings	8.26%	1,171.09	533.90	17.07	1,722.06
Trade payables		2,907.64	452.26	-	3,359.90
Other financial liabilities		203.25	248.59	-	451.84
		4,281.98	1,234.75	17.07	5,533.80
31st March, 2020					
Borrowings	8.51%	1,085.96	619.90	48.91	1,754.77
Trade payables		3,111.14	557.12	-	3,668.26
Other financial liabilities		182.93	129.46	-	312.39
		4,380.03	1,306.48	48.91	5,735.42

The Company is exposed to credit risk in relation to guarantees given. The Company's maximum exposure in this respect is the maximum amount the Company could have to pay if the guarantee is called on. Based on expectations at the end of the reporting period, the Company considers that it is more likely that such an amount will not be payable under the arrangement. However, this estimate is subject to change depending on the probability of the counterparty claiming under the guarantee which is a function of the likelihood that the beneficiary under the guarantee may default.

Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

#### 48.10 Fair value measurements

This note provides information about how the Company determines fair values of various financial assets and financial liabilities.

#### 48.10.1 Fair value of the Company's financial assets and financial liabilities that are measured at fair value on a recurring basis

Some of the Company's financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and inputs used).

(₹ in Crores)

Financial assets / financial	Fair	/alue	Fair value	Valuation technique(s) and key input(s)
liabilities	As at	As at	hierarchy	
	31st March, 2021	31st March, 2020		
Investments in equity	0.40	0.15	Level 1	The investment in quoted instruments are
instruments at FVTOCI				measured at fair value based on quoted prices
(quoted) (see note 1)				in active market.

Note 1: These investments in equity instruments are not held for trading. Instead, they are held for medium or long-term strategic purpose. Upon the application of Ind AS 109, the group has chosen to designate these investments in equity instruments as at FVTOCI as the directors believe that this provides a more meaningful presentation for medium or long-term strategic investments, than reflecting changes in fair value immediately in profit or loss.

## 48.10.2 Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The carrying amounts of the following financial assets and financial liabilities (other than Long Term Borrowings) are a reasonable approximation of their fair values. Accordingly, the fair values of such financial assets and financial liabilities have not been disclosed separately.

#### a) Financial Assets

Cash and bank balances

Bank balance other than above

Trade receivables

Loans

Other financial assets

#### b) Financial Liabilities

Short-term borrowings

Trade payables

Other financial liabilities

Lease Liabilities

The carrying amount and fair value of Long Term Borrowings, which are measured at amortised cost is disclosed in table below:

(₹ in Crores)

Particulars	As at 31st March, 2021		As at 31st March, 2020	
	Carrying amount Fair value 0		Carrying amount	Fair value
Financial liabilities				
Financial liabilities held at amortised cost:	747.82	750.74	668.85	676.99
- Borrowings	747.82	750.74	668.85	676.99

Note No 49. Disclosure pursuant to Ind AS 115, "Revenue from Contracts with Customers".

(i) Disaggregation of revenue from contracts with customers into geographical areas for the year ended March 31, 2021 recognised in the statement of profit & loss

Particulars	As at 31st March, 2021	As at 31 <sup>st</sup> March, 2020
Segment revenue		
India	6,026.27	6,094.98
Outside India	2,904.40	3,159.99
Revenue from external customers	8,930.67	9,254.97
Timing of revenue recognition		
At a point in time	126.07	75.25
Over time	8,804.60	9,179.72
	8,930.67	9,254.97

## Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

#### (ii) Unsatisfied performance obligations:

The aggregate amount of transaction price allocated to performance obligation that are unsatisfied as at the end of reporting period is ₹ 28,276.92 Crores (Previous year ₹ 27,847.18 Crores). Management expects that about 30% of the transaction price allocated to unsatisfied contracts as of 31st March, 2021 will be recognized as revenue during next reporting period depending upon the progress of each contracts. The remaining amount is expected to be recognised in subsequent years..

#### (iii) Reconciliation of contract price with revenue recognised during the year:

(₹ in Crores)

Particulars	Amount
Revenue as per contract price	9,130.91
Adjustments for:	
Payments on behalf of customer	(200.24)
Revenue from Operations	8,930.67

#### (iv) Significant changes to Contract Asset and Contract Liability from April 1, 2020 to March 31, 2021

(₹ in Crores)

Particulars	Contract Assets	Contract Liabilities
April 1, 2020	4,686.49	4,531.68
Changes in Contract Asset/ Liabilities	(860.58)	(520.24)
March 31, 2021	3,825.91	4,011.44

<sup>\*</sup> The contract assets and liabilities undergo a change periodically, due to changes in the contractual estimates for the projects on account of any change in scope of work, unprecedented delays, etc. During the year the Company has additionally recognised a loss allowance for contract assets in accordance with Ind AS 109. The company has also estimated additional costs to be incurred on various projects due to Covid-19 pandemic.

- (v) For movement in Expected Credit Loss of Trade Receivables and Contract Assets, refer Note 8.1 of the financial statement.
  - For Trade Receivables refer Note 5 of the financial statement.
  - For Contract liabilities of the Consolidated refer Note 17 of the financial statement.

## (vi) Contracts assets and liabilities balance

(₹ in Crores)

Particulars	As at 31 <sup>st</sup> March, 2021	As at 31 <sup>st</sup> March, 2020
Contracts in progress at the end of the reporting period:		
Construction cost incurred plus recognised profits less recognised loss to date	31,314.00	22,522.66
Less : Progress billings	28,948.09	18,959.82
	2,365.91	3,562.84
Recognised and included in the financial statements as amounts due :		
- from customers under construction contracts	3,825.91	4,686.49
- to customers under construction contracts	(1,460.00)	(1,123.65)
	2,365.91	3,562.84

<sup>(</sup>vii) The Company recognised revenue amounting to ₹ 933.64 crores in the current reporting year (Previous year ₹ 604.53 crores) that was included in the contract liability as of April 01, 2020

#### Note 50 - Disclosure pursuant to Ind AS 116 "Leases".

The Company leases land and buildings. Rental contracts are typically made for fixed periods of 12 months to 6 years, but may have extension options as described in (ii) below.

### (i) Amounts recognised in the balance sheet

## a. Right-to-use assets

(₹ in Crores)

Particulars	Note	As at 31 <sup>st</sup> March, 2021	As at 31 <sup>st</sup> March, 2020
Land	3.C	15.38	12.61
Building	3.C	10.84	30.86

#### b. Lease Liabilities

Particulars	Note	As at 31 <sup>st</sup> March, 2021	As at 31 <sup>st</sup> March, 2020
Current	-	14.53	29.23
Non-current	-	13.12	16.47

#### Notes forming part of the standalone financial statements as at and for the year ended 31st March, 2021 (Continued)

#### (ii) Amounts recognised in the statement of profit and loss

(₹ in Crores)

Particulars	Note	Year ended 31 <sup>st</sup> March, 2021	Year ended 31 <sup>st</sup> March, 2020
Expense relating to short-term leases (included in other expenses)	29	364.46	368.45
Expense relating to leases of low-value assets that are not shown above as short-term leases (included in other expenses)	29	0.16	0.30
Expense relating to variable lease payments not included in lease liabilities	29	-	-
Interest on lease liability	27	3.18	4.54
Depreciation during the year	28	30.73	29.25
Total		398.53	402.54

<sup>\*\*</sup> Rent expense relating to short term leases of identified assets and variable lease payments under Ind AS 116 included in Note 24.1 and Note 29 as mentioned above stands to ₹ 364.46 Cr. However, the total of rent and hire charges included in Note 24.1 and Note 29 stands at ₹ 510.62 Cr, the differential of ₹ 146.16 Cr is on account of hire charges of the assets which are unidentified assets under Ind AS 116.

#### (iii) Maturities of lease liabilities as at March 31, 2021

(₹ in Crores)

Particulars	Upto 1 year	1-5 years	5 and More years	Total
Lease liabilities	15.01	16.10	0.28	31.39
	15.01	16.10	0.28	31.39

(iv) Total cash outflow for leases for the year ended 31st March, 2021 was ₹ 31.54 cr

#### (v) Extension and termination options

Extension and termination options are included in a number of Land, Office Premises, Houses and Godowns leases across the company. These are used to maximise operational flexibility in terms of managing the assets used in the Company's operation. The majority of extension and termination options held are exercisable only by the Company and not by the respective lessor.

#### (vi) Practical expedients applied:

In applying Ind AS 116 for the first time, the Company has used the following practical expedients permitted by the standard:

- applying a single discount rate to a portfolio of leases with reasonably similar characteristics
- accounting for operating leases with a remaining lease term of less than 12 months as at 1st April, 2020 as short-term leases
- using hindsight in determining the lease term where the contract contains option to extend or terminate the lease
- excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application.

#### (vii) Lessor accounting

The Company did not need to make any adjustments to the accounting for assets held as lessor under operating leases as a result of the adoption of Ind AS 116.

#### Note 51

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

#### Note 52

The financial statement was approved and adopted by the board of directors during the Board Meeting held on 30th June, 2021

#### INDEPENDENT AUDITOR'S REPORT

To the Members of Afcons Infrastructure Limited Report on the Audit of the Consolidated Financial Statements

#### Opinion

- 1. We have audited the accompanying consolidated financial statements of Afcons Infrastructure Limited (the "Parent") which includes 20 branches at Mauritius, Liberia, Bangladesh (2), Ghana, Zambia, Bhutan, Jordan, Bahrain, Kuwait, Saudi Arabia, Mozambique, Mauritania, Oman, Abu Dhabi, Qatar, Indonesia, Iraq, Tanzania and Gabon and 14 jointly controlled operations consolidated on a proportionate basis and its 12 subsidiaries (Parent, branches, jointly controlled operations and its subsidiaries together referred to as "the Group") (refer Notes 2(a) and 2(b) to the attached consolidated financial statements), which comprise the consolidated Balance Sheet as at March 31, 2021, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information prepared based on the relevant records. (hereinafter referred to as "the consolidated financial statements").
- 2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, of consolidated total comprehensive income (comprising of profit and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

#### **Basis for Opinion**

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 15 of the Other Matters section below, other than the unaudited financial statements/ financial information as certified by the management and referred to in paragraph 16 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of Matter**

- 4. We draw attention to the following matters:
  - a) Note 47 to the Consolidated financial statements which describes the management's assessment of the impact of the outbreak of Coronavirus (Covid-19) on the business operations of the Group. The Group believes that no additional adjustments are required in the financial statements, however, in view of various preventive measures taken (such as complete lock-down including travel restrictions) and highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve.
  - b) Note 40 of the Consolidated financial statements, regarding delay in recovery of ₹ 181.99 Crores and ₹ 3.62 crores from a customer which are disclosed under note 8 'Contract assets' and note 5 'Trade receivables" respectively, which is dependent upon finalization of arbitration award in favour of the Company. In addition, the Company has preferred two claims in respect of the same project as mentioned in the note.
  - c) Note 36 (b) of the Consolidated financial statements, regarding delay in recovery of advances of ₹ 189.98 Crores from Afcons Gunanusa Joint Venture (a jointly controlled operation) in respect of a project which is dependent upon finalisation of arbitration award in favour of the jointly controlled operation.
  - d) Audit report on the Standalone financial statements of Transtonnelstroy Afcons (a jointly controlled operation) issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"We draw attention to Note 32 to the Financial Statements, which describes the uncertainties relating to the outcome of the negotiation/arbitration/ Dispute Adjudication Board proceedings in respect of variations recognised by the joint venture in current and earlier years, on account of cost overruns due to unforeseen geological conditions, delays in handing over of land, change in scope of work, etc. Based on the Management's estimates of the timing and amount of recoverability, which is supported by technical evaluation, the amounts recognised as amount due from customers under construction contract as stated above are considered as good and fully recoverable by the management.

Our opinion is not modified in respect of this matter."

Note 32 as described above is reproduced as note 37(a) to the Consolidated Financial Statements.

Further, in respect of the matter emphasized above, we draw attention to Note 37(b) of the Consolidated financial statements, regarding delay in recovery of receivable amount of ₹ 959.91 Crores from Transtonnelstroy Afcons (the Jointly controlled operation) in respect of the project, which is dependent upon finalization of arbitration award in favour of the jointly controlled operation.

e) Audit report on the financial statements of Afcons Zambia branch issued by an independent firm of auditors vide its report dated May 27, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"We draw attention to Note 23 of the financial statements which indicates the impact of Covid-19.

In January 2020, the World Health Organisation declared COVID -19 to constitute a "Public Health Emergency of International Concern." Since then, more cases have been diagnosed, also in other countries.

On 11 March 2020, the World Health Organisation (WHO) announced that the coronavirus outbreak can be characterised as a pandemic and many governments have introduced various measures to combat the outbreak, including travel restrictions and quarantines. The pandemic has resulted in some businesses closing and others performing lower than the budget and lockdown of certain areas.

Given the uncertainty of the situation, the duration of any business disruption and related financial impact cannot be reasonably estimated at this time. Our opinion is not modified in respect of this matter"

Note 23 as described above is reproduced as 47.1 (a) to the Consolidated Financial Statements.

f) Audit report on the financial statements of Afcons Vijeta PES Joint Venture, Afcons JAL Joint Venture and Afcons Vijeta Joint Venture issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"We draw attention to Note 24 to the Ind AS Financial Statements as regards to the management evaluation of COVID – 19 impact on the future performance of the Joint Venture. Our opinion on the financial statements is not modified in respect of the above matter."

Note 24 as described above is reproduced as 47.1 (b) to the Consolidated Financial Statements.

g) Audit report on the financial statements of Afcons Sibmost Joint Venture, Afcons SMC Joint Venture and Afcons Infrastructure Limited and Vijeta Projects and Infrastructures Limited Joint Venture issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"We draw attention to Note 24 to the Ind AS Financial Statements as regards to the management evaluation of COVID – 19 impact on the business operations and future performance of the Joint Venture. Our opinion on the financial statements is not modified in respect of the above matter.

Further, our attendance at the physical inventory verification done by the management was impracticable under the current lock-down restrictions imposed by the government and we have therefore, relied on the related alternative audit procedures to obtain comfort over the existence and condition of inventory at year end."

Note 24 as described above is reproduced as 47.1 (c) to the Consolidated Financial Statements.

h) Audit report on the financial statements of Afcons Sener LNG Construction Projects Private Limited issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"Material uncertainty related to going concern

We draw attention to Note 19 to the standalone financial statements regarding, the company having incurred significant operational losses since earlier years whereby it's net worth has been completely eroded. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said Note."

Note 19 as described above is reproduced as note 47.2 (a) to the Consolidated Financial Statements.

i) Audit report on the Standalone financial statements of Afcons Infrastructure Ltd- Kuwait Operations branch issued by an independent firm of chartered accountants vide its report dated June 29, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"Kuwait is considered a branch of the company, and its financial statements are consolidated with those of the company. The financial statements have been prepared on the basis of accounting policies applicable to a going concern, presuming that funds will be available to finance future operations, and that realization of assets and settlement of liabilities and commitments will occur in the ordinary course of business.

The outbreak of the Coronavirus -The COVID-19 epidemic; has significantly impacted businesses around the world and led to disruption of businesses and economic activity.

As informed to us, the operations of the branch were partially impacted, following lockdown, nonetheless, the branch resumed operations in a phased manner and has been able to continue its operations till the year end. Based on written representations, the Management is closely monitoring the impact the COVID-19 pandemic on all aspects of its operations including significant accounting judgements and estimates, inter-alia including its liquidity position, recoverability/carrying values of its trade receivables and contract assets as at balance sheet date, and has evaluated and assessed the impact and future uncertainties resulting from Covid-19 based on internal and external sources of information including, discussions and views from experts and industry participants, market estimates, etc. based on the information available till the date of approval of these financial statements.

The management expects that the carrying amount of its assets as reflected in the Balance Sheet as at March 31, 2021 will be recovered. However, the impact assessment of COVID19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the actual impact on the business operations, may be different from that estimated as at the date of approval of these financial statements. The Management has confirmed that it will continue to monitor developments to identify significant uncertainties and material changes in future periods that may have an impact on the operations of the branch."

j) Audit report on the financial statements of Afcons Overseas Singapore Pte Ltd. (a subsidiary) issued by an independent firm of chartered accountants vide its report dated June 23, 2021 includes an emphasis of matter paragraph which is reproduced by us as under:

"The outbreak of the Coronavirus – The Covid -19 epidemic; has significantly impacted business around the world and led to disruption of business and economic activity.

As informed to us, the operations of the subsidiary were partially impacted, following lockdown, nonetheless, the subsidiary resumed operations in a phased manner and has been able to continue operations till the year end. Based on written representations, the Management is closely monitoring the impact of Covid-19 pandemic on all aspects of its operations including

significant accounting judgements and estimates, inter-alia including assets as at balance sheet date, and has evaluated and assessed the impact and future uncertainties resulting from Covid-19 based on internal and external sources of information including, discussion and views from experts and industry participants, market estimates, etc. based on the information available till date of approval of these financial statements.

The management expects that the carrying amount of its assets as reflected in the Balance Sheet as at March 31, 2021 will be recovered. However, the impact assessment of Covid-19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the actual impact on the business operations, may be different from that estimated as at the date of approval of these financial statements. The management has confirmed that it will continue to monitor developments to identify significant uncertainties and material changes in future periods that may have an impact on the operations of the subsidiary."

k) Audit report on the financial statements of Afcons Construction Mideast LLC Dubai (a Subsidiary) issued by an independent firm of chartered accountants vide its report dated June 23, 2021 includes an emphasis of matter which is reproduced by us as under:

"Without qualifying our opinion, we draw attention to note 2 to the financial statements relating to the going concern consideration. The continuance of the Company's operations is dependent on the introduction of sufficient funds by the shareholders and its future profitability.

The outbreak of the Coronavirus -The COVID-19 epidemic; has significantly impacted businesses around the world and led to disruption of businesses and economic activity.

As informed to us, the operations of the subsidiary were partially impacted, following lockdown, nonetheless, the subsidiary resumed operations in a phased manner and has been able to continue its operations till the year end. Based on written representations, the Management is closely monitoring the impact the COVID-19 pandemic on all aspects of its operations including significant accounting judgements and estimates, inter-alia including its liquidity position, recoverability/carrying values of its trade receivables and contract assets as at balance sheet date, and has evaluated and assessed the impact and future uncertainties resulting from Covid-19 based on internal and external sources of information including, discussions and views from experts and industry participants, market estimates, etc. based on the information available till the date of approval of these financial statements

The management expects that the carrying amount of its assets as reflected in the Balance Sheet as at March 31, 2021 will be recovered. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the actual impact on the business operations, may be different from that estimated as at the date of approval of these financial statements. The Management has confirmed that it will continue to monitor developments to identify significant uncertainties and material changes in future periods that may have an impact on the operations of the subsidiary."

Note 2 as described above is reproduced as note 47.2 (c) to the Consolidated Financial Statements.

Our opinion is not modified in respect of the above matters.

#### **Key Audit Matters**

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## Key audit matter

## Estimation of contract cost and revenue recognition | Our p

(Refer note 1.B.3 and 22 to the consolidated financial statements)

The Contract prices for engineering, procurement and construction contracts, which usually extend over a period of 2-3 years, are fixed / subject to price variance clauses.

The contract revenue is measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion.

This method requires the w to perform an initial assessment of total estimated cost and further, reassess the total construction cost at each reporting period to determine the appropriate percentage of completion.

We considered the estimation of construction contract cost as a key audit matter given the involvement of significant management judgement which has consequential impact on revenue recognition.

#### How our audit addressed the key audit matter

Our procedures over the recognition of construction revenue included the following:

- Understood and evaluated the design and tested operating effectiveness of key internal financial controls, including those related to review and approval of estimated project cost and review of provision for estimated loss by the authorised personnel.
- For sample of contracts, we obtained the percentage of completion calculations, agreed key contractual terms back to signed contracts, tested the mathematical accuracy of the cost to complete calculations and re-performed the calculation of revenue recognized during the year based on the percentage of completion.
- For costs incurred till date, we tested samples to appropriate supporting documentation and performed cut-off procedures.
- To test the forecasted cost to complete, we obtained the breakdown of forecasted costs and tested elements of the forecast by obtaining executed purchase orders and agreements, evaluating reasonableness of the assumptions underlying management's judgements (including those related to contract performance under the lockdown and other restrictions imposed by government), using past trends and comparing the estimated costs to the actual costs incurred for the similar completed projects.
- Checked the appropriateness of disclosures made in the consolidated financial statements pursuant to requirements of applicable accounting standards

Based on the procedures performed above, we considered manner of estimation of contract cost and recognition of revenue to be reasonable.

#### Key audit matter

## Valuation of contract assets and accounts receivable in view of risk of credit losses

(Refer to Note 5 and 8 to the consolidated financial statement)

Accounts receivables and contract assets amounting to ₹ 3049.40 crores & ₹ 3948.40 crores respectively (including retention receivables) are significant item in the Group's consolidated financial statements as at March 31, 2021 and assumptions used for estimating the credit loss on receivables and contract assets is an area which is influenced by management's judgment.

The Group makes an assessment of the estimated credit losses basis credit risk, project status, past history, latest discussion/ correspondence with the customer.

The Group has a concentration of credit exposure on certain customers, which include government and private organisations as well where there are delays in collections due to various reasons. The management has assessed the appropriateness of provisions recognised on receivables and contract assets, basis factors such as the credit risk of the customer, status of the project, discussions with the customers and contractual terms. This involves significant judgement.

Given the relative significance of these receivables/ contract assets to the consolidated financial statements and the nature and extent of audit procedures involved to assess the recoverability of receivables/contract assets, we determined this to be a key audit matter.

#### How our audit addressed the key audit matter

Our audit incorporated the following procedures with regard to accounts receivables and contract assets;

- Understood and evaluated the accounting policy of the Group for provisioning against expected credit losses.
- Evaluated the design and tested the operating effectiveness of key controls in relation to determination of expected credit losses and provisioning against the same.
- Inquired with senior management regarding status of collectability of the receivable /contract assets.
- Held discussions with the audit committee on the basis of provision against significant and long outstanding balances.
- Reviewed the correspondence with customers to assess recoverability of the receivables.
- Perused the chartered engineer reports obtained by the management in respect of status of various on-going projects, to assess the validity of Group's claims.
- Perused the legal opinions obtained by the management to assess the recoverability of claims in respect of disputed matters, and with the involvement of auditor's experts assessed the adequacy and necessity of provision against the receivables.
- Assessed appropriateness of the underlying information used by the Management to determine the expected credit losses by considering credit risk of the customer, cash collection, performance against historical trends, status of projects and the level of credit loss charges over time;

Based on our procedures as stated above, no significant deviations were observed in respect of management's assessment of valuation of accounts receivables and contract assets.

#### Other Information

- 6. The Parent's Board of Directors are responsible for the other information. The other information comprises the information included in the Board report but does not include the consolidated financial statements and our auditor's report thereon. The Board report is expected to be made available to us after the date of this auditor's report.
  - Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
  - In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Board reports, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations.

## Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

- 7. The Parent's Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.
- 8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
- 9. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

- 11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the
    circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent
    has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such
    controls
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures
    made by management.
  - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
  - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and
    whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair
    presentation.
  - Obtain sufficient appropriate audit evidence regarding the financial information of the entities including branches and jointly
    controlled operations and business activities within the Group to express an opinion on the consolidated financial statements.
    For the other entities including branches and jointly controlled operations included in the consolidated financial statements, which
    have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the
    audits carried out by them. We remain solely responsible for our audit opinion.
- 12. We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

- 15. We did not audit
  - i) financial statements/ financial information of 1 branch, 14 jointly controlled operations and 6 subsidiaries whose financial statements (before eliminating intercompany transactions) reflect total assets of ₹ 3,405.91 Crores and net assets of ₹ 124.50 Crores as at March 31, 2021, total revenue of ₹ 1,714.29 Crores, total comprehensive income (comprising of net profit and other comprehensive income) of ₹ 28.17 Crores and net cash flows amounting to ₹ 24.47 Crores for the year ended on that date, as considered in the consolidated financial statements. These financial statements/ financial information have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of these branch, jointly controlled operations and subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid branch, jointly controlled operations and subsidiaries, is based solely on the reports of the other auditors.
  - ii) financial statements/ financial information of 6 branches and 1 subsidiary whose financial statements (before eliminating intercompany transactions) reflect total assets of ₹ 1,706.24 Crores and net assets of ₹ 1,407.23 crores as at March 31, 2021, total revenue of ₹ 2,391.64 Crores, total comprehensive income (comprising of net profit and other comprehensive income) of ₹ 533.87 crores and net cash flows amounting to ₹ 12.91 Crores for the year then ended, have been prepared in accordance with accounting principles generally accepted in their respective countries and have been audited by other auditors under generally accepted auditing standards applicable in their respective countries whose reports have been furnished to us by the Management, and our opinion on the Statement insofar as it relates to the amounts and disclosures included in respect of these branches and subsidiary is based solely on the reports of the other auditors. The Parent's management has converted the financial statements of such branches and subsidiary located outside India from the accounting principles generally accepted in their respective countries to the accounting principles generally accepted in India. We have audited these conversion adjustments made by the Parent's management. Our opinion insofar as it relates to the balances and affairs of such branches, subsidiary located outside India, including other information, is based on the report of other auditors and the conversion adjustments prepared by the management of the Parent and audited by us.

- 16. We did not audit the financial statements/ financial information 13 branches and 5 subsidiaries whose financial statements (before eliminating intercompany transactions) reflect total assets of Rs 769.09 Crores and net assets of ₹ 776.99 Crores as at March 31, 2021, total revenue of ₹ 194.73 Crores, total comprehensive income (comprising of net profit and other comprehensive income) of ₹ 18.01 Crores and net cash flows amounting to ₹ 31.43 Crores for the year ended on that date, as considered in the consolidated financial statements. These financial statements are unaudited and have been furnished to us by the Management, and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of these branches and subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial statements/ financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements/ financial informations are
- 17. Audit report on the financial statements of Bhutan Branch issued by an independent firm of chartered accountants vide its report dated May 31, 2021 includes Other matter paragraph which is reproduced by us as under:

"Covid-19 Limitation Clause

- The audit has been conducted remotely with documents obtained electronically from the client due to restriction in physical movement by the auditor and the audit team for lockdown state imposed by the government of both India and Bhutan due to Covid-19 pandemic Hence, our opinion expressed in the present report is based on limited information, facts and information made available to us through electronic means by the management of the Company. However, we have exercised all the requirement audit procedures prescribed by the ICAI's standards on Auditing and the guidelines issued by AASB-ICAI in relation to audit reporting amid Covid-19 pandemic."
- 18. Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

#### Report on Other Legal and Regulatory Requirements

- 19. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
  - The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements
  - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
  - (e) On the basis of the written representations received from the directors of the Parent as on March 31, 2021 taken on record by the Board of Directors of the Parent and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act
  - With respect to the adequacy of internal financial controls with reference to financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.
  - With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - The group has disclosed the impact of pending litigation as at March 31, 2021 on the consolidated financial statement Refer Note 29, 36, 37, 39, 40 and 42 to the consolidated financial statements.
    - The group has made provision as at March 31, 2021, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts- Refer Note 18 to the consolidated financial statements in respect of such items as it relates to the Group. Further the Group operations did not have any material foreseeable losses on derivative contracts as at March 31, 2021.
    - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund during the year ended March 31, 2021 by the Parent and its subsidiaries incorporated in India.
    - The reporting on disclosures relating to Specified Bank Notes is not applicable to the Group for the year ended March 31, 2021.
- 20. The Group has paid / provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

#### Annexure A to Independent Auditors' Report

Referred to in paragraph 19(f) of the Independent Auditors' Report of even date to the members of Afcons Infrastructure Limited on the consolidated financial statements for the year ended March 31, 2021

#### Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls with reference to consolidated financial statements of Afcons Infrastructure Limited (hereinafter referred to as "Parent") as of March 31, 2021 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date, which includes the internal financial controls over financial reporting of the Company's 20 branches and its 4 subsidiary companies which are Companies incorporated in India.

#### Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary companies, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to consolidated financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditor's Responsibility

- Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.
- Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.
- We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the Parent's internal financial controls system with reference to consolidated financial statements.

## Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Parent including its branches and its 12 subsidiaries, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. (Refer para 4 (a) of our main Audit Report)

## Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to the 4 branches of the Parent and 4 subsidiary companies, which are Companies incorporated in India, is based on the corresponding report of the auditors of the branches and report of the auditors of such Companies incorporated in India. Our opinion is not qualified in respect of this matter.

## Consolidated Cash Flow Statement for the year ended 31st March, 2021

(₹ in Crores)

Consolidated Cash Flow Statement for the year ended 51" March, 2021	T_	(Kill Cioles
Particulars	For the year ended 31st March, 2021	For the year ended 31 <sup>st</sup> March, 2020
Net cash flow from operating activities		
Profit before tax	290.50	375.62
less: Tax expense	120.61	127.93
Profit after tax	169.89	247.69
Adjustments for :		
Depreciation and amortisation expense	249.97	240.30
(Profit) / loss on property, plant and equipments sold/scrapped (net)	7.91	10.63
Interest income recognised in profit or loss	(102.03)	(22.25)
Insurance claim received	(8.45)	(70.23)
Finance costs	467.57	390.79
Remeasurement of defined benefit liabilities / (assets) through OCI	0.86	(5.82)
Bad debts / unbilled revenue and sundry debit balances written off	214.67	94.34
Provision for expected credit loss	16.00	10.89
Creditors / excess provision written back	(14.90)	(7.89)
Provision for projected losses on contract (net)	23.20	5.49
Operating profit before working capital changes	1,145.30	1,021.87
(Increase) / decrease in trade receivables (including retention monies)	(37.81)	(725.65)
(Increase) / decrease in inventories	128.77	(210.16)
(Increase) / decrease in contract assets	909.30	(834.87)
(Increase) / decrease in financial assets	(123.63)	18.79
(Increase) in non-financial assets	(324.84)	(445.99)
Increase / (decrease) in trade payables	(339.21)	1,049.00
Increase / (decrease) in contract liabilities	(518.55)	1,157.54
Increase in financial liabilities	139.45	133.05
(Decrease) / Increase in non-financial liabilities	(17.00)	8.43
Cash from operations	961.78	1,172.01
Refund / (Payment) of Income Tax (Net)	(48.32)	(122.49)
Net cash flow (used in) operating activities	913.46	1,049.52
Cash flow from investing activities		
Payments for property, plant and equipments	(455.74)	(410.16)
Proceeds from sale of property, plant and equipments	4.52	11.90
Purchase of Investments	0.01	2.69
Deposits with bank (net)	17.68	(91.00)
Interest received	165.25	26.81
Insurance claim received	8.45	70.23
Net cash flow (used in) investing activities	(259.83)	(389.53)
Cash flow from financing activities	( 11 11)	(**************************************
Proceeds / (Repayment) from long-term borrowings	175.00	(47.84)
Repayment of long-term borrowings	(96.03)	(61.72)
Proceeds from short-term borrowings - net	(119.53)	98.11
Finance costs paid	(466.31)	(391.17)
Principal element of lease payments (net)	(31.54)	(27.02)
Dividend paid on equity shares (including tax thereon) (Interim)	(25.19)	(25.19)
Dividend paid on preference shares (including tax thereon)	(0.05)	(0.06)
Net cash flow (used in) financing activities	(563.65)	(454.89)
Net increase in cash and cash equivalents	89.98	205.10
Cash and cash equivalents at the beginning of the year	522.54	317.44
Cash and cash equivalents at the end of the year (Refer note 10)	612.52	522.54
Notes	012.32	ULE.04

#### Notes

- 1. The above Cash flow statement has been prepared under the "Indirect Method" set out in Ind AS 7 'Cash Flow Statements'.
- 2. Figures relating to previous year have been recast where necessary to conform to figures of the current year.

Consolidated Cash Flow Statement for the year ended 31st March, 2021 (Continued)

Net debt reconciliation (₹ in crores)

Particulars	31 <sup>st</sup> March, 2021	31st March, 2020
Cash and cash equivalents	612.52	522.54
Liquid investments	98.42	116.30
Finance lease obligations	(27.65)	(45.70)
Current borrowings	(1,023.05)	(1,141.32)
Non-current borrowings	(565.54)	(486.57)
Net Debt	(905.30)	(1,034.75)

## Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021

#### Note 1: General information

Afcons Infrastructure Limited (the "Company" or "Afcons") is a limited company incorporated in India. Its parent company is Shapoorji Pallonji Company Private Limited. The Company together with its Jointly controlled operations and subsidiaries (as detailed in note 2.a & 2.b) is herein after referred to as the 'Group'.

The address of its registered office is "Afcons House", 16 Shah Industrial Estate, Veera Desai Road, Andheri (West), Mumbai 400 053 and principal place of business is Mumbai, India. The principal activity of the Company and its subsidiaries and jointly controlled operations (the "Group") are infrastructure activities. Afcons has a presence in almost the entire spectrum of infrastructure activities in India and overseas. The Group is engaged in marine works, highways, bridges, metro works, power houses, tunnels, oil and gas, LNG tanks and other general civil engineering projects both in India and overseas.

#### A. Basis of preparation and presentation

#### i) Compliance with Ind AS

These consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

#### ii) Historical cost convention

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for consolidated financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

#### iii) New standards or interpretations adopted by the Group

The Group has applied the following standards and amendments for the first time for the annual reporting period commencing April 1, 2020:

- Definition of Material amendments to Ind AS 1 and Ind AS 8
- Definition of a Business amendments to Ind AS 103
- COVID-19 related concessions amendments to Ind AS 116
- Interest Rate Benchmark Reform amendments to Ind AS 109 and Ind AS 107

The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

#### iv) Operating cycle

The consolidated balance sheet presents current and non-current assets, and current and non-current liabilities, as separate classifications. For this purpose, an asset is classified as current if:

- It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realise the asset within 12 months after the reporting period; or
- The asset is a cash or equivalent unless it is restricted from being exchanged or used to settle liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within 12 months after the reporting period; or
- The Group does not have an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

#### v) Basis of consolidation

The consolidated financial statement incorporates the financial statement of the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct
  the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders'
  meetings

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statement of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the group are eliminated in full on consolidation.

The Group's share of the results, assets and liabilities of contracts carried out in conjunction with another party are included under each relevant heading in the consolidated financial statement.

## B. Significant accounting policies

#### B.1. Goodwill

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

#### B.2. a) Interests in Jointly Controlled Operations

Company enters into Joint Venture arrangement with other parties for execution of construction arrangements for which an unincorporated vehicle is formed having an independent legal status for the tax purpose i.e. Association of person/Body of individual etc. Such arrangement (also called as Jointly Controlled Operations) is considered as extension of business, if in accordance with the terms of the arrangement, Company acts as a principal and remains solely liable for the executing the entire project on its own, funding or contributing assets and is also responsible for all the liabilities in the unincorporated vehicle. Accordingly, all the assets, liabilities, revenue and expenses pertaining to such unincorporated vehicle is consolidated in the separate financial statements of the Company.

Similarly, in case the Company is acting as an agent in such kind of arrangements, where the other party to the arrangement is solely liable for the executing the entire project on its own, funding or contributing assets and is also responsible for all the liabilities in the unincorporated vehicle. Accordingly, the Company recognises its share of profits/fees as determined in the arrangement in the separate financial statements of the Company.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

#### B.2. b) Interest in unincorporated Joint ventures

When the Company enters into a joint venture (JV) arrangement with other parties and an incorporated vehicle is formed which has a separate status for tax purposes (i.e. Association of person/Body of individual etc.) and if as per the terms of agreement, the Company remains liable for all the liabilities of the unincorporated vehicle and is also responsible for funding or contributing assets to the unincorporated vehicle for construction activity, this unincorporated vehicle (also considered and called as Jointly Controlled Operation) has been considered as an extension of the Company from accounting point of view and assets, liabilities, revenue and expenses are consolidated on the basis of its share in the operations in the separate financial statement of the Company.

#### B.3. Revenue recognition

## Sale of goods

Revenue from sale of goods is recognised upon satisfaction of performance obligations, i.e. at a point of time, which occurs when the control is transferred to the customer. Customers obtain control as per the incoterms. Invoices are issued according to contractual terms and are usually payable as per the credit period agreed with the customer.

#### Rendering of services:

Revenue from providing services is recognised in the accounting period in which the services are rendered.

Invoices are issued according to contractual terms and are usually payable as per the credit period agreed with the customer.

#### Construction contracts:

The Group recognises revenue from engineering, procurement and construction contracts ('EPC') over the period of time, as performance obligations are satisfied over time due to continuous transfer of control to the customer. EPC contracts are generally accounted for as a single performance obligation as it involves complex integration of goods and services.

The performance obligations are satisfied over time as the work progresses. The Group recognises revenue using input method (i.e. Percentage-of-Completion Method), based primarily on contract cost incurred to date compared to total estimated contract costs. Changes to total estimated contract costs, if any, are recognised in the period in which they are determined as assessed at the contract level. If the consideration in the contract includes price variation clause or there are amendments in contracts, the Group estimates the amount of consideration to which it will be entitled in exchange for work performed.

Due to the nature of the work required to be performed on the performance obligations, the estimation of total revenue and cost at completion is complex, subject to many variables and requires significant judgment. Variability in the transaction price arises primarily due to liquidated damages, price variation clauses, changes in scope, incentives, discounts, if any. The Group considers its experience with similar transactions and expectations regarding the contract in estimating the amount of variable consideration to which it will be entitled and determining whether the estimated variable consideration should be constrained. The Group includes estimated amounts in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is resolved. The estimates of variable consideration are based largely on an assessment of anticipated performance and all information (historical, current and forecasted) that is reasonably available. Various agreements are entered with customers wherein the Group pays a certain portion of the finance cost to the funding agencies of the project. In practice, these payments are considered as payment on behalf of the customer. These payments are not related to a distinct service or product by customer. An estimated amount to be paid over the lifecycle of the project is calculated and accordingly the same is accounted for as a reduction of contract revenue.

Progress billings are generally issued upon completion of certain phases of the work as stipulated in the contract. Billing terms of the over-time contracts vary but are generally based on achieving specified milestones. The difference between the timing of revenue recognised and customer billings result in changes to contract assets and contract liabilities. Payment is generally due upon receipt of the invoice, payable within 90 days or less. Contractual retention amounts billed to the customers are generally due upon expiration of the contract period or any other conditions as mentioned in the contract.

The contracts generally result in revenue recognised in excess of billings which are presented as contract assets on the statement of financial position. Amounts billed and due from customers are classified as receivables on the statement of financial position. The portion of the payments retained by the customer until final contract settlement is not considered a significant financing component since it is usually intended to provide customer with a form of security for Group's remaining performance as specified under the contract, which is consistent with the industry practice. Contract liabilities represent amounts billed to customers in excess of revenue recognised till date. A liability is recognised for advance payments and it is not considered as a significant financing component since it is used to meet working capital requirements at the time of project mobilization stage. The same is presented as contract liability in the statement of financial position.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known by management.

For construction contracts the control is transferred over time and revenue is recognised based on the extent of progress towards completion of the performance obligations. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately. The percentage of completion is based primarily on contract cost incurred to date compared to total estimated contract cost for each contract in order to reflect the effective completion of the project. This percentage of completion could be based on technical milestones or as per the contractual terms specified. A construction contract is considered completed when the last technical milestone is achieved, which occurs upon contractual transfer of ownership of the asset.

#### Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

#### Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

#### Other operating income

Income from export incentives is recognised on cash basis to the extent the ultimate realisation is reasonably certain.

#### B.4. Foreign currencies

#### (i) Functional and presentation currency

Items included in the consolidated financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statement is presented in Indian Rupee (INR), which is Group's functional and presentation currency. For each entity (subsidiaries and Jointly Controlled Operations), the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

In preparing these consolidated financial statements, the Group has applied following policies:

#### A) Foreign Branches of the Group: -

- 1. Income and expense items are translated at the exchange rates at the dates of the transactions and all resulting exchange differences are recognised in the Statement of Profit and Loss.
- Non-monetary assets and liabilities are measured in terms of historical cost in foreign currencies and are not translated
  at the rates prevailing at the reporting period. Monetary assets and liabilities are translated at the rates prevailing at
  the end of each reporting period. Exchange differences on translations are recognised in the Consolidated Statement
  of Profit and Loss.

#### B) Joint Operations and subsidiaries outside India with functional currency other than presentation currency:

- 1. Assets and liabilities, both monetary and nonmonetary are translated at the rates prevailing at the end of each reporting period.
- Income and expense items are translated at the average exchange rates for the period, unless exchange rates
  fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used.
  Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity (and
  attributed to non-controlling interests as appropriate).

#### (ii) Other Transactions and balances

In preparing the consolidated financial statements of each individual Group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Any exchange difference arising on settlement / restatement of long-term foreign currency monetary items recognized in the financial statements until the year ended March 31, 2016, are capitalized as a part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets.

In case of consideration paid or received in advance for foreign currency denominated contracts, the related expense or income is recognised using the rate on the date of transaction on initial recognition of a related asset or liability.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for:

- · Exchange differences on transactions entered into in order to hedge certain foreign currency risks; and
- Exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither
  planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised
  initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, a disposal involving loss of control over a foreign operation, or a partial disposal of an interest in a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Group are reclassified to profit or loss.

In addition, in relation to a partial disposal of a foreign operation that does not result in the Group losing control over the foreign operation, the proportionate share of accumulated exchange differences is re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Goodwill and fair value adjustments to identifiable assets acquired and liabilities assumed through acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the rate of exchange prevailing at the end of each reporting period. Exchange differences arising are recognised in other comprehensive income.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

# B.5. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

### B.6. Employee benefits

### B.6.1 Retirement benefit costs and termination benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences and leave encashment.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined retirement benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorised as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- · Net interest expense or income; and
- Re-measurement

The Group presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

The retirement benefit obligation recognized in the special purpose financial statements represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

### B.6.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of salaries, wages and other short term employee benefits in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Provision for leave benefits to employees is based on actuarial valuation done by Projected Accrued Benefit Method at the reporting date.

# **B.7** Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

# **B.7.1 Current tax**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company and its subsidiaries operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

# B.7.2 Deferred tax

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax is realised or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

# Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and interest in joint arrangements where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income.

# B.7.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

# B.8 Property, plant and equipments

Property, plant and equipments are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. It also includes initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Replacement cost of an item of property, plant and equipments is capitalised if replacement meets the recognition criteria.

Carrying amount of items replaced is derecognised. Cost of major inspections is recognised in the carrying amount of property, plant and equipments as a replacement, if recognition criteria are satisfied and any remaining carrying amount of the cost of previous inspection is derecognised. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalised (if they meet the asset recognition criteria) and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure on property, plant and equipments after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Estimated useful lives of the assets are as follows:

Buildings - 60 years

Furniture and fixtures - 10 years

Vehicles - 10 years

Office equipments - 5 years

Freehold land is not depreciated

For following assets estimated useful life is different than the useful life prescribed in schedule II to the Companies Act, 2013 and has been assessed on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Plant & Equipment (except Tunnel Boring Machines) which includes Cranes < 100 mt., Concreting, Crushing, Piling, Road making, Laboratory & Welding Equipments, Floating Equipments - 20 Years.

Tunnel Boring Machines - Length of the tunnel bored over life of the construction project for where it is used.

Cost of shuttering materials, issued to jobs, is charged off equally over a period of 4 years.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

# B.8.1 Capital work-in-progress

Property, plant and equipment that are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

# B.9 Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. Useful life is as below:

# Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

Computer software - 5 years

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses from derecognition of an intangible asset, measured at the difference between the net disposal proceeds and the carrying amount of the asset, is recognised in profit or loss when the asset is derecognised.

### B.10 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

### **B.11** Inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost is determined on the basis of weighted average method.

# B.12 Provisions and contingent liabilities

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

A contingent liability is disclosed where there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources. Contingent assets are not recognised. Information on contingent liabilities is disclosed in the notes to consolidated financial statements unless the possibility of an outflow of resources embodying economic benefits is remote.

# **B.13** Financial instruments

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the instruments.

# **Initial Recognition**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss). Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

# **B.14** Financial assets

Classification and subsequent measurement of financial assets

# **B.14.1Classification of financial assets**

The Group classifies its financial assets in the following measurement categories:

- · those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification is done depending upon the Group's business model for managing the financial assets and the contractual terms of the cash flows. Classification for investments made in debt instruments will depend on the business model in which the investment is held. The Group reclassifies debt investments when and only when its business model for managing those assets changes.

# **B.14.2Subsequent measurement**

# **Debt instruments**

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

# Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

### **Amortised cost**

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost e.g. Debentures, Bonds etc. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in investment income using the effective interest rate method.

### Fair value through other comprehensive income

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

# Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or fair value through OCI, are measured at fair value through profit or loss e.g. investments in mutual funds. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

### **Equity instruments**

# Investments in equity instruments at FVTPL

Investments in equity instruments are classified as at FVTPL, unless the Group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for equity instruments which are not held for trading.

### Investments in equity instruments at FVTOCI

On initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserve for 'equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

### B.14.3Impairment of financial assets

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, contract assets, other contractual rights to receive cash or other financial asset.

For trade receivables, the Group measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

# **B.14.4Effective interest method**

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as FVTPL. Interest income is recognised in the statement of profit and loss.

# B.14.5De-recognition of financial assets

A financial asset is derecognised only when the Group has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

### B.14.6Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

# B.15 Financial liabilities and equity instruments

# Classification as debt or equity

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

### **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

# Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

### Treasury shares

In the consolidated financial statements, when any entity within the Group purchases the Group's ordinary shares, the consideration paid, including any directly attributable incremental cost, is presented as a deduction from total equity, until they are cancelled, sold or reissued. When treasury shares are sold or reissued subsequently, the amount received is recognised as an increase in equity and the resulting surplus or deficit on the transaction is transferred to/ from share premium.

# B.15.1 Classification and subsequent measurement

### Financial liabilities are measured at amortised cost.

Financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

# B.15.2De-recognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

# B.15.3Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income' as 'Net foreign exchange gains/(losses)'.

# **B.16** Derivative financial instruments

The Group enters into derivative financial instruments viz. foreign exchange forward contracts, interest rate swaps and cross currency swaps to manage its exposure to interest rate, foreign exchange rate risks and commodity prices. The Group does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately.

### B.17 Leases:

# Till 31st March, 2019:

Leases (including lease arrangements for land) are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Operating lease (The Group as lessee): Lease payments under an operating lease are recognized as expense in the statement of profit and loss, on a straight-line or other systematic basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Lessor's expected inflationary cost increases, such increases are recognised in the year in which such liability accrues.

Operating lease (The Group as lessor): Rental income from operating lease is recognised on straight line basis over the term of the relevant lease. Initial direct cost incurred in negotiating and arranging an operating lease are added to the carrying amount of leased asset and recognised on a straight-line basis over the lease term.

# With effect from 1st April, 2019:

The Group as lessee:

From April 1, 2019, leases are recognised as a right-of-use assets and a corresponding liability at the date at which the leased asset is available for use by the group. Contracts may contain both lease and non-lease components. The Group has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

# 1) Lease Liabilities

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the lease payments. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the lessee's incremental borrowing rate (since the interest rate implicit in the lease cannot be easily determined). Incremental borrowing rate is the rate of interest that the Group would have to pay to borrow over a similar term, and a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use assets in a similar economic environment.

# Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

# 2) Right-of-use assets

Right-of-use assets are measured at cost comprising the amount of the initial measurement of lease liability and lease payments made before the commencement date.

Right-of-use assets are depreciated over the lease term on a straight-line basis. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities.

### 3) Short term leases and leases of low value assets

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise assets having value less than ₹ 350,000.

The Group as lessor:

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

# B.18 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year.

Ordinary shares to be issued upon conversion of a mandatorily convertible instrument are included in the calculation of basic earnings per share from the date the contract is entered into. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

# **B.19 Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The board of directors of Afcons Infrastructure Limited assesses the financial performance and position of the Group, and makes strategic decisions. The board of directors, which has been identified as being the chief operating decision maker, consists of the key managerial personnel and the directors who are in charge of the corporate planning. Refer note 32 for segment information presented.

# **B.20 Credit Risk**

The Group assess on a forward-looking basis the expected credit losses associated with its assets measured at amortised cost which includes lease receivables, trade receivables, other contractual rights to receive cash etc. The impairment methodology applied depends on whether there has been a significant increase in the credit risk since initial recognition of these financial assets. For the evaluation, the Group considers historical credit loss experience and adjusted for forward-looking information. Note 49.8 details how the Group determines whether there has been a significant increase in credit risk.

# B.21 Government grants, subsidies and export incentives

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

# C. Critical estimates and judgements

### a) Revenue recognition

The Group's revenue recognition policy, which is set out in Note B.3, is central to how the Group values the work it has carried out in each financial year.

These policies require forecasts to be made of the outcomes of long-term construction services, which require assessments and judgements to be made on changes in scope of work and claims and variations.

Across construction services there are several long-term and complex projects where the Group has incorporated significant judgements over contractual entitlements. The range of potential outcomes could result in a materially positive or negative change to underlying profitability and cash flow.

Estimates are also required with respect to the below mentioned aspects of the contract.

- Determination of stage of completion;
- · Estimation of project completion date;
- · Provisions for foreseeable losses; and
- Estimated total revenues and estimated total costs to completion, including claims and variations.

# Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Revenue and costs in respect of construction contracts are recognized by reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion. Variations in contract work, claims and incentive payments are included to the extent that the amount can be measured reliably and its receipt is considered probable. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognized as an expense immediately.

### b) Taxation

The Group is subject to tax in a number of jurisdictions and judgement is required in determining the worldwide provision for income taxes. The Group provides for future liabilities in respect of uncertain tax positions where additional tax may become payable in future periods and such provisions are based on management's assessment of exposures.

The uncertain tax positions are measured at the amount expected to be paid to taxation authorities when the Group determines that the probable outflow of economic resources will occur. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made.

# c) Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. There are certain obligations which managements have concluded based on all available facts and circumstances are not probable of payment or difficult to quantify reliably and such obligations are treated as contingent liabilities and disclosed in the notes but are not provided for in the consolidated financial statements. Although there can be no assurance of the final outcome of the legal proceedings in which the Group is involved it is not expected that such contingencies will have material effect on its financial position or profitability.

# d) Useful lives of property, plant and equipment

As described in note B.8 above, the Group reviews the estimated useful lives of property, plant and equipment and residual values at the end of each reporting period. There was no change in the useful life and residual values of property, plant and equipment as compared to previous year.

### e) Impairment of trade receivables and contract assets

The Group has recognised trade receivables with a carrying value of ₹ 3,049.40 Crores (as at March 31, 2020: ₹ 3,011.59 Crores). The recoverability of trade receivables is regularly reviewed in the light of the available economic information specific to each receivable and specific provisions are recognised for balances considered to be irrecoverable.

The impairment provisions for trade receivables are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, credit risk, existing market conditions as well as forward looking estimates at the end of each reporting period. The expected credit loss allowance for trade receivables is made based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. Where the actual cash shortfalls vary from those estimated, these could impact the level of profit or loss recognised by the Group. The same policies are followed for contract assets.

# f) Retirement benefit obligations

Details of the Group's defined benefit pension schemes are set out in Note B.6.1, including tables showing the sensitivity of the pension scheme obligations and assets to different actuarial assumptions.

The present value of defined benefit obligations is determined by discounting the estimated future cash outflows by reference to market yields at the end of reporting period that have terms approximating to the terms of the related obligation.

# g) Arbitration claims

The forecast profit on contracts includes key judgements over the expected recovery of costs arising from the following: variations to the contract requested by the customer, compensation events, and claims made by the Group for delays or other additional costs for which the customer is liable. These claims could result in disputes that get settled through an arbitration process wherein the outcome of these awards including the timing and the amount (including interest thereon) requires a reasonable degree of estimation. The inclusion of these amounts requires estimation of their recoverability and could impact the level of profit or loss recognized by the Group.

### h) Classification of assets / liabilities as Current and Non-current

The balance sheet presents current and non-current assets and current and non-current liabilities, as separate classifications. This classification involves managements estimate on expected realization of assets and settlement of liabilities within 12 months after the reporting period.

# i) Classification of Joint Arrangement as a Jointly Controlled Operation / Joint Venture

A Jointly Controlled Operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities, relating to the arrangements. Joint control is the contractually agreed sharing of control of an arrangement, which exist only when decisions about the relevant activities require unanimous consent of the parties sharing control.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

When an entity undertakes its activities under joint operations, the Group as a joint operator recognises in relation to its interest in a joint operation:

- a) Its assets, including its share of any assets held jointly;
- b) Its liabilities, including its share of any liabilities incurred jointly;
- c) Its revenue from the sale of the output arising from the joint operation;
- d) Its share of the revenue from the sale of the output by the joint operation and
- e) Its expenses, including its share of any expenses incurred jointly.

Accordingly, the Group has evaluated all its joint arrangements on the basis of the contractual arrangements entered into between the parties to the joint arrangements for execution of the project irrespective of the legal form.

# Note 2(a): Details of subsidiaries at the end of the reporting period are as follows.

Critical judgem	Critical judgements in determining the lease term	ng the lease		and all many to the second to	30000		oita a ciacatra	***************************************	i i i i i i i i i i i i i i i i i i i

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination options) are only included in the lease is reasonably certain to be extended (or not terminated). For leases of Land, Office Premises, Houses and Godowns the following factors are normally the most relevant:

- If there are significant penalties to terminate (or not extend), the Group is typically reasonably certain to extend (or not terminate).
- Otherwise, the Group considers other factors including historical lease durations and the costs and business disruption required to replace the leased asset.
- Most extension options in offices leases have not been included in the lease liability, because the Group could replace the assets without significant cost or business disruption.
- As at 31st March 2021, potential future cash outflows have not been included in the lease liability because it is not reasonably certain that the leases will be extended (or not terminated) is not material in nature.

The lease term is reassessed if an option is actually exercised (or not exercised) or the Group becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee. During the current financial year, the financial effect of exercising extension and termination options was an increase in recognized lease liabilities and right-of-use assets is not material

# 12.4. Rights, preferences and restrictions attached to 0.01% Non-cumulative and non-profit participatory convertible preference shares:

- (a) The preference shares shall be non-cumulative and non profit participating convertible preference phares carrying a fixed rate of dividend of 0.01% per annum to be paid in priority to the holders of any other class of shares.
- (b) The terms of these preference shares have been varied with consent of the preference shareholders and the special resolution passed with requisite majority of the members of the Company vide Postal Ballot effective from 30<sup>th</sup> November, 2018 whereby the preference shares shall be deemed to be converted into common equity shares of the Company at a price of ₹ 68.25 per equity share (consisting of par of ₹ 10 and a premium of ₹ 58.25) immediately, automatically and without any further act of the parties in the event of conversion of the preference shares mentioned in note 12.5 (a) below.
- (c) Every member of the Company holding preference shares has a right to vote in the general meeting of the Company on resolutions placed before the Company which directly affect the rights attached to these preference shares.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

# 12.5. Rights, preferences and restrictions attached to 0.01% fully and compulsorily convertible non-cumulative, non-participatory preference shares:

- (a) The preference shares are automatically and mandatorily converted into equity shares on 13<sup>th</sup> January, 2024 ("mandatory conversion date") i.e. on the sixteenth year from the issue date.
- (b) On mandatory conversion date or the early conversion date, as the case maybe, the preference shares shall be converted into such number of equity shares of the Company constituting 74% of the outstanding equity share capital and convertible preference shares of the Company calculated on a fully diluted basis on the date of issue (i.e. 14th January, 2008) resulting into 24,65,40,258 equity shares in terms of the consent obtained from the preference shareholders and the special resolution passed with requisite majority of the members of the Company vide Postal Ballot effective from 17th July, 2020.
- (c) The preference shares shall be entitled to fixed non-cumulative preference dividend at the fixed rate of 0.01% per annum which shall be paid in priority to the holder of any other class of shares.
- (d) On return of capital on a liquidation or otherwise of the assets of the Company, the holder of preference shares shall be entitled, in priority to any payment to the holders of any other class of shares, to be repaid a sum equal to the capital paid up or credited as paid up on the preference shares held by it and all arrears and accruals (if any) of the preferential dividend calculated up to the date of the commencement of the winding-up (in case of winding-up) or the return of capital (in any other case).
- (e) The preference shares shall not confer any further right to participate in the profits or assets of the Company except as mentioned above.
- (f) Every member of the Company holding preference shares has a right to vote in the general meeting of the Company on resolutions placed before the Company which directly affect the rights attached to these preference shares.
- (g) The preference shares shall be transferable in accordance with the terms and conditions of the Articles and other provisions agreed between the Company and the preference shareholders.
- (h) The equity shares of the Company issued upon conversion of the preference shares will rank pari passu with the other equity shares existing on the conversion date and shall be transferable in accordance with the terms and conditions of the Articles.

# 12.6. Rights, preferences and restrictions attached to 0.01% fully and compulsorily convertible non-cumulative, non-participatory preference shares:

- (a) The preference shares shall be automatically and mandatorily converted into equity shares on 21st March, 2024 ("mandatory conversion date") i.e. on the expiry of ten years from the issue date. The mandatory conversion date of the 0.01% fully and compulsorily convertible non-cumulative, non-participatory preference shares has been revised from 21st March, 2019 (5th year from the date of issue) to 21st March, 2024 (10th year from the date of issue) in terms of the consent obtained from the preference shareholders and the special resolution passed with requisite majority of the members of the Company vide Postal Ballot effective from 30th November, 2018.
- (b) On mandatory conversion date, the preference shares shall be converted into such number of equity shares of the Company at the price of ₹ 132 per equity shares (consisting of par of ₹ 10 and a premium of ₹ 122).
- (c) The preference shares shall be entitled to fixed non-cumulative dividend at the fixed rate of 0.01% per annum which shall be paid in priority to the holder of any other class of shares.
- (d) On return of capital on a liquidation or otherwise of the assets of the Company, the holder of preference shares shall be entitled, in priority to any payment to the holders of any other class of shares, to be repaid a sum equal to the capital paid up or credited as paid up on the preference shares held by it.
- (e) Every member of the Company holding preference shares has a right to vote in the general meeting of the Company on resolutions placed before the Company which directly affect the rights attached to these preference shares.

### Nature and purpose of each reserve within other equity

# Capital reserve

The capital reserve is on account of acquisition of subsidiary companies.

# **Capital redemption Reserve**

As per the provisions of Companies Act, capital redemption reserve is created out of the general reserve for the amount equivalent to the paid up capital of shares bought back by the Company.

# Securities premium account

Where Company issued shares at a premium, a sum equal to the aggregate amount of the premium received on those shares shall be transferred to a "securities premium account" as per the provisions of applicable Companies Act. This reserve is utilized as per the provisions of the Companies Act.

# **Contingency reserve**

The contingency reserve was created to protect against loss for amounts due from a partnership firm.

# Debenture redemption reserve

The Companies Act requires that where a company issues debentures, it shall create a debenture redemption reserve out of profits of the company available for payment of dividend. The amounts credited to the debenture redemption reserve may not be utilized by the company except to redeem debentures.

# General reserve:

The general reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. There is no policy of regular transfer. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit or loss.

# Foreign currency translation reserve:

Exchange differences relating to the translation of the results and net assets of the Group's foreign operations from their functional currencies to the Group's presentation currency (i.e. ₹) are recognised directly in other comprehensive income and accumulated in the foreign currency translation reserve. The cumulative amount is reclassified to profit or loss when the net investment is disposed-off.

# Retained earning and dividend on equity shares:

This represent the surplus / (deficit) of the profit or loss. The amount that can be distributed by the Company to its equity shareholders is determined considering the requirements of the Companies Act, 2013. Thus, the amount reported above are not distributable in entirety.

On 18th March, 2021, an interim dividend of ₹ 3.50 per share (total dividend ₹ 25.19 Crores) was paid to holders of fully paid equity shares.

# Reserve for equity instrument measured through other comprehensive income

This reserve represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through other comprehensive income. The Group transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognized.

(ii)	Commitments		
	Estimated amount of contracts remaining to be executed on capital account and not provided for	76.44	191.18
(iii)	Income tax		
	Demand raised by income tax department on account of disallowance of expenses and addition made in respect of receipt of income. The Group has obtained stay order from tax department. The Group is confident that the case will be successfully contested before concerned appellate authorities.	26.24	26.24

### Notes

The Group has implemented the decision given in the Supreme Court Judgement in case of "Vivekananda Vidyamandir And Others Vs The Regional Provident Fund Commissioner (II) West Bengal" and the related circular (Circular No. C-I/1(33)2019/Vivekananda Vidya Mandir/284) dated March 20, 2019 issued by the Employees' Provident Fund Organisation in relation to non-exclusion of certain allowances from the definition of "basic wages" of the relevant employees for the purposes of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952 w.e.f. April 01, 2019. Basis the assessment of the management, which is supported by legal advice, the aforesaid matter is not likely to have significant impact in respect of earlier periods.

<sup>\*</sup> The Group has received a demand and a show cause notice amounting to ₹ 238 crores and ₹ 244 crores respectively with respect to liability on account of royalty payable on Murrum used in one of the projects. Subsequent to the show cause notice, the Group has obtained a stay order on the same. Further, based on legal opinion, the Group expects that the claim is highly unlikely to materialise.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

# Note No 30. Employee benefit plans

# a. Defined contribution plan

- (i) Provident fund
- (ii) Superannuation fund
- (iii) State defined contribution plans

The provident fund and the state defined contribution plan are operated by the regional provident fund commissioner and the superannuation fund is administered by the Life Insurance Corporation (LIC). Under the schemes, the Group is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits.

The total expense recognised in profit or loss of ₹ 42.49 crores (for the year ended March 31, 2020: ₹ 37.46 crores) represents contributions payable to these plans by the Group at rates specified in the rules of the plans.

### b. Defined benefit plans

### (i) Gratuity

The Group provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 4 years and 240 days are eligible for gratuity. The amount of gratuity payable on retirement / termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service without any ceiling limit as given under Payment of Gratuity Act, 1972.

Whereas on death of an employee the amount of gratuity payable is amount equivalent to one month salary, payable for each completed year of service or part thereof in excess of six months in terms of Gratuity scheme of the Group or as per payment of the Gratuity Act. whichever is higher.

The gratuity plan of the Group is unfunded and the Group accounts for gratuity benefits payable in future based on an independent external actuarial valuation carried out at the end of the year using Projected Unit Credit Method.

### Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

# Interest risk

A decrease in the bond interest rate will increase the plan liability.

### Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

# Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The risk relating to benefits to be paid to the dependents of plan members (widow and orphan benefits) is re-insured by an external insurance company.

No other post-retirement benefits are provided to these employees.

In respect of the plan, the most recent actuarial valuation of the present value of the defined benefit obligation were carried out as at March 31, 2021 by an actuary. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

The Group has recognised following amounts in the statement of profit and loss:

(₹ in Crores)

Particulars	March 31, 2021	March 31, 2020
Superannuation Fund	19.07	16.02
Provident Fund	23.42	21.44
State defined contribution plans	-	-
Gratuity	6.08	4.55
Compensated absences	2.73	12.97
Total	51.30	54.98

# c. Details of defined benefit plan - Gratuity

The principle assumptions used for the purpose of actuarial valuation (considered for the Group)

Particulars	March 31, 2021	March 31, 2020
Expected Return on Plan Assets	6.87%	6.86%
Rate of Discounting	6.87%	6.86%
Rate of Salary Increase	6.00%	6.00%
Rate of Employee Turnover	For service 4 years and below 6.00% p.a. & for service 5 years and above 2.00% p.a	
Mortality Rate During Employment*	Indian Assured Lives Mortality (	(2006-08)

<sup>\*</sup>Based on India's standard mortality table with modification to reflect expected changes in mortality.

# Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

The estimate of rate of escalation in salary considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

# (i) Components of defined benefit cost

(₹ in Crores)

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Service cost:		
Current service cost	4.83	3.47
Past service cost and (gain)/loss from settlements	-	-
Interest cost on benefit obligation (Net)	1.25	1.08
Return on plan assets (excluding amounts included in net interest expense)	-	-
Total defined benefit costs recognised in profit or loss	6.08	4.55
Actuarial losses arising from changes in demographic assumptions	(0.39)	0.28
Actuarial losses arising from changes in financial assumptions	(0.04)	3.48
Actuarial losses arising from experience adjustments	(0.89)	5.18
Total defined benefit costs recognised in OCI	(1.32)	8.94
Total defined benefit costs recognised in profit or loss and OCI	4.76	13.49

### (ii) Net (liabilities) recognised in the Balance Sheet

(₹ in Crores)

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Present value of defined benefit obligation	47.63	44.34
Fair value of plan asset	36.56	26.13
Net liabilities recognised in the Balance Sheet	(11.07)	(18.21)

# (iii) Movements in the present value of the defined benefit obligation are as follows.

(₹ in Crores)

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Opening defined benefit obligation	44.34	32.31
Current service cost	4.83	3.47
Interest cost	3.04	2.52
Remeasurement (gains) / losses:		
Actuarial (gains) / losses arising from changes in financial assumptions	(0.04)	3.48
Actuarial losses arising from experience adjustments	(0.89)	5.18
Past service cost, including losses on curtailments	-	-
Liabilities extinguished on settlements	-	-
Benefits paid	(3.65)	(2.62)
Closing defined benefit obligation	47.63	44.34

# (iv) Movements in the fair value of plan assets are as follows.

(₹ in Crores)

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Opening fair value of plan assets	26.13	18.43
Interest income	1.79	1.44
Remeasurement gain / (loss):		
Return on plan assets (excluding amounts included in net interest expense)	0.39	(0.28)
Contributions from the employer	11.90	9.16
Benefits paid	(3.65)	(2.62)
Closing fair value of plan assets	36.56	26.13

# The Company pays premium to the group gratuity scheme of LIC and the fund is managed by LIC

# (v) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

- 1) If the discount rate is 100 basis points higher / (lower), the defined benefit obligation would decrease by ₹ 4.00 crores (increase by ₹ 4.70 crores) (as at March 31, 2020: decrease by ₹ 3.72 crores (increase by ₹ 4.37 crores)).
- 2) If the expected salary growth increases / (decreases) by 1%, the defined benefit obligation would increase by ₹ 4.70 crores (decrease by ₹ 4.06 crores) (as at March 31, 2020: increase by ₹ 4.37 crores (decrease by ₹ 3.78 crores)).
- 3) If the employee turnover increases / (decreases) by one year, the defined benefit obligation would increase by ₹ 0.23 crores (decrease by ₹ 0.28 crores) (as at March 31, 2020: increase by ₹ 0.20 crores (decrease by ₹ 0.24 crores)).

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

# (vi) Sensitivity analysis method

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the Projected Unit Credit Method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The average duration of the benefit obligation at March 31, 2021 is 15 years (as at March 31, 2020: 16 years).

The Group expects to make a contribution of ₹ 8.00 crores (as at March 31, 2020: ₹ 10.77 crores) to the defined benefit plans during the next financial year.

# (vii) Maturity profile of defined benefit obligation:

Projected benefits payable in future years from the date of reporting

Particulars	(₹ in Crores)
1st following year	2.95
2nd following year	3.32
3rd following year	4.24
4th following year	3.02
5th following year	4.57
Sum of years 6 to 10	19.90

# d. Compensated Absences

The liability for Compensated absences (non-funded) as at year end is ₹ 28.04 crores (as at March 31, 2020 ₹ 28.88 crores) covers the Group's liability for sick and privilege leave and is presented as current liabilities, since the Group does not have an unconditional right to defer the settlement of any of these obligations.

The Group makes provision for compensated absences based on an actuarial valuation carried out at the end of the year using the Projected Unit Credit Method.

The amount of the provision of ₹ 28.04 crores (as at March 31, 2020 ₹ 28.88 crores) is presented as current liabilities, since the Group does not have an unconditional right to defer settlement for any of these obligations.

# Note No 31. Earnings per share (EPS)

EPS is calculated by dividing the profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year, as under:

Particulars	For the year ended 31st March, 2021	For the year ended 31 <sup>st</sup> March, 2020
	₹	₹
Basic earnings per share	23.60	34.41
Diluted earnings per share	4.99	7.27

# Basic earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

(₹ in Crores)

Particulars	For the year ended 31 <sup>st</sup> March, 2021	For the year ended 31 <sup>st</sup> March, 2020
Profit for the year attributable to shareholders of the Company - earnings used in calculation of basic earnings per share	169.89	247.69
Dividends paid on convertible non-participating preference shares	(0.05)	(0.05)
Earnings used in the calculation of basic earnings per share	169.84	247.64
Profits used in the calculation of basic earnings per share	169.84	247.64

The weighted average number of equity shares for the purpose of basic earnings per share is as follows:

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
	Number	Number
Weighted average number of shares used in calculation of basic earnings		
per share	7,19,70,238	7,19,70,238

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

# Diluted earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of diluted earnings per share are as follows:

(₹ in Crores)

Particulars	For the year ended 31 <sup>st</sup> March, 2021	For the year ended 31 <sup>st</sup> March, 2020
Profit for the year attributable to shareholders of the Company - earnings used in calculation of basic earnings per share	169.89	247.69
Earnings used in the calculation of diluted earnings per share	169.89	247.69
Profits used in the calculation of diluted earnings per share	169.89	247.69

The weighted average number of equity shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings per share as follows:

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
	Number	Number
Weighted average number of shares used in calculation of basic earnings per share	7,19,70,238	7,19,70,238
Shares deemed to be issued for no consideration in respect of:		
- Convertible preference shares	26,87,68,030	26,87,68,030
Weighted average number of shares used in calculation of diluted earnings per share	34,07,38,268	34,07,38,268

Refer note 2(a) for principal activity.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued) Note 36.. Afcons Gunanusa Joint Venture (AGJV)

(a) AGJV had submitted claims for change orders aggregating to ₹ 751.77 crores to ONGC. The AGJV has invoked arbitration in respect of the aforesaid change orders, as the same were not approved by the Outside Expert Committee (OEC). Further, claims against change orders and counter claims by ONGC aggregating to ₹ 64.00 crores will be discussed in arbitration. Based on the legal opinion obtained and facts of the matter, the management is confident of its recovery.

Pursuant to discussions between AGJV, Afcons and PT Gunanusa (PTG), the parties decided to settle all claims and counterclaims between PTG, Afcons and AGJV arising from the Project, subject to the terms of the Settlement Agreement dated 26/07/2018. As per the terms, it was agreed that the amount payable by PTG to Afcons shall be adjusted against the money due by AGJV to PTG and the necessary book entries were passed in the books of account of the AGJV to reflect the settlement arrived at between the parties.

As per the terms of the settlement agreement it is further agreed that PTG's liability towards liquidated damages (LD) under the subcontract shall be limited to USD 3.6 million equivalent ₹ 26.35 crores only and the liability shall be imposed on PTG only if AGJV is confirmed to be liable for liquidated damages in the ONGC Arbitration, where PTG's share of liability for LD is 20%. Also, in the event AGJV is not successful in the ONGC Arbitration, Afcons agrees to absorb all the losses in the project without claiming anything against PTG. If AGJV receives an award from the ONGC Arbitration for amount above USD 35 million equivalent ₹ 256.19 crores, Afcons agrees to share 20% of the amount above USD 35 million equivalent ₹ 256.19 crores to PTG.

(b) AGJV has a total exposure of ₹ 138.52 Crs in a customer (ONGC) with respect to construction of ICP-R Offshore Process Platform project. AGJV has invoked an arbitration which is under discussion.

Afcons Infrastructure Limited has given advances aggregating to ₹ 189.98 Crores which are receivable from AGJV. The recovery of this amount is dependent upon finalization of the arbitration award.

# Note 37. Transtonnelstroy Afcons Joint Venture (TAJV)

(a) The Joint Venture ("the JV") had submitted variations to the client for two projects arising on account of cost overruns due to unforeseen geological conditions, delays in handing over of land, change in scope of work etc., which the Management believes is attributable to the client and the matters are under negotiation with the client / in arbitration / has been referred to Dispute Adjudication Board for determination and recovery of the amounts. In the earlier years, Joint Venture had received arbitration awards in few of the matters. The Client has further challenged these arbitration awards before the Hon'ble High Court, Madras. Pending disposal of these matters in the court, client has, upon submission of the bank guarantee by the Joint Venture, deposited part of the award amount with the Joint Venture, pursuant to an interim stay order from Hon'ble High Court, Madras.

During the year, Client issued a notice to invoke the Performance Bank Guarantee issued on behalf of the Joint Venture amounting ₹143.29 Crores vide email dated July 06, 2020 addressed to issuing banks. The guarantees were issued by two banks. JV filed applications before High Court challenging the invocation and encashment of the said BGs and also sought an injunction restraining Client from invoking the BG. By order dated July 08, 2020, the learned Single Judge granted an order of status-quo till July 17, 2020. The order of the Court had been communicated to both the Banks, but so far as one bank is concerned, they have immediately released the amount of ₹25.77 Crores. As far as the another bank is concerned, in adherence to the order passed by Court, they have restrained themselves from making the payment to client, in adherence to the order of maintaining Status Quo.

The order for maintaining status quo was reversed on August 14, 2020. Aggrieved, JV filed against the order before Hon'ble High Court, Madras. The Division Bench, after hearing both sides, issued a common judgement on March 24, 2021 and directed the parties to refer the dispute before Arbitration Tribunal along with an injunction issued on invocation of Bank Guarantee till the matter is disposed off by the Arbitration Tribunal. Client filed Special Leave Petition against the aforesaid order before Hon'ble Supreme Court, which was dismissed at the admission stage itself. Hon'ble Supreme Court declined to interfere with the order passed by Hon'ble High Court, Madras. Accordingly, both the parties (Client and JV) referred all disputes related to extension of time, associated cost to extended stay, release of withheld amount and encashment of bank guarantees to a new panel of Arbitrators formed in May 2021. The amount of encashed Bank Guarantee has been recorded by the JV as Receivable from Client (Note No (6 ii) and Payable to JV Partner (Note No 15-ii).

The arbitration proceeding has reached an advanced stage and after the year end, two awards has been granted in relation to the claim for 'Extension of time'. Arbitration Tribunal suggested that cost compensation for extension of time should be calculated based on principle adopted while issuing earlier Arbitration Awards. Accordingly, compensation claimed for extended stay has been reassessed. Based on the assessment of the timing and amount of recoverability, carried out by Joint Venture's Management after considering the current status of negotiation with the client/in arbitration proceeding/Dispute Adjudcation Board proceedings, an amount of ₹ 186.24 Crores has been impaired in the Statement of Profit and Loss as Impairment of Contract assets - Amount due from Customers under Construction contracts. Balance amounts which is supported by legal opinion and technical evaluation recognized towards the variations/claims as at the year-end are included in Note 7 'Amounts due from Customers under Construction contracts' as Other Current and Non-current assets amounting to ₹167.93 Crores and ₹ 582.53 Crores respectively (Previous Year ₹ 174.07 Crores and ₹ ₹757.00 Crores respectively) and have been considered as good and fully recoverable by the Management and it does not anticipate any further loss to be recognized at this stage.

(b) TAJV has a total exposure of ₹ 920.66 Crores in Chennai Metro Rail Ltd. Project (CMRL) which includes trade receivables of ₹ 175.83 Crores and unbilled receivables of ₹ 744.83 Crores.

TAJV has claimed variations amounting to ₹ 2,214 Crores on CMRL which are pending at different stages as follows:

- Variations of ₹ 1,128 Crores on account of extended stay Cost (March 2016 to December 2018).
- Variations of ₹ 169 Crores with internal Dispute Adjudicating Board (DAB)
- Variations of ₹ 374 Crores on account of change in site condition/soil strata (unforeseeable Sub-surface condition)
- Variations under arbitration of ₹ 543 Crores on account of extended stay cost until March 30, 2016.

Afcons Infrastructure Limited has a total receivable of ₹ 959.91 Crores from TAJV as on March 31, 2021. Afcons Infrastructure Ltd. is not the party to the arbitration / claims and the recovery of this amount is dependent upon finalization of arbitration award and clearance / acceptance of claims by CMRL.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued) Note 38.

(a) The Group has been legally advised that outstanding interest free advances aggregating to ₹ 893.59 crores before elimination (As at 31st March, 2020 ₹ 1,140,87 crores) made towards financing the unincorporated joint operations do not come under the purview of Section 186 of Companies Act, 2013 as the Group is in the business of constructing and developing infrastructure facilities. The same gets nullified post elimination, refer note 6.

(b) In view of non-applicability of section 186 of the Companies Act, 2013, the details of particulars required to be made thereunder in the financial statements are not applicable in relation to loan made, guarantee given or security provided. For investments made refer to Note no. 4.

#### Note 39.

(a) The Group had entered into a contract with Jordan Phosphate Mines Construction (JPMC) on April 20, 2010 for the construction of "New Phosphate Rock Terminal at Agaba - Jordan" with a contract value of ₹ 909.13 crores (142.23 Million JOD).

The Group had submitted various claims on account of extra works, release of bank guarantee and delay in completion of the project. The Group filed the issues for arbitration with the International Chamber of Commerce (ICC) on November 2016.

On October 30, 2019, the ICC rendered an unfavourable award of ₹ 178.26 crores to the Group and a favourable award of ₹ 86.75 crores on account of final bill and variation.

The Management has challenged the award in the French Court on the grounds that the award is against the Jordanian law and that ICC has failed to acknowledge material evidences presented by the Group. Management is confident about the recovery of the amounts involved in the matter.

During the year JPMC has invoked a bank guarantee of ₹ 65.24 Cr against the terms of the International Arbitration Award. We have initiated legal action against JPMC as well as Arab Bank for this fraudulent and illegal BG encashment.

(b) On the JPMC project as explained above, the supply and execution contract was subcontracted to M/s FL Smidth (FLS). FLS did not perform their part of their contract and consequently the Group had to undertake that part of work. Hence, the Group invoked bank guarantee amounting to  $\mathfrak{F}$  69.03 crores against the sub-contractor for lack of performance in respect of this project. In addition to this the Group has a liability amounting to  $\mathfrak{F}$  60.66 crores payable to FLS in its books.

The outflow of this liability is contingent upon the finalisation of the arbitration ongoing with JPMC as mentioned in note 39(a) above.

**Note 40**. Konkan Railway Corporation Limited (KRCL) had issued a contract for construction of Arch Steel Bridge across river Chenab on 24th August, 2004. The DBN (Design Basis Note) submitted by KRCL during the tender stage was revised in 2005 and subsequently in 2006 and 2010. The project got delayed due to various reasons such as changes in design parameters, wind load during service condition, arch span, finalization of slope stabilization etc.

Due to the above, the Group has raised two arbitration claims amounting to ₹ 1,625.85 Crores which are towards additional expenses on account of extended stay, categorization of excavation works, compensation due to loss of productivity, expenses incurred due to change in alignment, pend period cost etc. These variation costs have already been charged off to profit and loss account in past. In the previous year, the Group had received an unfavourable award for major portion of its claims. The awards are challenged before Bombay High Court.

The total receivables amounting to ₹ 185.61 crores as at March 31, 2021 (unbilled receivable of ₹ 181.99 crores and retention of ₹ 3.62 crores ) includes ₹ 115 crores on account of increase in steel quantity due to change in design.

Based on the opinion from independent experts and the facts of the case, the management is confident of getting a favorable judgement and recover all the dues related to this project.

**Note 41.** Total receivable from 'Afcons Construction Mideast LLC' (ACML) as at March 31, 2021 is ₹ 97.11 crores which includes ₹ 51.96 crores towards advances given. ACML is executing various projects including "Al-Awir Road" and "Entrances to the Jewel of the Creek" for Road and Transport Authority, Dubai (customer). ACML has substantially completed "Al-Awir Road" project and has completed more than 98% of "Entrances to the Jewel of the Creek".

ACML has raised a substantial claim with the customer for one of the projects and the management is confident of recovery of the same.

The Management of Afcons Infrastructure Limited has plans in place for the recovery of the loans in coming years and is confident of recovering the entire receivable from ACML.

**Note 42.** The Group had executed project awarded by the Board of Trustees of the port of Mumbai (MbPT) for Modernization of the existing Marine Oil Terminal and berths/jetties J1, J2 and J3 at the Multi-cargo Marine Oil Terminal of Jawahar Dweep based in Mumbai Harbor. The project had completed in June 2003.

The Group had gone into arbitration with MbPT for compensation for extended stay related to projects and was successful in getting an award of ₹ 96.02 Crores including interest till the date of award, in its favour on November 2011. However, the Award was challenged by MbPT u/s 34 of Arbitration and Conciliation Act, 1996 to the Single Bench of Bombay High Court. The Single Bench had set aside the award and passed the order in favor of MbPT. The Group filed an appeal with the High Court of Mumbai for a two bench Judge as against order of Single Bench. The appeal was admitted by the High Court for a hearing by a two bench Judge in the month of April 2018. Based on management's assessment, legal opinion obtained and facts of the matter, the Group is confident of winning the case and recovering the entire amount from MbPT in future.

**Note 43.** The Group had executed project awarded by Uttar Pradesh Expressways Industrial Development Authority for Construction of Six-lane green field Kannauj to Unnao Expressway (package IV). During the execution of the project the client issued various change orders which required additional deployment of resources. The expressway was inaugurated and put to use in Dec 2016. The project was completed 13 months ahead of schedule.

#### Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

Due to the various change orders, the Group has raised various claims amounting to ₹ 211 Crores which are towards additional expenses on account of change of scope, additional works, royalty claim etc. Based on the facts of the matter and on going discussions with customer, the management is confident to recover all the dues related to this project.

**Note 44. (a)** The Group has unbilled receivables towards various ongoing and completed projects disclosed under Note no. 8 'Contract assets'. This unbilled work also includes variations on account of cost overruns due to unforeseen geological conditions, delays in handling over land, change in scope of work, etc. which are under discussions at various levels including customer, in arbitration, Dispute Adjudication Board etc. Based on the discussions and merits of the claims, the management is confident about the recovery of these pending variations with respect to unbilled receivables disclosed under note no.8 'Contract assets'.

(b) The Group has a total net receivable of ₹850.69 crores (including interest on arbitration awards ₹230.63 crores) which is a part of Trade Receivables shown under Note 5 towards arbitration awards which are won by the Group in past, these arbitration awards have been further challenged by the customers before the session court or higher courts of law. Pending disposal of these matters in the courts, management has recognized the amount as per the arbitration award and part payment has been received by management under Niti Aayog Scheme upon submission of a bank guarantee by the Group. Management is confident about the recovery of the amounts involved in the pending matters at various levels.

**Note 45.** The Jointly Controlled Operations have mentioned in their financial statement that as per the terms of agreement parent is committed to provide additional funds as may be required to meet the working capital requirements of such Jointly Controlled Operations. The aforementioned has been disclosed by a few subsidiaries as well.

Basis management's assessment, parent is committed to provide and can adequately source additional funds as may be required to meet the working capital requirements of these Jointly Controlled Operation / Subsidiary.

**Note 46.** The Group is currently evaluating the options to integrate Transtonnelstroy Afcons Joint Venture with Afcons. The said integration will be subject to necessary approvals of shareholders, creditors, clients, bankers and other authorities as may be required.

#### Note 47

On accounts of second wave of Covid 19, most of the states have declared lock down but have allowed infrastructure activity to be continued.

The Management and the Board of Directors have evaluated the impact of the pandemic on its business operations. The Group currently has a strong order book in excess of ₹ 30,000 crores (including L1), leading to a clear visibility of revenue over the next 18-24 months. Collection from customers have been normal during the lockdown period enabling the Group to meet all its liabilities (including employee payables) in a timely manner and without availing any moratorium as announced by the Reserve Bank of India. The Group has adequate unutilized fund-based credit facilities available, to take care of any urgent requirement of funds. The Group throughout the lockdown period and even subsequently has been able to maintain adequate control of its assets and there have been no significant changes to its control environment during the period.

Based on the above assessment, the Group strongly believes that there is no material impact of Covid 19 on these standalone financial statements. The Group has also made a detailed assessment of its liquidity position for the next 12 months from the balance sheet date. Further, there is no material impact foreseen on revenue and operating cash flow of the Group.

Accordingly, the pandemic is not likely to have a significant impact on the future operations, its profitability and recoverability of the carrying value of its assets, as at March 31, 2021 and on its control environment. The Group will continue to closely monitor material changes to future economic conditions, if any, as and when they arise.

#### 47.1 Notes pertaining to entities where Note on Covid 19 has been given by the auditors in their respective financial statements:

#### (a) Afcons Zambia Branch

"We draw attention to Note 23 of the financial statements which indicates the impact of Covid-19. In January 2020, the World Health Organisation declared COVID -19 to constitute a "Public Health Emergency of International Concern." Since then, more cases have been diagnosed, also in other countries. On 11<sup>th</sup> March 2020, the World Health Organisation (WHO) announced that the coronavirus outbreak can be characterised as a pandemic and many governments have introduced various measures to combat the outbreak, including travel restrictions and quarantines. The pandemic has resulted in some businesses closing and others performing lower than the budget and lockdown of certain areas.

Given the uncertainty of the situation, the duration of any business disruption and related financial impact cannot be reasonably estimated at this time. Our opinion is not modified in respect of this matter."

#### (b) Afcons Vijeta PES Joint Venture, Afcons JAL Joint Venture and Afcons Vijeta Joint Venture

"We draw attention to Note 24 to the Ind AS Financial Statements as regards to the management evaluation of COVID – 19 impact on the future performance of the Joint Venture. Our opinion on the financial statements is not modified in respect of the above matter."

### (c) Afcons Sibmost Joint Venture Joint Venture, Afcons SMC Joint Venture and Afcons Infrastructure Limited and Vijeta Projects and Infrastructures Limited Joint Venture

"We draw attention to Note 24 to the Ind AS Financial Statements as regards to the management evaluation of COVID - 19 impact on the business operations and future performance of the Joint Venture. Our opinion on the financial statements is not modified in respect of the above matter.

#### Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

Further, our attendance at the physical inventory verification done by the management was impracticable under the current lock-down restrictions imposed by the government and we have therefore, relied on the related alternative audit procedures to obtain comfort over the existence and condition of inventory at year end."

#### (d) Transtonnelstroy Afcons Joint Venture

"The coronavirus (Covid-19) outbreak (including the second wave) has impacted businesses globally in various forms and magnitude. In India as well, the emergency measures, in form of lock-down, imposed by governments to contain the spread of Covid-19 have led to disruption of businesses and economic activity. Pursuant to nationwide lockdown, as per the terms of contract, the Joint venture invoked Force Majeure clause in the ongoing project of Kolkata Metro and suspended /partially stopped works at all project sites (plants and offices). The Joint Venture, as far as ongoing UG-01 Project is concerned, invoked the 'change in law' clause by linking time to time imposition of various statutory restrictions imposed by the Govt. of India and Govt. of West Bengal and notified that the performance has been impacted. The Joint Venture has resumed operations in a phased manner as per directives from the Government of India and State Government. The Employer (KMRCL/GC) considered the invocation of Force Majeure Clause, (in place of "change in law" as requested by Joint Venture) of Contract and agreed to relief in the form of extension of time only, without costs. The Joint Venture, in response, made contract clarifications in support of its claim of invocation of "change in law. Currently the matter is under discussion."

The Supervisory Board is closely monitoring the impact of coronavirus pandemic on all aspects of its operations, including its liquidity position, recoverability/carrying values of its trade receivables, inventory, property, plant and equipment, and contract assets as at balance sheet date. The Supervisory Board has assessed this impact and future uncertainties resulting from Covid-19 based on the information available till the date of approval of these financial statements, including discussions with various stakeholders, views from experts and industry participants, forecasts by various agencies and organisations, market estimates, etc.

The Supervisory Board, based on assumptions and current estimates expects that the ongoing Kolkata metro project to be executed by December 2021 and also the carrying amount of its assets as reflected in the balance sheet as at March 31, 2021 will be recovered. Since the metro work at Chennai packages are completed there is no significant disruption on account of Covid-19 in those projects. The actual impact of Covid-19 on the business operations may, however, differ from that assessed by the Supervisory Board as at the date of approval of these financial statements. Due to the evolving nature of the pandemic and its response by various government authorities, the Supervisory Board will continue to monitor developments to identify significant uncertainties in future periods that may have an impact on our operations."

#### (e) Dahej Standby Jetty Project Undertaking

"The coronavirus (Covid-19) outbreak (including the second wave) has impacted businesses globally in various forms and magnitude. In India as well, the emergency measures, in form of lock-down, imposed by central and state governments to contain the spread of Covid-19 have led to disruption of businesses and economic activity. Since the project executed by the Joint Venture is completed and only the arbitration hearing for settlement of the claims against the customer is currently in process, the Supervisory Board do not foresee any significant impact of Covid-19 on the Joint Venture and expects that the carrying amount of its assets as reflected in the balance sheet as at 31st March 2021 will be recovered. The Supervisory Board will continue to monitor developments to identify significant uncertainties in future periods that may have impact on Joint Venture."

#### (f) Afcons Kuwait Branch

"The outbreak of the Coronavirus -The COVID-19 epidemic; has significantly impacted businesses around the world and led to disruption of businesses and economic activity.

As informed to us, the operations of the branch were partially impacted, following lockdown, nonetheless, the branch resumed operations in a phased manner and has been able to continue its operations till the year end. Based on written representations, the Management is closely monitoring the impact the COVID-19 pandemic on all aspects of its operations including significant accounting judgements and estimates, inter-alia including its liquidity position, recoverability/carrying values of its trade receivables and contract assets as at balance sheet date, and has evaluated and assessed the impact and future uncertainties resulting from Covid-19 based on internal and external sources of information including, discussions and views from experts and industry participants, market estimates, etc. based on the information available till the date of approval of these financial statements.

The management expects that the carrying amount of its assets as reflected in the Balance Sheet as at March 31, 2021 will be recovered. However, the impact assessment of COVID19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the actual impact on the business operations, may be different from that estimated as at the date of approval of these financial statements. The Management has confirmed that it will continue to monitor developments to identify significant uncertainties and material changes in future periods that may have an impact on the operations of the branch."

#### (g) Afcons Overseas Singapore Pte Ltd.

"The outbreak of the Coronavirus – The Covid -19 epidemic; has significantly impacted business around the world and led to disruption of business and economic activity.

As informed to us, the operations of the subsidiary were partially impacted, following lockdown, nonetheless, the subsidiary resumed operations in a phased manner and has been able to continue operations till the year end. Based on written representations, the Management is closely monitoring the impact of Covid-19 pandemic on all aspects of its operations including significant accounting judgements and estimates, inter-alia including assets as at balance sheet date, and has evaluated and assessed the impact and future uncertainties resulting from Covid-19 based on internal and external sources of information including, discussion and views from experts and industry participants, market estimates, etc. based on the information available till date of approval of these financial statements.

#### Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

The management expects that the carrying amount of its assets as reflected in the Balance Sheet as at March 31, 2021 will be recovered. However, the impact assessment of Covid-19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the actual impact on the business operations, may be different from that estimated as at the date of approval of these financial statements. The management has confirmed that it will continue to monitor developments to identify significant uncertainties and material changes in future periods that may have an impact on the operations of the subsidiary."

#### (h) Afcons Construction Mideast LLC, Dubai

"The outbreak of the Coronavirus -The COVID-19 epidemic; has significantly impacted businesses around the world and led to disruption of businesses and economic activity.

As informed to us, the operations of the subsidiary were partially impacted, following lockdown, nonetheless, the subsidiary resumed operations in a phased manner and has been able to continue its operations till the year end. Based on written representations, the Management is closely monitoring the impact the COVID-19 pandemic on all aspects of its operations including significant accounting judgements and estimates, inter-alia including its liquidity position, recoverability/carrying values of its trade receivables and contract assets as at balance sheet date, and has evaluated and assessed the impact and future uncertainties resulting from Covid-19 based on internal and external sources of information including, discussions and views from experts and industry participants, market estimates, etc. based on the information available till the date of approval of these financial statements.

The management expects that the carrying amount of its assets as reflected in the Balance Sheet as at March 31, 2021 will be recovered. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the actual impact on the business operations, may be different from that estimated as at the date of approval of these financial statements. The Management has confirmed that it will continue to monitor developments to identify significant uncertainties and material changes in future periods that may have an impact on the operations of the subsidiary."

### 47.2 Notes pertaining to entities where Note on Going Concern has been given by the auditors in their respective financial statements:

#### (a) Afcons Sener LNG Constructions Projects Pvt. Ltd.

"Material uncertainty related to going concern:

We draw attention to Note 19 to the standalone financial statements regarding, the company having incurred significant operational losses since earlier years whereby it's net worth has been completely eroded. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said Note."

#### (b) Afcons Kuwait Branch

"Kuwait is considered a branch of the company, and its financial statements are consolidated with those of the company. The financial statements have been prepared on the basis of accounting policies applicable to a going concern, presuming that funds will be available to finance future operations, and that realization of assets and settlement of liabilities and commitments will occur in the ordinary course of business."

#### (c) Afcons Construction Mideast LLC, Dubai

"Without qualifying our opinion, we draw attention to note 2 to the financial statements relating to the going concern consideration. The continuance of the Company's operations is dependent on the introduction of sufficient funds by the shareholders and its future profitability."

Note 48. Tropical Cyclonic Storm Tauktae which originated in the Arabian Sea hit the western coast of India in Mid-May, 2021 and impacted Afcons, which was carrying out revamp of offshore platforms for one of its customer with its consortium partner Halani-Tes-Nauvata. Cyclone Tauktae caused damaged to project material, loss of life and vessels involved in the revamping of the offshore platforms. Group has taken adequate insurance cover for damage of material and also insurance policies required to be maintained for its employees and sub-contractors employees. Besides the statutory compensation eligible to employees from insurance companies, the Group has agreed to pay additional ex-gratia payment to all employees including sub-contracted employees, which is estimated to cost around ₹ 18 Crs. For the chartered vessels the risk liabilities for damages lie with the vessel owner and no liabilities will involve on Afcons or its customer.

#### Note No 49. Financial instruments

#### 49.1. Capital management

The Group manages its capital to ensure that entities in the Group will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Group consists of net debt (borrowings as detailed in notes 14,16 and 20 offset by cash and bank balances as detailed in notes 10 and 10.1) and total equity of the Group.

The Group is not subject to any externally imposed capital requirements. The Group monitors capital using a gearing ratio, which is net debt divided by total capital.

The Group sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

#### 49.1.1 Gearing ratio

The gearing ratio at end of the reporting period was as follows.

(₹ in Crores)

Particulars	As at 31st March, 2021	As at 31st March, 2020
Debt (i)	1,581.45	1,622.01
Cash and bank balances	612.52	522.54
Net debt	968.93	1,099.47
Total equity (ii)	2,379.48	2,229.87
Net debt to equity ratio	0.41	0.49

- (i) Debt is defined as long-term and short-term borrowings (excluding derivative, financial guarantee contracts as described in notes 14, 16 and 20 and includes interest accrued but not due on borrowings)
- (ii) Equity includes all capital and reserves of the Group that are managed as capital.

#### 49.2. Categories of financial instruments

The following table provides categorisation of all financial instruments at carrying value except non current investments in un-quoted equity instruments of Subsidiaries and Jointly Controlled Operations, which are carried at cost.

(₹ in Crores)

Particulars	As at 31 <sup>st</sup> March, 2021	As at 31st March, 2020
Financial assets		
Measured at fair value through profit or loss (FVTPL)		
(a) Mandatorily measured:		
(i) Mutual fund investments	-	-
Measured at amortised cost		
(a) Cash and bank balances	612.52	522.54
(b) Bank balance other than (a) above	98.42	116.10
(c) Trade receivables	3,049.40	3,011.59
(d) Loans	50.13	40.58
(e) Other financial assets	388.07	337.21
Measured at FVTOCI		
(a) Investments in equity instruments	0.40	0.15
Total financial assets	4,198.94	4,028.17
Financial liabilities		
Measured at amortised cost		
(a) Borrowings	1,581.45	1,622.01
(b) Trade payables	3,564.22	3,918.33
(c) Other financial liabilities	458.98	318.27
Total financial liabilities	5,604.65	5,858.61

#### 49.3. Financial risk management objectives

The Group's corporate treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Group through internal risk assessment and analysis forex exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The risk management is governed by the Group's policy approved by the board of directors, which provide written principles on foreign exchange risk, interest rate risk, the use of financial derivatives and non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

#### 49.4. Market risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Group enters into a variety of derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk. Derivatives instruments are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

#### 49.5. Foreign currency risk management

The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions in various countries. Foreign currency risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Group's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The objective of the hedges is to minimize the volatility of the INR cash flows. Group enters into a board approved list of derivative financial instruments to manage its exposure to foreign currency and mainly uses a combination of foreign currency option contracts, foreign exchange forward contracts to hedge its exposure in foreign currency risk.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

The carrying amounts of the Group's unhedged foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	Liabilities		Assets

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

#### 49.5.1 Foreign currency sensitivity analysis

The Group is mainly exposed to the currency of USD, EURO, KWD, GHS, ZMW, MUR, MZN and MRU.

The following table details the Group's sensitivity to a 5% increase and decrease in the Indian Rupee against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. This is mainly attributable to the exposure outstanding on receivable and payables in the Group at the end of the reporting period. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A positive number below indicates an increase in the profit or equity where the Indian Rupee strengthens 5% against the relevant currency. For a 5% weakening of the rupee against the relevant currency, there would be a comparable impact on the profit or equity, and the balances below would be negative. The impact of 5 % is also applicable on outstanding foreign currency loans as on the reporting date.

(₹ in Crores)

Particulars	USD currency impact		Euro currency impact		KWD currency impact	
	2020-2021	2019-2020 2020-2021 2019-2020		2020-2021	2019-2020	
Impact on profit or loss for the year						
Increase in exchange rate by 5%	4.69	2.41	(8.99)	(3.01)	2.16	9.12
Decrease in exchange rate by 5%	(4.69)	(2.41)	8.99	3.01	(2.16)	(9.12)

Particulars	GHS currency impact		ZMW currency impact		MUR currency impact	
	2020-2021 2019-2020 2020-2021 20		2019-2020	2020-2021	2019-2020	
Impact on profit or loss for the year						
Increase in exchange rate by 5%	(17.59)	(20.83)	(18.85)	(28.95)	1.99	1.17
Decrease in exchange rate by 5%	17.59	20.83	18.85	28.95	(1.99)	(1.17)

Particulars	MZN currency impact		MRU curre	ncy impact
	2020-2021 2019-2020		2020-2021	2019-2020
Impact on profit or loss for the year				
Increase in exchange rate by 5%	1.83	(0.57)	(6.62)	(11.39)
Decrease in exchange rate by 5%	(1.83)	0.57	6.62	11.39

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

#### 49.5.2 Derivative financial instruments

There are no significant derivative financial instruments outstanding at the end of the reporting period.

#### 49.6. Interest rate risk management

The Group is exposed to interest rate risk because entities in the Group, borrow foreign currency and local currency funds at floating interest rates. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied.

The Group's exposure to interest rate changes at the end of reporting period are as follows:

(₹ in Crores)

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
Borrowing at Fixed Rate	1,008.63	1,153.16
Borrowing at Floating Rate	572.82	468.85
Total Borrowings	1,581.45	1,622.01

#### 49.6.1. Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the Group's profit for the year ended March 31, 2021 would decrease/increase by ₹ 2.86 crores (March 31, 2020: decrease/increase by ₹ 2.34 crores). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings.

#### 49.7. Other price risks

The Group is exposed to equity price risks arising from mutual funds and equity investments. Certain of the Group's equity investments are held for strategic rather than trading purposes.

Mutual fund investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments. However, due to the very short tenure of the underlying portfolio in the liquid schemes, these do not hold any significant price risks.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

#### 49.7.1 Equity price sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to equity price risks at the end of the reporting period.

If equity prices had been 5% higher/lower:

i) other comprehensive income for the year ended March 31, 2021 would increase/decrease by ₹ 0.01 crores (2019-2020: increase/decrease by ₹ 0.02 crores) as a result of the changes in fair value of equity investments measured at FVTOCI.

#### 49.8 Credit risk management

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk arises from investment in debt instruments, loans, trade receivables, other receivables, cash and bank balance and derivative financial instruments

The Group is exposed to credit risk on its financial assets, which comprise cash and cash equivalents, bank deposits, trade receivables and loan receivables. The exposure to credit risks arises from the potential failure of counterparties to meet their obligations. The maximum exposure to credit risk at the reporting date is the carrying amount of the financial instruments.

#### Trade receivables and loan receivable:

The Group assesses and manages credit risk on an internal credit evaluation system. It is performed by the finance team in conjunction with the relevant business teams depending on the nature and type of the financial asset being evaluated.

The customer base of the Group is highly comprises of government parties and Holding Company. Further, Group is having certain short term loan receivables from the Group entities. Collateral is generally not obtained from customers. Other customers are subject to credit verification procedures including an assessment of their independent credit rating, financial position, past experience and industry reputation.

- (A) To measure the expected credit losses on (a) trade receivables from government parties, and (b) trade receivables and loan receivables from Group Companies, they have been considered to enjoy the low credit risk as they meet the following criteria:
  - they have a low risk of default,
  - ii) the counterparty is considered, in the short term, to have a strong capacity to meet its obligations in the near term, and
  - iii) the Group expects, in the longer term, that adverse changes in economic and business conditions might, but will not necessarily, reduce the ability of the borrower to fulfil its obligations.
- (B) Cash and cash equivalents, bank deposits are held with only high rated banks/financial institutions, credit risk on them is therefore insignificant.
- (C) For other trade receivables (including contract assets), the Group uses "General Model" for the measurement of expected credit loss (ECL) for trade receivables as well as contract asset.

The measurement of ECL under general model depends on whether credit risk has increased significantly since initial recognition. These credit risk is regularly monitored based on historic turnover activity and credit performance of every customer. In addition, overdue receivable balances are monitored and actioned on a regular basis. When the credit risk has not increased significantly after initial recognition, a provision shall be made for the 12 month expected loss, otherwise shall be made for the entire lifetime.

The Group considers the probability of default upon initial recognition of asset and whether there is a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Group compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information which considers multiple factors such as:

- internal credit rating
- external credit rating (as far as available)
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- actual or expected significant changes in the operating results of the borrower
- significant increase in credit risk on other financial instruments of the same borrower
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the Group and changes in the operating results of the borrower.

Macro-economic information (such as regulatory changes, market interest rate or growth rates) is incorporated as part of the internal rating model. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. A default on a financial asset is when the counterparty fails to make contractual payments within 120 days of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Refer note 5 and note 8 for reconciliation of expected credit loss balance on financial assets.

#### 49.9 Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the management, which has established an appropriate liquidity risk management framework for the management of the Group's short-term, medium-term, and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

#### 49.9.1 Liquidity risk table

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The tables include principal cash flows along with interest. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Group may be required to pay.

(₹ in Crores)

Particulars	Weighted average effective interest rate (%)	Upto 1 year	1-5 years	5+years	Total
31st March, 2021					
Borrowings	8.26%	1,169.00	533.90	17.07	1,719.97
Trade payables		3,111.96	452.26	-	3,564.22
Other financial liabilities		203.25	248.59	-	451.84
		4,484.21	1,234.75	17.07	5,736.03
31st March, 2020					
Borrowings	8.48%	1,102.89	619.90	48.91	1,771.70
Trade payables		3,361.21	557.12	-	3,918.33
Other financial liabilities		182.93	129.46	-	312.39
		4,647.03	1,306.48	48.91	6,002.42

The Group is exposed to credit risk in relation to guarantees given. The Group's maximum exposure in this respect is the maximum amount the Group could have to pay if the guarantee is called on. Based on expectations at the end of the reporting period, the Group considers that it is more likely that such an amount will not be payable under the arrangement. However, this estimate is subject to change depending on the probability of the counterparty claiming under the guarantee which is a function of the likelihood that the beneficiary under the guarantee may default.

#### 49.10 Fair value measurements

This note provides information about how the Group determines fair values of various financial assets and financial liabilities.

#### 49.10.1 Fair value of the Group's financial assets and financial liabilities that are measured at fair value on a recurring basis

Some of the Group's financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and inputs used).

Financial assets / financial liabilities	Fair value		Fair value hierarchy	Valuation technique(s) and key input(s)
	As at 31st March, 2021	As at 31st March, 2020		
Investments in equity	0.40	0.15	Level 1	The investment in quoted instruments
instruments at FVTOCI				are measured at fair value based on
(quoted) (see note 1)				quoted prices in active market.

Note 1: These investments in equity instruments are not held for trading. Instead, they are held for medium or long-term strategic purpose. Upon the application of Ind AS 109, the Group has chosen to designate these investments in equity instruments as at FVTOCI as the directors believe that this provides a more meaningful presentation for medium or long-term strategic investments, than reflecting changes in fair value immediately in profit or loss.

### 49.10.2 Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The carrying amounts of the following financial assets and financial liabilities (other than long term borrowings) are a reasonable approximation of their fair values. Accordingly, the fair values of such financial assets and financial liabilities have not been disclosed separately.

#### a) Financial assets

Cash and bank balances

Bank balance other than above

Trade receivables

Loans

Other financial assets

#### b) Financial liabilities

Short term borrowings

Trade payables

Other financial liabilities

Lease Liabilities

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

The carrying amount and fair value of long term borrowings, which are measured at amortised cost is disclosed in table below :

(₹ in Crores)

Particulars	As at 31st March, 2021 Carrying amount	As at 31 <sup>st</sup> March, 2018 Fair value	As at 31 <sup>st</sup> March, 2020 Carrying amount	As at 31 <sup>st</sup> March, 2018 Fair value
Financial liabilities		1 0.000	<b>,.</b>	
Financial liabilities held at amortised cost:	747.82	750.74	668.85	676.99
- Borrowings	747.82	750.74	668.85	676.99

Note No 50. Disclosure pursuant to Ind AS 115 "Revenue from Contracts with Customers".

(i) Disaggregation of revenue from contracts with customers into geographical areas for the year ended March 31, 2021 recognised in the statement of profit & loss:

(₹ in Crores)

Particulars	As at 31st March, 2021	As at 31 <sup>st</sup> March, 2020
Segment revenue		
India	6,001.69	6,121.19
Outside India	3,373.88	3,813.00
Revenue from external customers	9,375.57	9,934.19
Timing of revenue recognition		
At a point in time	104.25	67.81
Over time	9,271.32	9,866.38
	9,375.57	9,934.19

#### (ii) Unsatisfied performance obligations:

The aggregate amount of transaction price allocated to performance obligation that are unsatisfied as at the end of reporting period is ₹ 28,634.28 Crores (Previous year ₹ 28,433.43 Crores). Management expects that about 30% of the transaction price allocated to unsatisfied contracts as of 31st March, 2021 will be recognized as revenue during next reporting period depending upon the progress of each contracts. The remaining amount is expected to be recognised in subsequent years.

#### (iii) Reconciliation of contract price with revenue recognised during the year:

(₹ in Crores)

Particulars	Amount
Revenue as per contract price	9,575.81
Adjustments for:	
Payments on behalf of customer	(200.24)
Revenue from Operations	9,375.57

#### (iv) Significant changes to Contract Asset and Contract Liability from April 1, 2020 to March 31, 2021

(₹ in Crores)

Particulars	Contract Assets	Contract Liabilities
April 1, 2020	4,873.70	4,617.45
Changes in Contract Asset / Liabilities	(925.30)	(518.55)
March 31, 2021	3,948.40	4,098.90

<sup>\*</sup> The contract assets and liabilities undergo a change periodically, due to changes in the contractual estimates for the projects on account of any change in scope of work, unprecedented delays, etc. During the year, the Group has additionally recognised a loss allowance for contract assets in accordance with Ind AS 109. The Group has also estimated additional costs to be incurred on various projects due to Covid-19 pandemic.

- (v) For movement in Expected Credit Loss of Trade Receivables and Contract Assets, refer Note 8.1 of the financial statement.
  - For Trade Receivables refer Note 5 of the financial statement.
  - For Contract liabilities of the Consolidated refer Note 17 of the financial statement.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

#### (vi) Contracts assets and liabilities balance

(₹ in Crores)

Particulars	As at 31st March, 2021	As at 31st March, 2020
Contracts in progress at the end of the reporting period:		
Construction cost incurred plus recognised profits less recognised		
loss to date	33,042.00	25,276.69
Less : Progress billings	30,607.19	21,526.64
	2,434.81	3,750.05
Recognised and included in the consolidated financial statements as amounts due :		
- from customers under construction contracts	3,948.40	4,873.70
- to customers under construction contracts	(1,513.59)	(1,123.65)
	2,434.81	3,750.05

<sup>(</sup>vii) The Group recognised revenue amounting to ₹ 933.64 crores in the current reporting year (Previous year ₹ 604.53 crores) that was included in the contract liability as of April 01, 2020

#### Note 51 - Disclosure pursuant to Ind AS 116 "Leases".

The Group leases land and buildings. Rental contracts are typically made for fixed periods of 12 months to 6 years, but may have extension options as described in (ii) below.

#### (i) Amounts recognised in the balance sheet

#### Right-to-use assets

(₹ in Crores)

Particulars	Note	As at 31 <sup>st</sup> March, 2021	As at 31st March, 2020
Land	3.C	15.38	12.61
Building	3.C	10.84	30.86

#### Lease Liabilities

(₹ in Crores)

Particulars	Note	As at 31 <sup>st</sup> March, 2021	As at 31 <sup>st</sup> March, 2020
Current	-	14.53	29.23
Non-current	-	13.12	16.47

#### (ii) Amounts recognised in the statement of profit and loss

(₹ in Crores)

Particulars	Note	Year ended 31st March, 2021	Year ended 31 <sup>st</sup> March, 2020
Expense relating to short-term leases (included in other expenses)	28	364.46	368.45
Expense relating to leases of low-value assets that are not shown above as short-term leases (included in other expenses)	28	0.16	0.30
Expense relating to variable lease payments not included in lease liabilities	28	-	-
Interest on lease liability	26	3.18	4.54
Depreciation during the year	27	30.73	29.25
Total		398.53	402.54

<sup>\*\*</sup> Rent expense relating to short term leases of identified assets and variable lease payments under Ind AS 116 included in Note 24.1 and Note 28 as mentioned above stands to ₹ 364.46 Cr. However, the total of rent and hire charges included in Note 24.1 and Note 28 stands at ₹ 493.77 Cr, the differential of ₹ 129.31 Cr is on account of hire charges of the assets which are unidentified assets under Ind AS 116.

#### (iii) Maturities of lease liabilities as at March 31, 2021

(₹ in Crores)

Particulars	Upto 1 year	1-5 years	5 and More years	Total
Lease liabilities	15.01	16.10	0.28	31.39
	15.01	16.10	0.28	31.39

<sup>(</sup>iv) Total cash outflow for leases for the year ended 31st March 2021 was ₹ 31.54 cr.

#### (v) Extension and termination options

Extension and termination options are included in a number of Land, Office Premises, Houses and Godowns leases across the Group. These are used to maximise operational flexibility in terms of managing the assets used in the Group's operation. The majority of extension and termination options held are exercisable only by the Group and not by the respective lessor.

Notes forming part of the consolidated financial statements as at and for the year ended 31st March, 2021 (Continued)

#### (vi) Practical expedients applied:

In applying Ind AS 116 for the first time, the Group has used the following practical expedients permitted by the standard:

- applying a single discount rate to a portfolio of leases with reasonably similar characteristics
- accounting for operating leases with a remaining lease term of less than 12 months as at 1st April, 2020 as short-term leases
- using hindsight in determining the lease term where the contract contains option to extend or terminate the lease
- excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application.

#### (vii) Lessor accounting

The Group did not need to make any adjustments to the accounting for assets held as lessor under operating leases as a result of the adoption of Ind AS 116.

#### Note 52.

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Group towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Group will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

#### Note 53 - Interest in other entities

Details of aggregrate amount of individually immaterial subsidiaries having non-controlling interest.
